THE DAILY COLONIST

Delivered by carrier at 20 cents per week, or malled, postpaid, to any part of Canada (except the city) United Kingdom and the United States, at the following rates:

Sent postpaid to Canada, United Kingdom and United States.

Investigated the situation: that the information that could be reasonably required to deal with the subject? Certainly,
from grasning and truculent employers. AGNOSTICISM AND CHILDREN.

AGNOSTICISM AND CHILDREN.

The attitude of agnosticism is one which cannot possibly be adopted by the dotted by the dotted by the dotted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly be adopted by and as a threat if the government is continued by the dotted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly be adopted by the dotted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly be adopted by the dotted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly be adopted by the dotted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly be adopted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly be adopted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly be adopted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly the dotted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the possibly the dotted by the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the government and of him was the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the government to work from grasping and truculent employers, and the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the government to work from grasping and truculent employers, and the coercion would continue until the workingman regardless of color, or grade, or creed, would be in the government and of him was the coercion the childish mind. This is admitted by opposed. In one portion of British Col-session of the privileges that are his due ment from any besmirching through the agnostics themselves, and it raises for umbia the people all favor fish traps. In by the fact that he lives. This rampant alienation of this land to the Canadian them the important question, of what answer they are to give the questions of their children on the deepest problem their children on the deepest problem.

The argument will be used to the one of a widely known New England factor is a transfer that the fives. This tampant alienation of this land to the Canadian champion was followed by a mild-manner of the manager deeply impressed with the gravity of the evil of other people is also due. of existence, the purpose of existence set of people that if the government canitself, and for others, the important didate is opposed, the introduction of workingman should squeeze from cap-surrounding it must be sifted and probed question of whether agnosticism is in fish traps will not be prevented. And ital all that he could, but that he some- to the bottom. The public life of this any sense a reasonable attitude to adopt there are many peple in British Colum- times tried to squeeze out more than country must be saved from demoralizatowards the universe. Our questions bia so subservient and silly, as to allow had been put in. The farmer has now tion. The people of the country are at for it; now he threatens to are as insistent as the child's. Relathemselves to be "whipsa'wn" politically a far more comfortable home than when Colonel Prior's back in the position he tively to the great mysteries of life are in this manner. It is quite evident that he and his family worked from dawn to occupies, and they will feel encouraged our minds any better satisfied with negation of belief, or any whit more able towards fish traps is concerned, Britto assign the limits of faith, to say that ish Columbia would be in exactly the belonged to a trade union. He continued, and corrupting influences under circumwhat we do not know through the use same position if no government candisaying that the operatives in his mill restances of no little difficulty, and when of reason upon the material provided dates were elected as if none but govby our senses, is unknowable? The ernment candidates were elected. Any wage of a previous generation, and with specious guize of just and honorable most unfathomable mystery of Christian advantage to be derived by any who that wage can purchase ten times the teaching, on the other hand, the father-are influenced by such an argument de-amount of the product of the mill that hood of God, is accepted by the childish pends entirely upon the supposition that they could then. But they had not been The Stock Exchange walking race to mind at once as the very corner stone of faith. It is congruous with the child's influenced by it. So that everyone who wance had been largely achieved. The idea of the universe. External power succumbs to it in so doing, directly nul- decrease in the burden and enhancement According to a Jacobite authority, is represented to the childish mind by lifes its effect. Apparently then, it of the ease of living had been caused in only one drop of King Edward's blood the discipline of a father, often appar- will seem to some idealists that the govthe discipline of a father, often apparently unreasonable, capricious, or even cruel, but justified by a tie of nature to the child's intelligence, and generally ilbenefit of the country. As a matter of which the trade unions are doing their the child's intelligence, and generally is benefit of the country. As a matter of luminated by an enduring love. Brought fact, it only seems to do so in order, if which the trade unions are doing their Stuart, five drops of Scotch blood from retrievable ruin. But face to face with the consciousness of a greater and more awful external and venal electors. Having got their ity substantiated afford some further. power, the child's mind grasps it at once votes, or failed to get them, it would evidence that the attitude of trade unlike and four thousand and forty as the authority of a Heavenly Father, and rests in that conception with a faith of the question. The delay and the attitude of trade unions is not fair either toward the work every king or emperor could be proved
