

AT SUCCESS.—It is needless to say that the success which Dr. Briggs has achieved in his profession as a surgeon chiropodist has been unparalleled in this place; many of our most estimable and worthy citizens, ladies as well as gentlemen, have been relieved from corns, bunions, club and inverted nails, without the slightest pain or uneasiness, and doubtless many more would, had they an adequate appreciation and knowledge of his ability. Few individuals are aware that the disease of the feet, if not fatal to one's life, are certainly as annoying as can be, and the remedy is simple and sure; the corn, bunion or inverted nail must be skillfully and carefully treated and the pain entirely ceases. The only way to obtain this relief is to apply to Dr. Briggs in person, and in a few minutes the trouble is over. Dr. Briggs can be consulted at No. 6 King Street, Toronto, where all diseases of the feet are treated in the most skillful manner. Dr. Briggs' Modern Curative is sold by druggists and country merchants generally. For sale by E. Harvey & Co., Guelph.

NEW CHURCH AT ROCKTON.—On Friday last the foundation stone of a new Episcopal Church was laid in the village of Rockton, Township of Berzly, by the Rev. Dr. Boomer, of Galt, in presence of a large number of ministers and people. The Rev. Mr. Harrison is in charge of the mission, and has been very successful in his labours. The church, which is to be in the gothic style, will be a very handsome one.

MERCURY OFFICE, GUELPH, July 7, 1869.

The supply of the grains for the last day or two has been considerably larger than usual. This is particularly the case with Treadwell wheat which is coming in very freely, although the price is not more than one or two cents in advance of spring wheat. The latter continues steady at last week's quotations. There is however, a slight tendency upwards. Oats took a little rise some time ago, and still maintain the figure. Peas and barley are merely nominal. Eggs have gone up again, and now bring from 13c. to 14c., a price with which any person but the buyer might be satisfied. Butter is firmer, good samples bring 15 cents. It is rather wonderful that for the last few days hay has been steady.

IRON IN THE BLOOD.
The necessity of a due proportion of iron in the blood is well known to all medical men; when it becomes reduced from any cause whatever, the whole system suffers, the weakest point being first attacked, and a feeling of languor, lassitude and "all goneness" pervades the system. Stimulants only afford temporary relief, and have the same effect as giving a tired horse the whip instead of oats. The true remedy is to supply the blood with the necessary quantity of iron. This can be done by using the

PERUVIAN SYRUP.
A protected solution of the protochloride of iron, which is so prepared that it assimilates at once with the blood, giving strength, vigor and new life to the whole system. It is the only remedy for the deficiency of iron in the blood, without restoring the system, is like trying to repair a machine when the foundation is gone. The eminent divine says: "I have been using Peruvian Syrup for some time past—it gives vigor, buoyancy of spirits, elasticity of the system, and a feeling of well-being." It contains certificates of cures, and is one of the most valuable of the most eminent physicians and others, will be sent on application.
