"Life in Every Dose"
"I cannot speak too highly of Pyralis, for it is the greatest medicine I ever used. I was just about 'all in' when I began the treatment, and in 3 months I was as well as ever. It is a great tonic for weak and run down people. 'There is new life in every dose.'"
JAS. STOLIKER.
Bridgetown, Ont., Dec. 19, 1906.
It is a sin not to tell your sick friends about this wonderful prescription. Throat, lung and stomach troubles, and all run down conditions quickly cured by its use. At all druggists 50c and \$1.00, or Dr. T. A. Sloum, Ltd., Toronto.

LOCAL AND SPECIAL.

The Kings and Annapolis County Medical Association meets here today.
Sensational rumors of an unpleasant nature have been afloat regarding a death which is reported elsewhere for which there is not the slightest foundation in fact.
Mr. Goodbody, the Montreal Merchants Company's expert machinist, leaves Bridgetown today after a thorough repair of the Monitor's type setting machine, which has seriously inconvenienced our publication for sometime past.

The members of Crescent Lodge, No. 63, I. O. O. F. were invited Thursday evening at the close of the Lodge to the home of brother Burpee Chute, the retiring Noble Grand, where they were very heartily entertained by an oyster supper.

Last Monday morning a pipe connecting the range with the tank at the home of Mr. Samuel Pratt exploded, blowing the range to fragments. Fortunately there was no one in the kitchen at the time, as nearly everything in the room was damaged by the flying pieces.
C. H. Strong's special discount sale is attracting the attention of economical purchasers, who know the value of his goods. In his adv. which appears elsewhere a slight error occurs. Two sizes of cotton blankets are quoted. The first quotations are for 10-4, the second for 11-4.

Mr. and Mrs. Joseph MacLean have returned from their wedding trip to Boston and Lynn. Mrs. MacLean will be at home on Tuesday, Wednesday and Thursday afternoons, 2-5, 29th and 30th at the home of Mr. and Mrs. John MacLean. Mr. MacLean has accepted a position with the Bridgetown Foundry Co.

A slump in the apple market on the 'Mer side' is causing the speculators a good deal of loss and the fruit-growers considerable anxiety. It is rumored that there is a movement among the speculators to form a combine for their mutual protection. If this is carried out it is probable the growers will have to stand the losses.

Mr. G. A. Balcom of Paradise renewed his subscription to the Monitor today and in doing so remarked that he had been a continuous subscriber to the Bridgetown press since the first paper "The Western News" was issued by Mr. Calnek. We are not quite certain how long ago this was and would be pleased if some reader could inform us.

We have in hand a communication from A. L. Davidson, which we shall try to give publication to when our types permit. The communication is a reply to our correspondent, "Editor and Patriot." We trust this correspondence will not diverge from the issue which it first introduced, for the purpose of indulging in political or personal animosities.

Among the Bridgetown boys who are meeting with gratifying success in their chosen line of work is Frank Hoyt, son of Mr. W. J. Hoyt, who holds the important position of manager of the branch of the Bank of Nova Scotia at San Antonio, Jamaica. This is quite an honor for a young man as San Antonio is a place of about 25,000 inhabitants and has no other banking institution.

Winter has so long tarried on the way that nature appears to have shared the impression that he would not visit us this year. Some of the fruit trees and shrubs are putting out new leaves. Mr. Edgar Grant of Port Lorne has handed us a couple of twigs, plucked from an apple tree, that remind us of April. The last few days have convinced us however, that winter's reign is not yet over.

Says the St. John Times—Mrs. Barnaby and Miss Barnaby of Grandville Ferry, N. S., who have been visiting Mrs. Kenny, 24 Orange Street, have gone to Boston where they will visit relatives.

Dr. DeWitt, of Wolfville, who has been in a Montreal hospital for treatment, was in St. John last week en route home, accompanied by Mrs. DeWitt and his son, Avery, who is studying medicine at McGill.

The school-house furnaces are not giving the satisfaction desirable. Last Wednesday morning the rooming house had to be closed and the room of Principal Bustin on Monday morning last remained at a temperature of 45 degrees. Undoubtedly some means must be used to give better attention to the health of the pupils.

ANNUAL MEETING OF TRAVELLERS OF N. H. PHINNEY & CO.
The meeting of the travellers of N. H. Phinney & Co. at the Lawrence Hotel on the evening of Wednesday, January 8th, was the most successful ever held. THE SECRET OF CRISP PASTRY
Keep three things in view, if you want unvarying success with your pastry—cold water, good shortening, and Blended Flour.
Ice water and butter are preferable, but it may be more convenient to use cold water and some other good flour. It will never fail to give a shortening. But stick to the Blended light flaky crust—no scalder. It will break with a breath and as easy to digest as it is delicious.

CLARENCE.
The scarcity of snow is making the woods look very small for the time being, but Mr. Minard, of the village blacksmith, has got the oxen about all shod ready for the farmers, to handle it when it does come.
Moonlight evenings are slipping away fast and no jingle of sleigh bells the young folks look gloomy. They feel they are missing a lot of pleasure.
