

Contains 2,000 New Words not in previous Editions.

In Fcap. 8vo. price 2s. cloth, or 2s. 6d. roan embossed,

WALKER'S
PRONOUNCING DICTIONARY
OF THE
ENGLISH LANGUAGE.

A NEW EDITION,
CRITICALLY REVISED, ENLARGED, AND AUGMENTED.

BY P. AUSTIN NUTTALL, PH.D.

The great want that existed of a new cheap Dictionary, that should contain the numerous new words which the progress of knowledge, the extension of literature, or the usages of fashion, have brought into general use, has induced the publication of this new edition of Walker's Dictionary by Dr. Nuttall. (No wonder 18,000 copies of it have been sold in a few months.) Upwards of 2,000 words usually omitted in cheap Dictionaries are included in this, and the pronunciation of each word is distinctly shown by being *re-spelt as pronounced*.

It is not only a Dictionary, but contains—

An Introduction to the English Grammar.
On the Origin, Construction, and Derivation of the English Language.
Principles of Derivation.
Prefixes of the Saxon, Latin, and Greek Languages.
Alphabetical List of Abbreviations used for despatch in writing.
Pronunciation of the more important European Languages:

French, German, Dutch, Danish, Swedish, Italian, Spanish, Portuguese, Modern Greek.
Directions for addressing Persons of Rank.
Chronological Table from the Creation to the present time.
Alphabetical List of Cities, Boroughs, and Principal Towns in England and Wales; their Market Days and Distances from London, &c. &c.

In fact it is a perfect

TREASURY OF KNOWLEDGE.

The above WALKER'S DICTIONARY by Dr. NUTTALL may be obtained of all Booksellers, or sent free by post on receipt of 23 postage stamps.

No other Cheap Dictionary in existence bears any comparison to this in price or information.
