

Sparkles.

TEACHER: "Hans, name three beasts of prey." Hans: "Two lions and a tiger."

BILL (to friend): "Say, Jack, is your watch going?" Jack (who had visited the sign of three balls): "No, my friend, it's gone."

A WIDE RANGE.—A wide range of painful affections may be met with Hagyard's Yellow Oil. James M. Lawson, of Woodville, Ont., speaks of it in high terms for rheumatism, lame back, sprains and many painful complaints too numerous to mention. It is used internally or externally.

OLD GENT.: "Here, waiter, how do these buttons and things come to be in this soup?" Fresh Waiter: "We make our soup from Chicago dressed beef, sir."

Mrs. Jaugry, Sara Bernhardt, and Adeline Pattil Revisit Toronto.

These celebrated artistes will arrive here in the coming season to give us pleasure during the dreary months. Some people, however, prefer a different kind of pleasure and that is to furnish a home of their own, and have music, cards and games to while away the hours. Jolliffe's is the place to furnish these homes, and 467 to 473 Queen Street West contains an enormous variety for you to choose from.

A GOOD wife never grumbles. A good horse never stumbles. A good child never tumbles. A good cart never rumbles. A good preacher never mumbles. Good yarn never jumbles. Honest work never humbles.

A New Wonder

is not often recorded, but those who write to Hallett & Co., Portland, Maine, will learn of a genuine one. You can earn from \$5 to \$25 and upwards a day. You can do the work and live at home, wherever you are located. Full particulars will be sent to you free. Some have earned over \$50 in a day. Capital not needed. You are started in business free. Both sexes. All ages. Immense profits sure for those who start at once. Your first act should be to write for particulars.

A YOUTH refused to take a pill. His crafty mother thereupon placed the pill in a preserved pear and presented it to him. Presently she said, "Well, Tom, have you eaten the pear?" "Oh, yes, mother," he replied, "all but the seed."

TRY IT.—Two of the most troublesome complaints to relieve are asthma and whooping cough, but Hagyard's Pectoral Balsam seldom fails, either in these or other prevailing throat and lung troubles. All dealers in medicine have this remedy for sale.

"OH, dear!" sighed Widow Jones, "if John had only made a will, there wouldn't be all this trouble about the property." "Do the lawyers bother you?" "Bother me? They almost worry me to death. I declare, I some times wish John hadn't died."

A MONTREAL CITIZEN EXPRESSES HIS OPINION!!!—The St. Leon Mineral Water proving its virtues.—A Natural Remedy, giving relief when all others had failed.—Important certificate.

Montreal, Aug. 27, 1886.

The St. Leon Water Company, 4 Victoria Square:

GENTLEMEN,—Being a sufferer from Rheumatism and Dyspepsia for a number of years, I have found that the use of St. Leon Mineral Water has given me greater relief than any other remedy that I have used (and I can safely say that I have tried everything from Dan to Beersheba). I firmly believe that a constant use of the St. Leon Water will cure the worst case. I am yours truly, Harry J. Dean.

How to use the St. Leon Mineral Water.—As a purgative, take two or three warm glasses before breakfast. One or two glasses after meals will act very efficaciously against dyspepsia. Take this water, which is one of the best alternatives, drink it daily, one glass every two or three hours, in chronic diseases you will change and purify your blood. We recommend the use of St. Leon Water as a preservative against the diseases originated by strong liquors. Circulars containing important certificates sent free on application.

This invaluable Water is for sale by all leading druggists and grocers at only 25 cents per gallon, and wholesale and retail by St. Leon Water Company, 101 1/2 King Street West, Toronto. C. J. E. Cote, Manager.

N.B.—For Dyspepsia or Indigestion drink the Water after each meal, and for Constipation take it before breakfast.

THREE gentlemen whose names were More, Strange and Wright, being in a tavern, says the last: "There is but one duffer in the company, and that's Strange." "Yes," answered Strange, "here is one More." "Ay," said More, "that's Wright."

A NEW VIEW OF CONSUMPTION.

AND ONE WHICH APPEALS TO COMMON SENSE. MANY CURABLE CASES.

[Medical Stylus.]

"Many persons die of consumption who could easily be cured," says Dr. S. C. Clark, of Watertown, N. Y., "if they would go at it right. I have a new view of this disease. Consumption is not always of lung origin."

"How so? How is it then?" "Many cases of consumption are secondary. The disease itself prevails everywhere, but the best practitioners refuse to attribute it entirely to inheritance or the weather. If a person lives in the most favourable climate in the world and has any tendency to lung weakness, if certain conditions exist in the system, that climate, however favourable, will not prevent development of the disease. This disorder in such cases is only a secondary symptom in the lungs of some other ailment, and can never be cured until approached through its source."

"Yes, doctor; but what is the method of approach?"

"If you dip your finger in acid you burn it; do you not?"

"Yes."

"If you wash this burnt finger every second with the acid, what is the result?"

"Why constant inflammation, festering and eventual destruction of the finger."

"Precisely! Now then for my method, which commends itself to the reason and judgment of every skillful practitioner. You know certain acids are developed in the body. Well, if the system is all right these acids are neutralized or utilized and carried out. If the system is run down by excesses, anxiety, continual exposure, or overwork, these acids accumulate in the blood. If there is any natural weakness in the lung, this acid attacks it, having a natural affinity for it, and if the acid is not neutralized or passed out of the system, it burns, ulcerates and finally destroys the lung. Is this clear?"

"Perfectly! But how do you prevent the accumulation of these acids in the system?"

"Irregularities of the liver and kidneys create this excess of acid, and the supply can be cut off only by correcting the wrong action of these organs. The kidneys alone should carry out in quantity, in solution, enough of this acid daily, which, if left in the blood, would kill four men. When the stomach, the liver and the kidneys are all conspiring to increase the acid, the wonder is that weak lungs resist death as long as they do!"

"But you have not told us how you would treat such cases."

"No, but I will. The lungs are not diseased as an effect of this acid or kidney poison in the blood. After having exhausted all authorized remedies to correct this acid condition, I was compelled, in justice to my patients, to use Warner's safe cure: though a proprietary remedy, it is now recognized, I see, by leading physicians, by Presidents of State Boards of Health and insurance physicians, as a scientific and the only specific for those great organs in which over ninety per cent. of diseases originate or are sustained."

"Is this form of treatment successful?" "It is wonderfully so, and for that reason I am only too willing that you should announce it to the word of consumptives."

Note by the Publishers:—We have received the above interview from H. H. Warner & Co., Rochester, N. Y., with the request that we publish it for the good of suffering people. In a foot note to their letter they say:

"The experience of Dr. Clark is not strange to us. In our correspondence we have found that many thousands of people are suffering from what they think is Consumption, whereas the real difficulty is with the liver and kidneys, proven by the fact that when these organs are restored to health by the use of Warner's safe cure, the consumption disappears, and so does uremic or kidney poison, which causes so many symptoms of disease that the human system is subject to. The same may be said of rheumatism, caused by an acid condition of the system. We insist upon what we always have claimed, if you remove the cause, the system will soon perfect the work already begun. Mrs. Rev. Dr. Theodore Wolf, of Gettysburg, Pa., wife of the editor of the Lutheran Quarterly, said her friends thought her 'far gone with Consumption,' but after a thorough treatment with Warner's safe cure, she says: 'I am perfectly well.' We can cite thousands of such cases, but one is enough. If you publish the above article, kindly send us a marked copy."

We gladly give place for this article, for if we can in any way stay the ravages of Consumption, which carries away so many millions yearly, it is our bounded duty to do so.]—PUB.

PROFESSOR (who has told the young men to bring in an essay on an original subject): "Well, Mr. Saunders, what have you got to-day?" Colleague (who has spent the summer as a waiter at one of the mountain hotels): "Er-roast beef, roast pork, fish and corn-beef hash."

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Naves, 149 Power's Block, Rochester, N. Y.

OLD GENTLEMAN: "Now, my children, I'll tell you what it is, if you make any more noise in front of my house I'll speak to that policeman." Chorus of juveniles (much tickled): "That policeman! Boo! We ain't afeerd of 'im! Why that's father!"

CANADA BUSINESS COLLEGE Hamilton, Ontario.

Best Equipped Business College in the Dominion. Established in 1862. Two hundred and fifty students annually. Write for particulars. R. E. GALLAGHER, Principal.
