Profit and Loss.

The Rotary Club of St. John's is representative of twenty-four branches of Trade, Commerce and Industries, all of which do business in this country. It is scarcely necessary then to suggest that there are many advantages to be derived and much information gained by members at the weekly gatherings which are participated in by rotarians everywhere. A special feature of these luncheons is an address on some topical subject delivered by either a member or a guest thoroughly qualified to speak on and well acquainted with the subject chosen. On all the addresses so far delivered to St. John's Rotarians, the speaker has been an expert in his particular line. Great interest therefore was manifested at yesterday's meeting, when Mr. H. Stokes Waite was announced to be the speaker and his subject the one dominating all minds at present, the Humber Valley Development proposals. The guests on this occasion were far in excess of the average number invited, and composed managers of the four banks in the city, clergymen, business men, engineers and others whose profession leads them to a close study of economic conditions. The chairman in introducing the speaker referred to the subject of his address as the biggest proposition ever put before Newfoundland, and submitted that the question was whether the country was going to have it win or lose.

Mr. Waite took particular care to impress his hearers with the fact that Newfoundland had much to offer the promoters and they in turn had much to offer Newfoundland in return for whatever might come out of the interior development of the island by the company which he represented. Taking the matter of labor he said that at the outset not less than twenty-five hundred men would have to be employed, and that when the plant was in readiness to operate a sum not less than SEVEN MILLION DOLLARS would have to be spent on local labor and local products alone, in two years. The amount to be paid on labor in paper manufacturing only would at least be two million five hundred thousand dollars annually, to which would have to be added the earnings of the inhabitants in and about the town which it is proposed to erect along the site of the plant. And these people would not be in the direct pay of the Company but would make their earnings from indirect pursuits of farm and forest. The total value of all our products of the sea, exported during the year 1920, was estimated to be eight million, eight hundred and eleven thousand, seven hundred and twenty-seven dollars, (\$8,811,727). Not a tithe of those exports was hauled over the railway, consequently no profit accrued to the freight traffic on this account. The Government guarantee of one and a half million dollars for operating loss on the trunk and branch lines

will have to be paid indefinitely, unless an increase of haulage in freight is found for the road. And it is the duty of the Government, in the interests of the people whom they are supposed to serve, in order that this huge guarantee may be reduced, that they seek some means whereby such a consummation may be effected. It is a clear totting up of Profit and Loss, and no one desires that the loss shall forever be against Newfoundland.

St. Andrew's Church Congregation

ANNUAL MEETING.
Last night the congregation of St. Andrew's Church assembled in annual session to hear the reports for the year and the election of a Board of Management. The meeting held in the Presbyterian Hall was largely attended and opened at 8.30. The reports from the different Associations proved interesting and encouraging. Following their adoption the election of a Board of Management for the ensuing year was held and resulted in the following gentlemen being elected:—D. Baird, P. K. McLeod, C. U. Henderson, J. C. Hepburn, J. A. Young, Angus Reid, A. Munn, J. W. Morris, Thos. Curran, D. M. Baird, J. C. Baird, Edwin Murray. These gentlemen assume office immediately.

WHAT WILL HAPPEN?—What's going to come next? You'll ask when you see the comic stunts that will be pulled off for the closing night of the "Quaker Girl." It will be a riot of laughter from start to finish. Bring all the family.

St. Mary's Bible Class.

Mr. R. G. McDonald was the lecturer at the monthly united service of The Young People's Bible Class of St. Mary's Church, on Sunday afternoon. The subject was, "Two Ordinances in Christ Church." The address was of great interest to everyone present. The subject was of great importance and the class is the richer in Christian knowledge for Mr. McDonald's instructive effort. Last month Mr. F. C. Grant took us on a "Pilgrimage Through the Church" and in his well-known way taught us many lessons from the beautiful surroundings inside her sacred walls.—Com.

Howard Mann Colt Race

It has been decided that following the races to be held by the Horsemen's Association, which takes place on Feb. 8th next, a race by the progeny of "Howard Mann" will be run off on Quidi Vidi Pond. Mr. Harold Macpherson, owner of the horse, has offered a prize of a \$50 Victory Bond for the fastest 2 1/2 year old colt sired by "Howard Mann." The meet should prove very interesting. Owners of the colts are being notified to prepare for the race, which takes place on the Wednesday following the Horsemen's Association races. There are over thirty 2 1/2 year old colts sired by "Howard Mann" and some of them have shown remarkable speed.

The Premier conferred this afternoon with Lord Lea, First Lord of the British Admiralty.

S. U. F. Club

HOLDS ANNUAL MEETING.
Members of the S.U.F. Club held their annual meeting in their rooms last night. In the absence of the President, Bro. R. Ledrew, Vice-President, took the chair for the conduct of business. The report of the Sec'y-Treasurer showed a most favorable year, the financial condition exceeding all anticipations. The sum of \$100 was donated to the S.U.F. Widows and Orphans Fund (St. John's Lodge, No. 5) and \$200 to Grand Lodge Building account. A pleasing feature of the evening was the presentation of a handsome easy chair to Bro. R. Skeffington for the interest manifested by him in a special phase of Club work. Routine business being concluded the R.W. Grand Master conducted the election of officers, the following being chosen for the ensuing year:—
Hon. President—Bro. Jas. Rendell.
President—Bro. W. MacGillivray.
Vice-Pres.—Bro. R. Ledrew.
Sec'y-Treas.—Bro. W. Muford.
Committee—Bros. Whitten, Gardner, Burridge, Skeffington, Lever, Hynes, James, Dave, Jenkins, Reid, Janitor—Bro. A. Edgcombe.
Honorary Members—Bros. J. T. Phillips, J. S. Curney, H. Pike, J. S. Rendell.

The services of the immediate Past-President, Bro. James Rendell, will be recognized in suitable degree at a later date. After the passing of customary votes of thanks, the meeting closed.

Funeral Yesterday.

The funeral of the late Miss Margaret McGillivray took place from her residence, Gower Street, yesterday afternoon. Interment was at the General Protestant Cemetery. A large number of friends of the deceased followed the remains to the graveside, where the Rev. Dr. Power read the burial service. Deceased was the daughter of the late Thos. McGillivray and was very well known throughout the town. One brother, Mr. W. McGillivray, and a sister, Mrs. Baidge, are left to mourn their sad loss.

Seeking Employment.

BUREAU'S BALD NOTICE.
Since the closing down of railway work between Kelligrews and Holyrood, the men engaged on the job have been unable to find other employment. Daily a large number of men are seeking an opening from the Employment Bureau, but apparently there is little relief to be found in this quarter, as the following notice posted at the entrance to the Milling Building shows: "Men will be notified when work is to be done. It is no use hanging around this building."

Trouble in Paradise.

TERRESTRIAL THIS TIME.
Paradise, but lately the scene of a moonshine raid, is again a troubled settlement. This time it is an assault and the matter was thrashed out in the Magistrate's Court this morning. The accused, a young man, had some quarrel with the plaintiff's son and when the old man interfered he was treated to a blow in the head which has compelled him to keep it bandaged ever since. His Honor decided that a fine of five dollars would meet the case. For a settlement with such a name, Paradise is certainly "going some."

Take Shelter in Cells.

MOTHER AND CHILD DESTITUTE.
A woman with her three months old child applied for shelter at the Police Station last night. The unfortunate woman is homeless and friendless, and had no other course open to her. At present she is in the lock-up for the reason that in spite of all our charitable institutions, there is none which meets the particular requirements of this case.

What Lincoln said about story telling: "I am accused of telling a great many stories. They say it lowers the dignity of the presidential office, but I have found that plain people, take them as you find them, are more easily influenced by a broad and humorous illustration than in any other way, and what the hypocritical few may think I don't care." Thus spoke President Lincoln. Rev. Mr. Power tells a number of Lincoln's best stories on Friday night in the Presbyterian Hall. A musical treat is also promised all who attend and, what always appeals to everyone, the proceeds are for educational purposes.—Jan. 11.

Our Local Pepys.

HIS DIARY.
January 10th.—All the talk of the town is of the Humber proposition and a great diversity of minds on the matter. But how this can be I know not, seeing how it is the hope left to the country and is like to be of great value to all. Some talk of the guarantee and all the grounds for objection on this, but it doth appear that the promoters offer very good reasons for it. Meeting Mr. W. McKay, he tells me how he is greatly in favor of the scheme. By the public despatches, I find that A. Griffiths has been chosen President of the Irish Parliament. Hearing how the House is like to meet this month, and to talk of the Humber scheme, I to Hon. W. R. Warren and he tells me it may come about.

Royal Humane Society Certificates

PRESENTED-AT GOVERNMENT HOUSE.
This morning at Government House, Lawrence Hickey, a shoemaker at Parker & Monroes, and John Daly, a grocer at J. J. St. John's, were presented with Testimonials awarded by the Royal Humane Society in recognition of their action in assisting to save a young man, John Lawlor, son of Mr. M. F. Lawlor, H.M. Customs, from drowning at Long Pond on the 13th July last. Amongst those at the presentation was Mr. M. F. Lawlor, who introduced Messrs. Hickey and Daly to His Excellency. The documents were presented unopened, and after they were read by the recipients His Excellency congratulated the young men on their gallantry. Mr. Lawlor at the close of the ceremony thanked His Excellency for the interest he had taken in the matter. The Testimonials are of two degrees, one on vellum, the other on parchment, the latter being given to Daly who, it will be remembered, helped Hickey when he had almost reached the shore. Hickey's Testimonial reads as follows:—
"At a meeting of the Committee of the Royal Humane Society, held at the office, No. 4 Trafalgar Square, on the 8th day of November, 1921, present Alexander Travers Hawes, Esq., Treasurer, in the chair, it was resolved unanimously that Lawrence Hickey is justly entitled to the Honorary Testimonial of this Society inscribed on vellum, which is hereby awarded him for having, on the 13th July, 1921, gone to the rescue of a man who was in imminent danger of drowning in the Long Pond near St. John's, Newfoundland, and whose life he gallantly assisted in saving."
(Sgd.) E. R. FREEMANTLE, President.
A. TRAVERS HAWES, Chairman.

The matter of recognition for Hickey and Daly was brought to public attention by the Evening Telegram in its account of the occurrence. Mr. P. K. Devine, who was at Long Pond on the evening of the rescue, took an interest in the affair, and securing the witnesses had their depositions taken before Judge Morris. These he forwarded to His Excellency the Governor. Mr. M. F. Lawlor also communicated with His Excellency on the matter. We add our congratulations to Messrs. Hickey and Daly on this official recognition of their heroic conduct.

Scandal-Monger Assaulted.

WOMEN ENGAGE IN FISTICUFFS.
Scandal will out and when it does the consequences are usually disastrous for the person who spreads it, as was proved by a Police Court case heard before Judge Morris to-day. A woman eued a neighbour for assault, and it appeared that plaintiff had told tales about accused and the latter immediately took her to task. A terrific battle ensued and ended with the plaintiff being knocked out with a torpedo under the port bow. (Our reporter's definition of a smack in the face.—Editor). A fine of \$1 was imposed on the accused.

Talented Composer.

Very few people are aware of the fact that there is a talented composer in our midst in the person of Mrs. Charles R. Ayre, who has written the words and music of several excellent songs. One of these will be sung at a local picture house to-night. Several of Mrs. Ayre's songs were sung by the Canadian Military Choir in London during the war, some being at command performances before Queen Mary. Mrs. Ayre possesses a congratulating letter from Her Majesty.

C. L. B. Parade.

The C.L.B. held their regular Tuesday parade last night. There were a large number of all ranks present. A meeting of the Finance Committee was held and Captain Lieut. Lewis was able to announce that a bonus of one per cent. over and above the regular dividend, would be paid those with money in the savings bank. The professional examination for officers took place last night.

Hr. Grace Lady Dies Suddenly.

Word has been received in the city of the sudden passing at Harbor Grace yesterday morning of Mrs. Z. Simmonds, mother of Mr. Ernest Simmonds, a well known business man of that city. The deceased, though over seventy years of age, was in good health up to a short time ago. To her son, Mr. E. Simmonds and daughter, Mrs. Cole, of this city, the Telegram extends sympathy. Mr. Ernest Simmonds is District Deputy of the S.O.E. in Newfoundland, and was to arrive in the city last night for the installation of officers. The unexpected passing of his mother has prevented his coming.

ANOTHER SUDDEN PASSING.

MRS. EDWIN ARNOTT.
The sudden passing away of Mrs. Edwin Arnett, (nee Miss Daisy Wills) which occurred at her home on Mundy Pond Road, yesterday evening, came as a shock to her host of friends. Yesterday afternoon having completed her household duties, the deceased lady left her home to walk to Cochrane Street. At about 5.30 she became ill and was conveyed home in a cab. A doctor was called but before he arrived death had visited the home. An examination proved that heart failure was the cause. To her husband and family her passing came as a terrible shock as no evidence of the dread disease had been manifested at any time previous and she was in the best of good spirits at lunch time. The deceased lady was a sister of Mr. Walter Wills, of Bowring's and leaves behind her besides her brothers and husband three little children, the oldest of whom is 10 years of age, to all of whom the Telegram extends sympathy.
