More Accounts of Massacres by the Terrible Turks.

British Cabinet Meeting—Arrest of Plotters Against the Sultan—The Dervishes May Join King Menelik's Forces.

\$5,200 FOR A BOOK.

London, Feb. 27.—A copy of Chau-der's "Canterbury Tales," of the first edition printed by Caxton in 1478, was sold at auction yesterday for \$5,200. This is the highest price for the work on record.

BRITISH CABINET MEETING. London, Feb. 27.—A Cabinet meeting was held at the Foreign Office yesterday, Lord Salisbury presiding. After the adjournment of the Cabinet meeting Lord Salisbury had a long interview with Costaki Pasha, the Turkish ambassador, at the Foreign Office.

BACK FROM ASHANTEE. London, Feb. 27.—The military expedition which was sent to Ashantee under command of Col. Sir Francis Scott has returned to England. The troops disembarked in the Thames this afternoon, and were inspected and congratulated by Gen. Lord Wolseley, commander-in-chief of the British army.

SENSATIONAL DISPATCHES DENIED. London, Feb. 27.—In response to inquiries made at the Turkish Embassy here, it was learned that Costaki Pasha had made no proposals to Lord Salisbury, and was not aware of the existence of an Egyptian commission. He was also, it is said, completely ignorant of the whole question, as reported in the Times. The Foreign Office, according to the Post, also denies knowledge of the matter.

THE SULTAN'S PERIL. Constantinople, Feb. 27.—Among the persons taken into custody on suspicion of being implicated in a plot to assassinate the Sultan are several naval and military officers, including Col. Shefik Bey, who has been publicly degraded to the ranks and ordered to join a provincial corps. A warrant has been issued for the arrest of Riza Bey, a prominent resident of Constantinople, upon the charge of treason.

"THE AMERICAN SORROW." London, Feb. 27.—The War Cry, the official journal of the Salvation Army, publishes a statement signed by Bramwell Booth, chief of staff in London, under the caption, "The American Sorrow." The statement includes the following: "The resignation of Ballington Booth is deeply deplored, but the general has only given fresh proof of his conscientious and resolute determination to administer the affairs of the Salvation Army without regard to family or personal preference."

MORE MASSACRES. London, Feb. 27.—The Daily Chronicle publishes a dispatch from Constantinople saying a fresh series of massacres occurred in the Sivas and Kharpout districts.

It is learned from private sources that the Turks in Marsovan surrounded the Armenian quarters in that place on Feb. 11 and demanded that the inhabitants accept Islamism. About 500 of them refused, whereupon they were attacked and massacred.

For weeks past all the news from Asia Minor has been carefully suppressed, and the fact has caused great uneasiness in official circles, in which it is feared that news of fresh massacres will hasten Russian occupation of the country.

PORTUGUESE POSSESSIONS IN AFRICA. London, Feb. 27.—In the Portuguese Chamber of Deputies last night Senhor De Sovoral, Minister of Foreign Affairs, replied to the inquiry made in the Chamber on the 23rd inst. by Senator Carvalho as to the truth of the report that the territory on the bank of the Catene River, opposite Lourenco Marquez, East Africa, had been ceded to a German named Eiffel, who had sold the concession to Germany.

Senator De Sovoral declared that Portugal had ceded nothing to a German Government. Senhor Carvalho, however, was not satisfied with this reply, and pressed for an answer to the question regarding the concession to Eiffel, whereupon the Minister stated that the Government was examining into the question, and would seek to settle it in the customary diplomatic manner or by other means permitted by law.

MAY HELP MENELEK. Rome, Feb. 27.—The Journal Don Marselo, the organ of Signor Crispi, states that the Dervishes are about to repeat the invasion of Erythrea of 1894, advancing against Keren, Adingri, Godeflessi, Ameking, Italy's weak garrisons; then join their ally, King Menelik, and send reinforcements in face of this threatened calamity are insufficient.

The Panfulla announces the sending of sixteen battalions of troops. King Humbert, in accord with Signor Crispi, is resolved to obtain victory without loss of time. The fact that King Menelik is threatening Adiquala causes renewed anxiety. It is feared that the entire Italian force under the command of Ras Sebati, one of the native chiefs, who some time since defeated a number of his followers. The battle resulted in the defeat of the

Abyssinians, who lost 80 killed and 100 wounded. Nine of the Italian soldiers were killed and 28 wounded.

THE SITUATION AT MARSOVAN. Constantinople, Feb. 27.—Inquiries made here seem to establish the fact that there is no truth in the story from this city published in the Daily News of London today, saying that on Feb. 14, the first day of the Ramadan festival, the Turks surrounded the Armenian quarters in Marsovan, ordered the Armenians to accept Islam, and killed 150 who refused to do so. Mr. Milo A. Jewett, the United States consul at Sivas, passed recently through Marsovan and telegraphed that he was proceeding to his post, thus indicating that Marsovan is tranquil.

The ambassadors of the powers have made representation to the Porte regarding the precarious situation at Aintab, Asiatic Turkey.

CABLE NOTES. Heavy snow storms are prevailing throughout Hungary in many districts, blocking railways and causing a suspension of traffic.

Much comment has been caused at St. Petersburg by the frequent audiences with the Sultan of M. De Neidoff, the Russian ambassador. These audiences, it is said, are held in compliance with the request of the Sultan.

The London Times says three Russian naval officers have been fined for sketching the Hong Kong forts.

M. P. Desmet de Naeve, Belgian Minister of Finance, has been appointed Premier, in succession to M. J. De Burlet, who resigned the Presidency of the Council of Ministers yesterday.

20,000 Men Have Been Lost by the Spaniards in Cuba

Since the Insurrection Began on That Island.

The Revolutionists Win a Battle at San Cristobal—News Suppressed.

New York, Feb. 27.—A dispatch from Havana reports 10,000 Spanish soldiers missing in Cuba. The fact has been announced to the Madrid Government, and the search for whereabouts is going on day and night.

Official circles are alarmed, for 15,000 men, with 15,000 rifles and 500,000 cartridges, are an enormous item to the Spanish army. The disappearance of the men will ultimately be traced to either death in battle, the number of which has been concealed to hide Spanish losses, details to positions in various parts of the island of which no record has been kept, or desertions to join the insurgents.

The Spanish records show that the rebels have joined the rebels with their arms in every province in the island. An order was issued by Gen. Weyler several days ago for a report of number, position and content of the arms.

The responses to this, it is said, have increased the confusion, and there are reports now from reliable sources that there are 20,000 men, instead of 15,000, to be accounted for.

CUBANS VICTORIOUS. Tampa, Fla., Feb. 27.—A number of Cuban refugees who have landed here bring news of a big battle between the insurgents and the Spaniards at San Cristobal, Feb. 13. Dispatches have been apparently suppressed by Weyler's "military editors."

One of the eye-witnesses says Col. Hernandez arrived there on that day determined to recapture the town from the insurgents, who had held it over a month. It was said he had brought the rebels had gone east, but he brought 1,200 troops along to make sure.

The Cuban leader, Zayas, and five men were within the walls, and 800 men were clamped up last outside. When Hernandez marched up the plain street, Zayas and his little band firing their revolvers. After reaching camp he divided his men in three battalions, of which two attacked the Spaniards. Zayas then made a circuit, and with his 300 followers attacked the invaders in the rear.

Hernandez and the Spaniards fought desperately, but they were in a trap, which was set by the hundred, leaving a trail of dead and wounded along the road to Candelaria for 12 miles.

QUESTION OF RECOGNITION. Washington, Feb. 27.—Intimations that President Cleveland proposes to delay decisive action in the matter of Cuban recognition are said to be unfounded so far as the House foreign affairs committee is concerned. All the indications are that when the full committee meets a resolution will be submitted and favorably acted upon.

The resolution will probably be adopted to be the sense of Congress that a state of war exists in Cuba, and will claim recognition to issue his proclamation recognizing the insurgents as belligerents and giving them the rights due from neutral nations.

LIBERAL VICTORY. Lichfield is All Right.—The Last Majority of 44 Increased to 538.

London, Feb. 17.—An election took place yesterday in the Lichfield division of Staffordshire, for a member of Parliament to succeed Mr. Henry C. Fulford, Liberal, director of the Holt Brewing Company, of Birmingham, who was unseated upon petition by the election judges on Dec. 19 last, corrupt practices having been proven against him.

The result of the voting is a decided liberal victory. It was as follows: Mr. Warner, Liberal, 4,483; Major L. Darwin, "Unionist," 3,555; Liberal majority, 528.

At the general election last year, Major Darwin, who was the sitting member, was defeated by Mr. Fulford, the Liberal majority however being only 44.

"Prof." Elias Henderson, one of the oldest colored men in Windsor, died on Wednesday of pneumonia. He was one of the best known characters in the city. John Irwin, familiarly known as "Doc," also died of pneumonia on that day. He was 35 years of age, unmarried, and the son of Engineer Irwin, who was killed on the G.T.R. in 1872.

Ontario Legislature

Mr. Hobbs, M.P.P., Brings in Three Measures.

Proposed Changes in the Election of Aldermen.

A Measure for Holding the Municipal Elections on New Year's Day.

Toronto, Feb. 27.—John Weir, reeve of Albemarle, and Mr. Chisholm, of Bruce, waited on Hon. A. S. Hardy yesterday, and asked for an increased grant for roads in the northern part of the Bruce peninsula, which is still a backwoods region.

Mr. Hobbs (London) yesterday introduced several important bills into the Legislature. One measure is an act to amend the Municipal Act. It provides that in case a council of any city having a population of 30,000 or over, not exceeding 80,000, shall pass a bylaw affirming the expediency of a new division of the city into wards, reducing the number of wards by at least one-third, the lieutenant-governor may, by proclamation, so divide the city, and afterwards four aldermen are to be elected for each ward. The term of office in the class of cities mentioned is extended to two years, two aldermen for each ward retiring annually. The act further provides for the redvision by the council, upon the petition of 300 freeholders, the new division to be based as far as possible upon the assessed value, population and territorial extent; and in all cases, where the new division is, to reduce the number of wards by one-third or more. Four aldermen are to be elected for each ward in the manner provided in the preceding clauses of the act. If the council neglects or refuses to make a sub-division according to the petition, a commission may be issued by the Lieutenant-Governor in council in the same manner as at the present time provided in the case of cities of 100,000 or over.

Another bill brought in by Mr. Hobbs authorizes cities to hold polls for municipal elections on New Year's Day, enables the council of any city by bylaw, not later than Sept. 15, to provide that nominations shall be held on Christmas eve, or on the preceding day, when Christmas falls on Sunday, in which case the polls shall be opened on the Monday following New Year's Day.

The third measure introduced by the member for London is to amend the Public Libraries Act, 1895, and provides that in cities, towns and incorporated villages, where a petition has been presented by the board of management of a public library or mechanics' institute, praying for the appointment of a board of management by the council; that if a public library or mechanics' institute has already been appointed in such municipality, the municipal council may appoint such board of management of the public library or mechanics' institute after presenting such petition.

Mr. Gibson (Huron) wants the Assessment Act amended so that assessors shall be required to swear that they have assessed real property at its actual cash value, as it would be appraised in payment of a just debt.

The Opposition are after Provincial Librarian Preston, who was a delegate to the I. O. F. Supreme Grand Lodge in England, and replenished the library while there to the extent of \$3,000.

In the public accounts committee, an order was passed for the production of all accounts in detail for farm labor, feed and fodder at the London Asylum.

In the Legislature yesterday, the anti-remedial legislation resolution by Mr. Crawford was laid over. A special day will be set for its discussion, probably next week.

Mr. Garrow brought up his bill for the speedy settlement of boundary disputes. Farmers often fought vigorously over a few feet of land that wasn't worth a tenth of what the legal proceedings over it usually cost, he said, and settlement outside of court was both desirable and possible. The bill got its second reading.

Mr. O'Keefe's bill to amend the Ontario Voters' List Act got its second reading. It affects cities only. In the revision of the voters' list the amendment provides that in case of a complaint notice to the party affected may be sent through the mails or delivered at any address he may have previously given by affidavit. The present act requires personal service.

Mr. Beatty's bill provides that school teachers and chessmakers, who only spend a portion of the year in one locality, have the same right to vote as sailors or lumbermen. The Government promised to try and draft some satisfactory legislation for next session, and Mr. Beatty withdrew his bill.

Then the discussion of the budget went on, Mr. St. John resuming his attack on the Administration, and Mr. Gibson (Huron) taking the ground that Provincial affairs have been well managed.

AMBASSADOR BAYARD'S CASE. Washington, Feb. 27.—Chairman Hitt, of the Foreign Relations Committee, has handed to the speaker the finding of the committee as to Ambassador Bayard's public utterances in England. Severe censure is recommended on the ground that the language was an offense against diplomatic propriety and an abuse of a position which requires the ambassador to be the representative of the whole country and not of any one political party.
