

STYLE M

Architect's and Engineer's Double Table With Styles H and B Tops

DESCRIPTION

THIS Table embodies a Double Elephant Top as shown in Style H, and a Single Top as shown in Style B. It illustrates the fact that all our tops are interchangeable; simply by drawing a pin any top can be lifted off and placed on any other table, except Style A. This Style has all the improvements as enumerated under Styles B and H., made of solid oak, rosewood or mahogany finish. Illustration shows drop door open exposing drawers.
