CHRISTMAS MARKET IN MONTREAL YARD

Supply of Cattle Larger Than Usual, But Activity Lacking.

MONTREAL, Dec. 14.—At the Montreal Stock Yards, west end market, this was Christmas market, in that the supply of cattle was much larger than usual, the number of head offered being 1800-in excess of this day week. There was a heavy fall of snow Sunday night, but the weather today was mild, and this, coupled with the general quiet condition of trade here, tended to curtail operations to some extent: consequently the market was void of its usual activity at this season of the year, but on the whole a fair amount of business was done.

There were a number of loads of extra cho'ce steers on the market for the Christmas trade, for which the demand was somewhat limited at \$8.25 to \$8.50 per hundred pounds, owing to the fact that butchers and packers generally seemed to be satisfied with the quality of the choice steers, of which the offerings were larger than they have been for some time past.

As there was no advance in prices for such, a fair trade was done in car lots at \$7.75 to \$8 per hundred pounds. There was also a number of others of lighter was also a

good demand from foreign buyers for Manitoba spring wheat today, and as cables were stronger at a further advance of 7½d to 10½d per quarter, the sales of 15 loads were made for December-January and January shipment. There was also some enquiry for barley, but owing to the difficulty of buying any quantity in the west exporters are no in a position to make offers. The local market for coarse grains continues quiet, the demand being only for odd car lots at steady prices. Demand for flour is quiet, and the market is without any new feature. The trade in millfeed is active and the undertone to the market is strong.
