BOILER  
WITH THE  
LARGER  
FIRST  
SECTION**

# SOVEREIGN

## HOT WATER BOILER

EVERY modern house should be comfortably warm the coldest wintry weather. In most houses there is enough coal burned to give warmth in every room, and, as it is usually good coal that is burned, the fault must be with the furnace.

Consult us  
about your heating.

Write us for folder "Efficient Heating." It will put you under no obligations whatsoever, and if we can assist you to better satisfaction we will gladly do so.
