George Opens a Liberal Campaign With a "Back to the Land" Scheme

Native Forces Deserting to French Army--Japanese Parliamentary Buildings Destroyed by Fire--Newfoundland Makes Record Time from St. John's to Halifax

SPANIARDS EFFECT A LANDING

FEZ, Sept. 17. The Spaniards are reported to have effected a landing on Alhucemas Bay, occupying a strip nearly two miles deep and flanking the positions formerly occupied on the Morro Nueva Peninsula.

"BACK TO THE LAND" CAMPAIGN

LONDON, Sept. 13. Premier David Lloyd George has embarked upon a "back to the land" campaign with special appeal to agricultural areas. The scheme is the outcome of two years' operations of the Liberal Land Committee, was launched at Exeter on 25,000 people stood in the rain near the former Premier outline plan to the people that all land in England is tillable with the co-operation of ambitious and sincere farmers, evicting those who fall to the land they hold. The Government will take over, under the scheme, all land not being tilled and perpetual tenure to good farmers.

JAPANESE PARLIAMENTARY BUILDING DESTROYED

TOKIO, Sept. 13. At 3.30 o'clock this afternoon the structures housing the Japanese branches of the Japanese Government. Several persons were killed and the damage is estimated at \$2,000,000.

FRANCEMEN DESERTING TO THE FRENCH

FEZ, Sept. 13. Abdel-Krim's native forces are reported to be deserting in wholesale numbers to the French Army and a detachment of Beni Zeroual tribesmen is reported to have joined the French General in making a complete surrender to the French arms. Attacks and counter-attacks continue all over the front. A deserter told the French that Abdel-Krim was surrounded by European and American soldiers of fortune who had charge of machine guns, artillery and construction works.

Immense Attraction at the Nickel Monday

ST. JOHN'S, Sept. 13. The title of the new Paramount picture, "Sinners in Heaven," which is showing at the Nickel Theatre Monday, has a distinctly melodramatic sound. It is safe to assume that the picture satisfactorily depicts and justifies the title. To those, however, who have read the story by Clive Arden from which the picture was adapted by James Neilson and produced by Alan Hume, the title has an especial significance and it is certain that they will approve its retention in the new play. "Sinners in Heaven" tells the story of a man and a girl who are through fate wrecked on a tropical island off the west coast of Africa. Try to imagine what would happen if you found yourself stranded in some remote corner of the earth, apparently a million miles from any sign of civilization, and your only companion was a person whom you cordially disliked! This is the situation that confronts Barbara Stockley, the heroine, and you can readily understand the dynamic possibilities for rich drama when we tell you that the girl eventually falls in love with the man and marries him, there, in the heart of the African desert! How the marriage is performed and what happened after that, we will let you discover for yourself. With a combination of such box office favorites as Bebe Daniels and Richard Dix who portray the two leading roles, surrounded by such likeable and well known players as Holmes Herbert, Montague Love, Florence Billings, Edie Shannon, Betty Hilborn and Marcia Harris, the only fair thing to do is designate it as an all-star cast. Make a note of the play date if you want to be amongst those present when "Sinners in Heaven" comes to town!

If You Tire Easily--Beware of Chronic Fatigue

Thousands are victims of chronic fatigue--and do not know it. They are the weakly, feel "all the time" and wake up unrefreshed in the morning--if you are always weak, nervous, nervous, etc.--the chances are of ten the real cause is chronic fatigue--the kind you feel after hard work, etc.--is normal. That's what you need to worry about. But chronic fatigue comes from within. Your nerves, your muscles, your blood, your system cannot function properly. To conquer it you must get it out of you--in the blood. For it is when your blood is thin and pale, lacking in sufficient iron, that you become run-down, and are a victim of chronic fatigue. What you need is to strengthen your blood by getting more iron in your system. Don't take the older mineral medicines which many doctors say do little good. Take organic iron--Nissard's Iron--which is like the iron in your own blood. Unlike ordinary mineral iron it does not injure the teeth, upset the stomach, but is promptly assimilated. Take Nissard's Iron for two weeks and you'll be astonished to begin to revitalize your system and gain strength and endurance. If you do not improve. At all times.

SPANIARDS EFFECT A LANDING

FEZ, Sept. 17. The Spaniards are reported to have effected a landing on Alhucemas Bay, occupying a strip nearly two miles deep and flanking the positions formerly occupied on the Morro Nueva Peninsula.

PRINCE STILL IN CHILE

VAPARAIISO, Chile, Sept. 13. The Prince of Wales, still more or less a willing sojourner in Chile, has returned to Valparaiso from his futile attempt to cross the Andes. It has been raining steadily, which means heavy snow falls in the mountains. From present indications the Prince will be obliged to remain here for some days.

"NEWFOUNDLAND" MAKES A RECORD RUN

HALIFAX, Sept. 1. The Furness liner Newfoundland, which left St. John's yesterday morning at seven o'clock, arrived here this afternoon at five o'clock, making the run in 34 hours, which is believed to be a record. The vessel averaged 15.8 knots. The Newfoundland is from Liverpool for Boston via St. John's and Halifax, and had on board the Newfoundland Parliamentarians en route to the session of the Inter-Parliamentary Union at Washington next month. They included Premier W. S. Monroe, Hon. P. C. Alderdice, Hon. K. K. Bishop, Hon. A. B. Morine, and Hon. W. J. Higgins.

LABOUR'S POLICY IN CANADA

WINNIPEG, Sept. 13. A capital levy for the extinction of the war debt, nationalization of the Canadian banking system, abolition of the Senate and removal of taxes from the necessities of life are among the plans to which Labour candidates contesting the Federal Election will be asked to subscribe.

3 KILLED BY LIVE WIRE

DETROIT, Sept. 13. Three men were killed and a fourth severely burned when a guy wire fell across a high tension wire yesterday.

Spanish Spoken in English Gibraltar

Gibraltar is one of the most cosmopolitan places on earth, where seafarers of every maritime nation meet on a common footing; where representatives of a score of races mingle in free trade; where visitors fill the streets in as mixed a throng as you would find in any quarter of the globe, and where in spite of its possession by the British for more than two centuries, the native population clings to its mother tongue, which is Spanish, as tenaciously as if no such breed as English soldiers and sailors had ever thrown a shadow over their door-stills.
