Strong Testimony of Emigrant Commissioner, the Hon. George Starr, as to the power of Radway's Ready Relief in a Case of Sciatica, Rheumatism.

VAN NESS PLACE, NEW YORK.

DR. RADWAY.—With me your Relief has worked wonders. For the last three years I have had frequent and severe attacks of sciatica, sometimes extending from the lumbar regions to my ankles, and at times to both lower limbs.

During the time I have been afflicted I have tried almost all the remedies recommended by wise men and fools, hoping to find relief, but all proved to be failures.

I have tried various kinds of baths, manipulation, outward application of liniments too numerous to mention, and prescriptions of the most eminent physicians, all of which failed to give me relief.

Last September at the urgent request of a friend (who had been afflicted as myself), I was induced to try your remedy. I was then suffering fearfully with one of my old turns. To my surprise and delight the first application gave me ease, after bathing and rubbing the parts affected, leaving the limbs in a warm glow, created by the Relief. In a short time the pain passed entirely away. Although I have slight periodical attacks approaching a change of weather, I know now how to cure myself, and feel quite master of the situation. RADWAY'S READY RELIEF is my friend. I never travel without a bottle in my valise.

Yours truly, GEO. STARR.

INTERNALLY.—A half to a teaspoonful in half a tumbler of water will in a few minutes cure Cramps, Spasms, Sour Stomach, Nausea, Vomiting, Heartburn, Nervousness, Sleeplessness, Sick Headache, Diarrhoea, Colic, Flatulency and all internal pains.

Malaria Cured and Prevented.

There is not a remedial agent in the world that will cure fever and ague and all other malarious, bilious and other fevers, aided by RADWAY'S PILLS, so quickly as RADWAY'S READY RELIEF.

5 cents per bottle.

PUBLIC OPINION.

Victoria Province: Times appears to be on the mend in Australia. The revenues of Victoria, South Australia, and Western Australia are increasing. Those of New South Wales have decreased. The treasurer of New Zealand states that the results of the financial year are "exceedingly satisfactory."

Montreal Witness: Great Britain is having its bimetallic controversy at present, in which Mr. Balfour is distinguishing himself for outspoken advocacy of the two metal basis. It is to be hoped that he will not wreck his reputation upon the reef which seems most dangerous to political dignitaries—financial questions.

Quebec Chronicle: General Coxey's demonstration, as everybody expected, has ended in a fizzle. He thought that he was running a snowball, which would increase in size and strength, as he went along. He had made up his mind that, by the time that he had reached Washington, he would have had no fewer than three hundred thousand men under his command. As a matter of fact, he had less than six hundred enrolled, and most of them were disorderly tramps. "General" Coxey has made a miserable fiasco of the whole affair. The American people laughed outright. The Canadian people did not know what it all meant. The ring-leaders of the demonstration have been landed in jail, and their trial will, in due course, follow.

St. John Globe: The Canadian Pacific Railway is setting the Government of Canada a good example. It is not in the receipt of such a large income as it had and so it has begun to practise economy. Its economy reaches into every department of its service and it is carried out with a firm hand. The Government of this country is not receiving anything like an income for all its services, yet there is no end to its extravagance. The fact was developed the other day that Mr. Pope, a public official with a large salary, was allowed, by authority of a Minister, extravagant extras during the Paris arbitration. The Minister who so authorized would not do his private business in that way. But the country is fine game for Ministers and all their subordinates, and people who do not like the conditions and who desire to see the country honestly governed are merely pessimists.

Halifax Chronicle: As regards the proposed fast Atlantic service we have simply to repeat what we said on Monday—that we are strongly impressed with the idea that a twenty-knot Atlantic mail service at \$750,000 will cost the country more than it is worth; but if such a service is practicable at all and if \$750,000 a year is not too much to pay for it, then the acknowledged impracticability of the St. Lawrence route should be no bar to it so long as the excellent and easily accessible port of Halifax is located where it is—on "the wharf of British America" jutting out into the Atlantic. If there is to be a twenty-knot fast Atlantic mail service then a port in the Maritime Provinces, and not Montreal or Quebec, must of necessity be the terminal on this side of the Atlantic. This must be insisted on by the Maritime Provinces in connection with any improved Atlantic mail service.

Carbuncles Large as Hen's Eggs!

Mrs. NANNIE GOULDMAN, of Beulahville, King William Co., Va., writes as follows: "For about eight or ten years my father, Col. T. U. Fogg, of West Point, Va., was laid up with carbuncles, the worst that I ever saw. He tried everything he heard of, his doctor could do nothing for him. Had six or seven carbuncles at a time, as large as hen's eggs. He got so weak and suffered so much he could not walk a step. In 1872 he had his bed put in the middle of his room and got on it to die. No one expected him to get well. He saw Dr. Pierce's Golden Medical Discovery advised for all blood disorders. Before he had taken half a bottle of 'Discovery' they began to go away. Two bottles entirely cured him. He is now 78 years old, and enjoys good health."
