HARRIS & CO. PROPRIETORS.

WATFORD, MARCH 14, 1913.

NOTE AND COMMENT.

The first map of the Dominion of Canada showing Ungava as a part of the province of Quebec, was hung in the Government offices on Friday. In the old map Ontario ranked as the largest province, but now it comes second to Quebec. By the annexation of Ungava the Province of Quebec gained seaboard on Hudson Bay, Hudson Strait and Ungava Bay, Ontario, although it absorbed the District of Patricia, is now far behind Quebec in the matter of land. The Province of Quebec at the present time totals 706,834 square miles, comprising 445,078,682 acres of land and 7,295,158 acres of lake, while the Province of Ontario square mileage is 407,262, made up of 234,555, 240 acres of land and 26,203,444 of lake—leaving Quebec 299,572 square miles to the good over its sister province.

Every farmer who takes a paper that admits advertising to its columns receives the equivalent of a cash contribution, for were it not for the advertising to help pay for the cost of publishing the paper, the subscription price would necessarily be two or three times as much. A paper whose subscription price is \$2, would be at least \$3 if it had no advertising patronage, hence every subscriber virtually gets one dollar from the advertisers. It follows, then, that subscribers should have a kindly feeling for the advertisers in their paper, and give them the preference in the bestowment of their patronage; for the reason that one good turn deserves another.

Who would be president of Mexico when a job can be had in a powder mill where human life is comparatively safe.

CHOP STUFF.

Plans are on foot to establish a French newspaper in Windsor, to be devoted to the French-Canadian community of Western Ontario.

Seven farmers from the States arrived at Windsor on Tuesday with their household effects to settle on farms in Essex county.

A petition is being largely signed asking for a fourth hotel license in Tilbury. The town has now passed the 1,600 mark in population, and according to the license law four licenses may now be granted in this municipality.

Bothwell Mfg Co. is the name of a company of local men capitalized at \$10,000 for the manufacture of high grade felt and sea grass mattresses. The charter has been signed and sealed. It is the intention of this company to commence operation at once.

The mayors of Windsor and Hamilton, have asked Hon. Mr. Hanna, provincial secretary, to have the privilege of voting on New Year's Day, which obtains in Toronto, extended to their cities. As Ottawa has expressed the same wish it is likely that legislation will be enacted to cover the matter.

Sarah Cudmore, beloved wife of John Weeks, Strathroy, passed away suddenly while sitting at the supper table with her husband, Friday evening. She had been in poor health for some time. Deceased was born in Bolton, Devonshire, Eng., in 1829, and was in her 83rd year.

Considerable worry has been caused among the farmers in Dunwich and Aldborough who have given options on their farms to representatives of the syndicate of English capitalists. A number of farmers were so sure that their farms would be taken up at the option price that they have procured other pieces of land and a number have two farms on their hands.

A. Thompson, an Englishman who arrived in this country with no capital and now possesses a good ten-acre fruit farm at Lambeth, says "the man who cannot make a living in this country is no good anywhere." Last year he realized \$400 per acre for strawberries; \$100 from three-quarters of an acre of tomatoes, and \$200 per acre for early potatoes.

The new co-operative plan of delivery came into force in Parkhill on Monday, March 3rd. This is a move which will recommend itself to all, as the service which the public will receive will be just as efficient and the cost of keeping store will be materially lessened. A merchant who formerly paid out from \$450 to \$500 a year for a driver and horse keep and repairs, will now pay only a fraction of that sum.

Judge D. F. MacWatt, of Sarnia, has granted the request of Forest Town Council for an enquiry into certain features of the local option vote here in January and will conduct an investigation in Forest on Friday, March 14th. Action by the Council was on the petition of 25 ratepayers. Messrs N. Trip and C. W. McCordie, speaking for them, stated that they could furnish evidence to show that a number of ballots cast in favor of the by-law in the second ward had been tampered with and spoiled after being counted, and before the recount by the county judge took place on January 31st.

Mr. Eli Taylor has sold the renowned stock horse, Moulton William, to Mr. Richard Twamley, of Lucknow. This horse has travelled in Lambton County for seven years, and is the sire of a large number of high-priced and prize-winning horses. The horse breeders of Mr. Twamley's vicinity will do well to avail themselves of the opportunity of using this grand stock horse.

Mr. and Mrs. Albert Taylor had a very exciting but comical experience the other evening. While sitting near the stove about 10.30 they heard a noise in the woodshed, which they thought to be someone entering. They waited a few minutes in breathless silence, while the tramping sound continued. Then, having mustered up a little courage, Mr. Taylor went to the door and peered through a crack into the darkness beyond, where he recognized what he thought to be a man standing there with a bundle in each arm. This strange person, however, turned out to be a quiet old dairy cow, which had wandered in through the open door.
