AN UNEXAMPLED OFFER.

Do you want a FARM without paying money for it?

The Publishers of

The Lake Magazine

In order to increase their subscription list as rapidly as possible, make the following offer, unexampled in the history of magazine enterprise.

To each of the first five persons sending us 50 subscribers, within 90 days, at \$2.50 each, cash, we will give

A 100 ACRE FARM

free from all incumbrances. See number of lots below.

To each of the next ten persons who send us 50 subscribers at \$2.50 each, we will give a farm of **50 ACRES** free from all incumbrances.

To each of the next 20 persons, similarly sending us 25 subscribers, we will give a **25 ACRE LOT** free from all incumbrances.

This is a rare chance to own a farm without paying money for it. Only a few hours of work each evening or day, as the opportunity offers, will make you the owner of a farm and home. The first one sending the 50 subscribers with the \$2.50 subscription fee will have the privilege of taking whichever one of the (5) five one hundred acre lots he may wish, and so on until all are taken. Remember this offer is good only for 90 days from July 16th, 1892.
