

now for round lots the quotation is now 9½ to 9¾c. *Pork*.—Receipts none; Shipments 123 brls, there has been more enquiry and business done lately. The market closes firm for Mess \$21.25 to 21.27; Thin Mess \$20.50 to 20.75. *Lard* steady at 12½ to 13.

*SALT*.—The demand is high, receipts small and very little animation in the market, the quantity afloat is less than usual at this season of the year; *Coarse* steady 60c; *Fine* 70 to 80c; *Factory* filled \$1.00 to 1.20.

*WOOL*.—Only small sales of from one to two bag lots of Super taking place at 28 to 29c for a large lot less would be accepted.

## TORONTO MARKET.

Toronto, July 6th, 1876.

As we begin another half year trade is commencing to assume a better outlook. The crops in every part of the country are promising, but some injury is feared from the wet weather of the past week. There are rumours of rust, over abundance of straw, and smallness of the heads, which the changeable weather we have had has no doubt brought on in many districts. But it is too early yet to pass judgement upon the future. In the grocery trade the chief demand continues to come from retailers. Jobbers are doing a very quiet business in nearly everything but sugar which is active. There is a perceptibly better tone among dealers, who manage to move enough in small lots to make trade fairly remunerative. Produce remained quiet with all the expectation of dealers centered on the new crop. There is a quiet steady movement in provisions within the past range of prices. The leather trade presents no new feature worthy of note; prices are ruling very low and movements are small. Wool remains unchanged in price with very little doing as there is such a general tendency to withhold the clip from the market.

*BOOTS AND SHOES*.—There is a fair sorting up trade and manufacturers are steadily engaged in filling these and the orders for fall goods. Reports from different parts of the country state more activity and a more hopeful state of affairs. Prices remain unchanged.

*CATTLE*.—*Beeves*.—Receipts for the week ending Monday were 248 head, against 143 head on that preceding. There is no enquiry for shipment, and all taken are for the local market. There seems to be plenty of still-fed, but grass-fed are yet hard to obtain. First-class are firm at \$4.50 to 4.75, but most of the business done is at the inside quotation. Second-class range from \$3.75 to 4.00, and are in fair supply. Third-class move slowly at \$2.75 to 3.25. *Sheep*.—Receipts for the week ending Monday were 200 head. The market is well supplied, but prices are steady at \$5.00 to 5.30 for first-class; \$3.75 to 4.00 for second-class, and \$3.00 for third-class. *Lambs* find ready sale for all offering at unchanged prices. First-class bring \$3.50 to 4.00; second \$2.75 to 3.00, and third about \$2.00. *Calves*.—There is less demand and supplies, too, have fallen off. Good first-class would be quickly taken at \$9.00 to 10.00. Second-class are worth \$5.00 to 6.50 and third-class \$3.00 to 4.00.

*FLOUR AND MEAL*.—*Flour*.—Stocks in store on the 3rd inst. were 7,288 brls. against 9,841 brls. on the same date last year. The latter part of last week was dull, but some improvement is noticeable within the past few days. The demand is steady. Superior extra has sold at \$5 10, and about that figure is usually asked. Extra has sold at \$4 82½ and 4 90, the latter figure being about the ruling one. Fancy is selling at \$4 65 f. o. b. Spring extra has ranged from \$5 30 to 4 40 f. o. b. *Oatmeal*.—The only sales to report are in small lots, which range from \$4 25 to 4 60. Car lots are worth \$4 to

4 10. *Bran* is offered at \$7 on the track; one car, however, sold at \$9.

*FREIGHTS*.—Lake Ontario freights remain the same at 1½c gold, to Kingston, and 1½c American currency, to Oswego. No charters to Lake Erie ports. *Grand Trunk Railway*.—Rates are as follows: Flour to Montreal 25c, to Point Levis 40c, to St. John 60c, to Halifax 65c per barrel; and grain half these figures per cental. *Rates by Steamer*.—Rates per the Jacques line to Montreal are 20c on flour, and 5c on grain; and 12½c on flour, and 4c on grain, to Kingston, Prescott or Brockville. The Royal Mail line carries flour to Montreal at 20c. *Through rates to Britain*.—Flour to Liverpool via Allan Line is nil per bbl.; or in bags 50s. od. per ton; grain, nil, exclusive of bagging; butter and cheese, 72s. 6d. per ton; boxed meats, tallow, pork and beef in barrels, 60s. od.; lard, 60s. od.; oil-cake, 60s. od. per ton. To Glasgow via Montreal, flour is nil per bbl.; wheat, nil per cental, and boxed meats and pork, 60s. od.; cheese and butter, 65s. od. per ton; tallow 55s. od.; lard 60s. od. per ton; flour and oatmeal 50s. od. per ton.

*GRAIN*.—Stocks in store on the 3rd inst., were fall wheat 158,550 bush.; spring wheat 289,408 bush.; oats 17,273 bush.; barley 10,903 bush.; peas 46,770 bush.; corn 700 bush.; against fall wheat 61,634 bush.; spring wheat 36,613 bush.; oats 52,288 bush.; barley 2,471 bush.; peas 921 bush.; rye 100 bush. and corn 665 bush. on the same date last year. *Wheat*.—The market is quiet as buyers and sellers are apart. No. 1 fall sold in lots at \$1.15 f.o.b. No. 2 fall offers at \$1.12 with \$1.10 bid. No. 1 spring has sold at \$1.07 which would be again paid but holders are asking \$1.08 to 1.10. Treadwell is worth \$1.08, and No. 3 fall sold at \$1.06 on the track. *Oats*.—The market remains about the same with sales of car lots at 31c; bagged at 32½c, and inferior in store at 27c. *Barley*.—Is purely nominal at our quotations. *Peas*.—The only sale reported since our last was one car of No. 1 at 76c f.o.b. No large lots offering.

*GROCERIES*.—*Coffee*.—The market is firm with a quiet upward tendency. There have been sales of small lots of Java at 29 to 31c, and one lot of Mocha brought 33c. *Fish*.—There is nothing doing, and prices are nominally unchanged. *Fruit*.—The stocks held here are very small, but appear to satisfy the demand. Layers are obtainable at \$2 50 for new, and \$1 40 to 1 50 for old in small parcels. Small lots of Valencia range from 8 to 8½c, and one lot of 200 boxes changed hands at 7½c. The movement in currants is small at 7 to 7½c, as the demand is not very brisk and stocks are very limited. *Rice* continues very steady both as to sales and prices. Good samples in small parcels bring \$4.10 to 4.25; one lot of 50 bags changed hands at \$3.87, and inferior is still to be had at \$3.75. *Syrups* are very quiet and unchanged in price. *Tobacco*.—There is no demand for lots and sales are confined to small parcels at our past range of quotations. *Liquors*.—The enquiry is light and sales small; prices unaltered. *Sugar*.—The market retains its past firmness with an upward tendency and a fair share of activity. Dry crushed sells at 9½c, and granulated has advanced to 9½ to 9¾c for small quantities. The lightness of stocks both here and in the States contributes to the firmness of the market. Porto Rico ranges from 6½c for dark to 7½c for bright. Barbadoes sold in lots at 6½c and 6½c and 7½ to 7½c in parcels. Scotch in lots of a few hds. sold at 7½c for dark, and 8 to 8½ for bright. *Tea*.—There has been a more active enquiry, especially for lines of young Hyson and a larger number changed hands than for some time past. Prices were steady. In other kinds only three or four lines were moved.

*HARDWARE*.—Dealers are doing a fair steady

business and appear to be selling very cautiously. The movement is chiefly confined to heavy goods. Ingot tin, nails, glass, galvanized iron tin plates, and Canada plates are in good demand at much the same prices. In Canada plates, Arrow and Glamorgan can be bought at \$4.50 and Mansfield at \$4.25. Iron wire is lower.

*HIDES AND SKINS*.—*Hides*.—The market is comparatively quiet. There is nothing to unsettle or change prices, and the limited supplies coming forward makes business generally dull. Dealers are paying 6c for No. 1 steers; 5c for No. 2 steers; 5½c for No. 1 cows. Cured are nominal at 4c advance on these prices. *Lambskins* are coming in fairly well at 40c, and pelts have also advanced and are selling at 25c. *Calfskins* move very quietly at 11c for No. 1 green and 8c for No. 2.

*LEATHER*.—Nothing new to note. Stocks are well supplied in all lines. Native produce is very dull. Upper is collecting in hands here and prices are not likely to go up for some time. Harness leather, if prime stock, would meet with sale, but there is very little doing, and prices are illy sustained. Foreign goods are in all supply for wants. The general tendency of the market is unchanged. Money coming in very slowly in shape of remittances.

*PROVISIONS*.—*Butter*.—The transactions in this market have been extremely limited, but purchases have been steadily made outside at 15 to 16c for choice lots, and in a few rare instances at as high a price as 16½c. These prices would apparently be given by dealers in this market. Inferior is worth 13c. *Cheese*.—Sales are confined to small lots at 11 to 11½c.

*Eggs*.—The market is supplied, as the falling off in supplies is balanced by the lessened consumption. Prices continue firm at 10 for lots. *Pork* is in small compass and prices firm at \$21.50 to 21.75 for the small quantities moving. *Hams*.—There is no change to note in the market; movements are fair and prices steady. *Bacon*.—Large lots of Cumberland which are moving are worth 9½c; tons sell at 10 to 10½c; canvassed brings 10c; shoulders 9½ to 9½c smoked, and 8 to 8½c green; Long clear is worth 11 to 13½c. *Lard*.—Small lots are the only quantities moving; tinnets bring 13½c and tierces 13c. *Hogs* are worth \$7 to 7.50. *Dried Apples* are selling in small parcels at 7½ to 7½c.

*SALT*.—Liverpool in lots can be had at 70c undelivered, and 80 to 90c in small quantities. Canadian is quiet at \$1 in car lots, and \$1.05 in small quantities.

*WOOL*.—The purchases of the past week on this market have not been large, and nearly all taken was at 27c. There was one lot sold at 26c, but nothing over the former figure has been paid.
