

MONTREAL MINING EXCHANGE.

DEER TRAIL QUIETER — DECCA LOWER — VIRTUE MORE ACTIVE AND FIRM — OKANOGAN IS WEAK AND SELLS AT 6 CENTS.

Montreal, Jan. 18.

There was small change either in value or amount of business on 'Change to-day. Okanogan, one of the unlisted stocks came in for the Majority of the trading, but was selling under pressure and was weak 10,000 shares sold at 5 cents. This stock although not traded in locally to any great extent has been exceedingly weak of late in the West.

Decca sold at a recession of a point and a half, 1000 shares changing hands at 13 cents yesterday the stock sold at 1-1/4 and 15 cents.

There was a sale in Montreal-London at an unchanged price, 500 shares being sold for 85 cents. The stock was offered at 85 1/2 at the close.

Monte Christo was a trifle stronger and sold at 7 cents. The last sale was made last Monday when the stock sold for 6 1/2 cents.

The demand for Canadian Gold Fields remains good. The company's new concentrator is finished, the tramway is ready for bringing ore from the mines, but it is hardly probable that either the mill or tramway will be run this winter. It is understood that by the spring arrangements will have been completed for the construction of a silver lead smelter at Moyle lake.

North Star sold to the amount of 2,000 shares at 1.00, this is practically an unchanged figure, as it sold at 104 and 107 yesterday, the demand however is limited round these prices.

Virtue—This stock was steady, selling repeatedly at 54, 2000 shares changed hands. For some time past Virtue has been unusually steady, selling within a small compass and considering that there has been no inside support given to it of late, it is remarkable for its steadiness on a market such as we have been having of late. We look for higher prices before long.

The demand for Deer Trail was quieter, no sales taking place. The stock was offered freely at 18 cents, 12 1/2 being the price of the buyers. The demand also for Golden Star was exceedingly dull. 30 1/2 being the only buying quotation, the stock was offered at 82.
