

RAPIDS BY CANOE.

In this instance, I advise that you take out a very large insurance policy, as your widow may marry a poor man and need the money to support him. I do not wish to discourage you from this trip. It is

NOT ALWAYS FATAL,

but is very exciting at times when you go at railroad speed among the rocks ! The Indian guides have become very expert rock dodgers. The other way is much more prosaic, but far safer ; you simply get into a car on the Chicoutimi branch of the Quebec and Lake St. John railroad, and ride down quietly the 64 miles to the boat landing. You will possibly reach

CHICOUTIMI

at night, but don't let that worry you,
