Electric Freight Service

Trackage covering an area 20 miles wide and 80 miles long serves lumber mills, canning factories, salmon canneries and commercial houses with an efficient freightage system. B. C. Electric service includes 156 miles of interurban track, covering Vancouver, New Westminster, the Fraser Valley and Delta.

We connect the entire lower mainland and portions of Vancouver Island with the C.P.R., C.N.R., G.N.R., C.M. & St. P. and N.P.R. Through rates quoted. When you locate on B.C. Electric lines you have access to all steam roads.

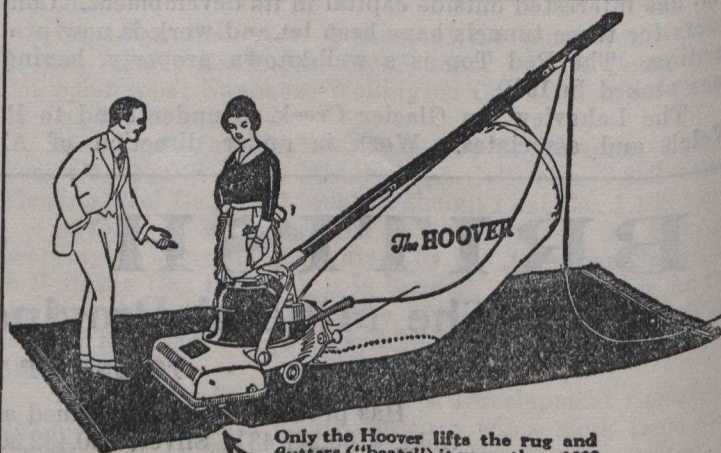

Select your factory site so that you will have B.C. Electric Power and Service.

Only the Hoover lifts the rug and flutters ("beats") it more than 1000 times a minute on a cushion of air

THREE CLEANERS IN ONE

Some people go over their rugs with a vacuum cleaner. Next they use a broom for clinging litter and they feel they must have their rugs beaten every so often.

Other people Just Run the Hoover Over. Their rugs are always "clean to the roots." The nap is kept up-standing and the colorings always look bright. The rugs wear years longer.

Certainly it is better to combine three cleaning operations in one as only the Hoover does; which is the one secret of it's largest sale.

We will gladly demonstrate the Hoover on your rugs, without obligation to you. Just Phone Seymour 1670, Hoover Department.
