The New Comic Opera.

"The Sea King" will receive its initial production in London at the Grand Opera House on Thursday, Oct. 30, by the William J. Gilmore Opera Company. Much interest is taken in the event by the theater-going public, and certainly the announcements that are made warrant it, for few visiting companies have been better prepared to face criticisms. The cast includes no small number of recognized comic opera favorites, together with rich costumes designed by Baron de Grimm, seenery painted by Emens, Maeder and Schaeffer and a large and well-drilled chorus, the opera has every chance of pleasing the public of London as it did the New Yorkers, where it was given to the largest business ever accorded any opera organization at Palmer's theater the past summer.

Sunday School Anniversary Services.

The Sunday school anniversary services at the Wellington Street Methodist Church yesterday proved highly interesting. A crowded congregation greeted Rev. George Boyd, of the Queen's Avenue Methodist Church, in the morning. The reverend gentleman preached a sermon specially adapted for children and parents from the book of Samuel: "Speak, Lord, for thy servant heartch." In the afternoon the Sunday School meeting, open to the public, was particularly attractive. Rev. W. J. Clark and Rev. Walter M. Roger gave appropriate addresses, which riveted the attention of all present. Rev. C. E. McIntyre preached in the evening from Pealm lxviii. 6. The musical portion of the services, conducted by Mr. A. Jones, was a feature of the day. Orchestration was included, those assisting being Messra. Roselley Sunday School Anniversary Servics.

VOU ARE YOURSELF RESPONSIBLE.

Christian Guardian.

Many of our temperance people have not waked up to the fact that the legislation of the last session of the Ontario Legislative Assembly has given us an important local option law, which may be used with good effect to restrict and repress the liquor traffic. This act provides that any township, city, town, or incorporated village may by a popular vote secure the prohibition of the traffic within its limits. The township of Lanark has led off in this movement. The Ontario branch of the Dominion Alliance refers to this in a recent address as follows: "The first voting under the new Local Option Law took place on Friday, Sept. 12, in the township of Lanark. A very good vote was east, and nearly every woman who was on the voters' list for the township went to the polls. The fight was a hard one, but the result was a grand victory for our cause. Prohibition was carried by a majority of 105. We 'thank God and take courage."

Winnipog Free Press.

In the Dominion contest which is approaching it is desirable to avoid all questions that are calculated or intended to cloud the real issue. This is both calculated and intended to serve that purpose. The United States is not endeavoring to force Canada into annexation, and it is therefore not shaping its fiscal policy with that object in view. We are making entirely too much of ourselves to suppose or to suffer ourselves to believe anything of the kind. When we are asked, therefore, to support a jingo policy as an answer to the designs of the United States, we shall do well to disbelieve the professions that are advanced as a sufficient reason for it. When we are told that the United States is hostile, and that it would ill become us to manifest the least meckness of spirit in the face of that hostility, we shall do well to put it down as buncomb. When any attempt is made to complicate the one square issue on the trads question by references or representations to the effect that the United States is anxious to gobble up Canada, and that it will not trade with us on fair terms under any condition, we shall do well to conclude that the person so representing is either a demagogue or himself the victim of demagogy.

—The following gentlemen were ordained to the eldership of St. Audrew's Church at the morning service Sunday after an intersecting discourse by the pastor, Rev. J. A. Murray, on "Why We Are Presbyterians"; Messrs. H. E. Nelles, C. McCallum, Goo. McGillivray, Jas. Gordon, Rev. Jas. Gordon, M.A., Geo. Cairneross, Robt. Morrison, M. Hutchinson, J. L. Gibeon, J. M. Lochead.

—Mayor Taylor was spoken to this morning regarding the difficulty between the Council and Water Commissioners as to the debentures recently issued. "It would have been wiser to have had the \$800,000 issued as general purpose depentures, no doubt," he said, 'but it was Mr. Meredith's opinion that it could best be done in the way which we adopted-having the \$130,000 issued as waterworks debentures with the residue to go to the Council for general purposes. The commissioners having used \$00,000 of waterworks revenue in extending mains, instead of handing it over to the city, caused the City Solicitor to advise the action, with the idea that \$130,000 was asked for, but \$60,000 of the amount had already been spent.

A Terrible Accident.

A Windsor dispatch says: "Henry Kelsey, colored, aged 17 years, was determined to go to London Sunday morning but got drunk and lost his ticket. He boarded the train, however, but the conductor puthim off. Shortly afterwards he was found lying under the front wheels of the tender. When pulled out his face was covered with blood and his head terribly cut. It is thought that his skull' is fractured. Kelsey no doubt received the wounds by falling on the rails.
