For our Canadian winters warm clothes are a necessity and must be bought sooner or later if one would be comfortable.

Why not buy yours while our stock is practically unbroken. We have fall lines to show you now and a satisfactory and pleasing selection is very easily arrived at. Drop in and try on our new Beited Model Overcoat made for Canadian Winters.

YACHT WITH SEVEN ABOARD DISAPPEARS

The "Bernadette" Believed to have Foundered Crossing St. Lawrence.

NO TRACE FOUND

Rimouski, Quebec, Oct. 9.—Careful search up to noon today had failed to fathom the mystery surrounding the disappearance of the yacht Bernadette, which with a party of seven, has been missing since Saturday night. The steamer Lady Evelyn of the post office department, after a twenty-four hours search reported at noon today that no trace of the missing yacht could be found. The Bernadette was commanded by Harold Blair, its proprietor, one of the managers of the Price Bros. firm at Rimouski, and should have reached port early Monday morning. The Bernadette left for the North Shore in a friendly race with the yacht Oenone, commanded by Mr. Alphonse Fournier of Rimouski, its proprietor. The Oenone arrived in port early Monday morning and reports a very rough passage across. The Bernadette left at the same time, friends of the missing men have communicated with all the signal service stations, but nothing has been seen of the yacht. The missing are: Harold Blair, Emile Tessier, son of Judge Tessier, F. X. Proulx, secretary of the town, A. Riouet, merchant of Rimouski, Beckingsale and Bonner, clerks in the Bank of Commerce, and George McKinnon, clerk in Price Brothers' office. Every thing points to the Bernadette having foundered while crossing the St. Lawrence.

PAST TRAGEDY IN ITALY RECALLED

Early Trial of Man who Murdered Wife at Lake Como

Washington, Oct. 9.—The fate of young Porter Charlton, who murdered his wife on Lake Como, Italy, in June, 1910, and who has been held a prisoner in Hoboken, N. J., for two years, will be determined within the next few days by the Supreme Court of the United States, whose session begins on the 14th.

At as early a date as possible after the opening of the court the question as to whether or not Charlton will be turned over to the Italian authorities and sent back to Italy to be tried there will be argued.

The prosecuting of this matter before the court will revive interest in one of the most remarkable wife slaying cases on record. It is the story of a young man of high birth and breeding, youthful in years, handsome in face and figure, of high mental gifts and quiet demeanor, caught in the fascinating grasp of an experienced woman of the world, whose checkered and hectic career furnished division for newspaper readers for more than a decade and who finally met a hideous death at the hands of the young man she had so strangely enchanted. Porter Charlton is the son of Judge Paul Charlton, solicitor of the law Department, and a classmate of President Taft. It was the intervention of the father and all the powerful influences he was able to summon which prevented the extradition of young Charlton immediately after his arrest in this country, whether he had fled after murdering his wife, cramming her body into a trunk and throwing it into the Lake Como.

BATHURST MAN IS FOUND DROWNED

Ed. J. Roy Rode Over a Bridge on Bicycle in the Dark

NO RAILING

Bathurst, N. B. Oct. 8.—Ed. J. Roy, restaurant keeper, left home about 7 o'clock last night to bring oysters to a patient in the hospital at Bathurst Village. He rode over on a bicycle. Returning, he stopped to speak to Jos. Fournier and wife and to adjust the chain of the "bike," which had slipped off. He was never seen nor heard of after leaving them until his body was found in the channel near the village bridge at noon today.

Parties, suspecting an accident, were looking along the side of the bridge when they noticed a bicycle in the water. On hauling it to the surface they brought the body of the unfortunate Roy. His hands were still gripping the handle bars.

A part of the railing of the bridge has been missing for a long time and it is supposed that the chain of the bicycle having again worked off, the front wheel swerved to the open in the rail of the bridge, Roy striking his head against the rail and going over in a dazed condition carrying the wheel with him. When recovered, the chain of the wheel was off the sprocket.

An inquest is now being held by Coroner J. C. Meahan. Roy was industrious and popular. He was about twenty-eight years of age and leaves a wife and one child.

The local government authorities would do well to look after this dangerous place before another tragedy occurs.

AMHERST LIKELY TO HAVE NEW PAPER

Arrangements are being made to establish a local Journal.

AMHERST, Oct. 7.—It is understood that arrangements are being made whereby in the very near future Amherst will have a second daily newspaper. There is plenty of opportunity for such an enterprise in a town as large as Amherst. The taking over of the News and Sentinel by a company, composed entirely of Conservatives, and the consequent change in the editorial policy of that paper has made it desirable from the point of view of the Liberal Party that a local paper be circulated in the County representing Liberal policies. It is understood that a very generous subscription has already been made with this in view, and arrangements will be completed in due course for a paper which will worthily uphold the standard of Liberalism in this County.

RURAL MAIL FREE DELIVERY

Ottawa, October 10.—Under the new supervisor of the rural mail delivery, work on the extension of the service is being actively pushed forward and two hundred new routes have been established in Ontario and Quebec during the past six months. Though the work became somewhat disorganized for a short period to the fact that the new government contemplated a new extension of the scheme, it is now in good condition. At the beginning of November the department contemplates having in operation the scheme of providing the rural mail carriers with postal notes and stamps so that they can be purchased by inhabitants on the different routes.

CROCKET CASE AGAIN SHELVED

Suit Against the Town for Damages is Adjourned Till Next Term.

NO SETTLEMENT

An adjourned session of the supreme court was held in Dalhousie on Tuesday when the case of C. S. O. Crockett against the Town of Campbellton was up for trial, before Judge McKeown. The case however was not taken up, and will be held over till the next sitting of the court which takes place in March 1913.

ROMANCE TAKEN FROM BLUSHES

LONDON, Oct. 10.—There are still some old-fashioned people who think that blushing like feminine modesty, has gone out of fashion. They believed that a fluttering heart sent the blood to the cheeks, but scientists will not have us in such blissful and sentimental ignorance, and in the presidential address of the British association the real reason why people do blush was told. Nowadays very few people do blush, but if it can be managed it is a most effective thing to do. Few men are proof against a becoming blush, and if Jack sees Jill's cheeks "suffused" as the old-fashioned novelists used to put it—"with tell-tale color" he is an easy prey. But let him know that blushing is a purely physiological phenomenon "due to diminished action of the muscular tissues of the arteries," and he will only feel desperately anxious to get smelling salts or summon help.

GRAPHIC CONTEST WARMING UP

Contestants Are Actively at Work in Various Sections

The Graphic's Piano Contest in District No. 2 is already creating much interest and the Contest Editor has had numerous enquiries as to this contest. At present there are only five names in nomination and there is room for three or four more. Some of the best localities are still open. Gloucester County, with the towns of Bathurst and Bathurst Village would be an excellent field for an enterprising young lady, who wishes to win a \$400. piano, as would also Gaspé Co., with its numerous towns where the Graphic's circulation is rapidly increasing, without special efforts.
