## HYDRO-ELECTRIC WINS OUT IN NORTH TORONTO

Council Are Almost Unanimous in the Matter—An Interesting Session—Suburbs.

NORTH TORONTO, Aug. 28.—(Special.)—With only one dissenting vote and that of Council member Lawrence, the North Toronto town council tonight decided in favor of the Toronto Hydro-Electric as against the Interurban and the Toronto Electric for the future supply of power and light. The fight has been a long drawn out one and its final disposition along with the future supply of power and light will be a source of satisfaction to every citizen of the town.

As on every former occasion every inch of the way was keenly contested by the rival companies, each watching the other's movements, each waiting for a slight advantage to be obtained. Through it must be said the council have been fair and impartial and any other conclusion would have been attended by a strong protest from the townspeople.

In the outset to-night the attitude of Council member Lawrence was as it has hitherto been, distinctly antagonistic to the Hydro-Electric, and he argued their case with an eloquence and earnestness which had, together with the report of Engineer James, a short, concrete one, gave the figures as follows: Toronto Electric, 11.5¢ per horsepower per month; Interurban, 11.7¢ per horsepower per month; and Hydro-Electric, 11.4¢ per horsepower per month. This was a one-year contract, and the council have now power to extend this time without a submission of the matter to the ratepayers.

Discussing the matter, Council member Lawrence said "The Interurban have always treated us most courteously and I cannot see how we can do otherwise than award them the contract, but I am not sure that the contract is not slightly higher than the Toronto Electric. And then in addition, there is always the danger that that old Warrenton franchise may be a source of trouble to us. We went to the Whitney government some years ago to try to get them out of the business, and Council member Lawrence said "But would they do anything? Not a bit of it." and seconded by Council member Spittal, he moved that the Interurban get the contract.

Council member Spittal, who was seconded by Council member Munn, that the Hydro-Electric get the contract, and after a long and heated discussion, the council decided to award the contract to the Hydro-Electric.

Council member Spittal, who was seconded by Council member Munn, that the Hydro-Electric get the contract, and after a long and heated discussion, the council decided to award the contract to the Hydro-Electric.

THE T. EATON CO. LIMITED

GORDON WALDRON TO BE E. B. OSLER'S OPPONENT

Capt. Hunter, Adjures West Toronto Liberals to Shake Off Apathy and Vote.

Gordon Waldron will present himself as the votive offering of the Liberal party in West Toronto, where the normal Conservative majority is a few thousand. It was so decided at a gathering of the faithful in Brockton Hall last night, after Capt. A. T. Hunter, who once dared the avalanche in the riding, had magnanimously retired.

"You are suffering from physical and mental inertia," (Lisless cheers.) "You must get out and cast a vote this election, even if it be an ignorant and stupid or Conservative one. Last election only 50 per cent. of the Liberals of West Toronto voted. You must stop the bad habit of waking up in the morning and finding there was an election the day before."

See Him Smiling.

Upon Mr. Waldron's uprising loud cheering arose that almost shattered the atmosphere of the hall. Mr. Waldron, whose candidature was prearranged, proceeded to thank everyone for the receipt and the honor, etc., as is usual. Then he began a lengthy dissertation upon the policies and movements since the birth of the Nationalist.

He carried on a campaign during the last ten years to cause the Nationalist feeling in Quebec.

Mr. Waldron, leaving Quebec to a bitter fate, turned his attention then to Ontario, which he wants to save at all hazards from all harm.

"The Conservatives," he said, "do not give reasons, nor arguments, they merely utter cries."

G. G. Miles, a maker of doors, deposed that the mechanics of Brockton could turn out just as good doors as the Yankees any day. "Shame," he cried, "on the Canadian who says he is afraid of the Yankees." He wants reciprocity on doors.

Dr. Spence, who once tried to win West Toronto, urged each Liberal to be selfish and vote for himself regardless of country and incidentally for reciprocity.

Dr. Hunter was in dread alarm that Bourassa and Sifton would scuttie Canada, and C. W. Curry forcefully and indignantly demanded that the Liberals of West Toronto pass reciprocity, and that they also register.

About 200 attended the meeting, which was fairly lively, and Mr. Waldron was apparently acceptable to most of them.

For a Comfortable Trip to Montreal.

Secure a berth in a Pullman sleeper on a Grand Trunk train. The smooth roadbed, laid with 100-pound steel rails, together with the only double-track line, makes this the desirable route. Four Grand Trunk trains leave Toronto daily, the 9 a.m. and 10.30 p.m. being particularly attractive, the latter carrying dining car and parlor-library car to Montreal, also Pullman sleeper through to Boston, while the latter has five or more Pullman sleepers to Montreal daily (which may be occupied at 9 p.m.). Remember, the Grand Trunk is the only double-track route. The morning and evening trains carry full information at Grand Trunk Ticket Office, northwest corner King and Yonge streets. Phone Main 4209.

## FIVE KILLED BY STORM

## MILLION PROPERTY LOSS

Charleston, S.C., Isolated for 24 Hours—Wind Blew Nearly 100 Miles an Hour.

CHARLESTON, S. C., Aug. 28, via Summerville, S. C., Aug. 28.—As a result of a freak storm which struck this city and Savannah, Ga., last night, which reached hurricane proportions, Charleston virtually has been isolated for 24 hours. Five persons are known to have been killed near here, and property losses, it is estimated, will reach \$1,000,000.

The wind velocity increased from 45 miles an hour at 1:25 p.m., to 94 miles at 10:20 p.m., when the wind gauge was put out of adjustment.

The tide was something over eight feet during the storm, three feet short of 1892. The waters have caused wash-outs on the approaches to the Union Station, preventing the operation of trains.

Alonso Coburn, an engineer on the Charleston division of the Southern Railway, was instantly killed by flying timbers. A Mr. Smith of Columbia, and a Motorman Cutter of the local street railway system, were killed, while men seriously injured when a trestle collapsed, and two unidentified women were drowned when their home was flooded. Several negroes are also reported among the storm victims.

Great damage is feared for the rice and sea-island cotton industries by the rise of the tide. Not since the cyclone of 1885 has the water front here suffered so severely.

Assistance for the people marooned on Sullivan Island was relieved this afternoon, when a steamer came in with a load of excursionists and residents from the island. The island was completely flooded, houses were inundated and the people had harrowing experiences. Two schooners and a small steamer were either sunk or damaged and had it not been for splendid rescue work by soldiers at Fort Moultrie the death list would have been appalling.

The Morning World is delivered before breakfast to any address in Toronto or suburbs for twenty-five cents per month. Phone M. 3209.

## The Cook's "Day Off"

You have to give her a day off from the hot kitchen. The cook's "day off" is generally an "off day" for the entire household. It is a day of short rations and unsatisfied hunger. It need not be an off day if you have

## SHREDDED WHEAT BISCUIT

in the home—the food that is ready-cooked, ready-to-serve, full of nutriment and easily digested. You can prepare a delicious, nourishing meal with Shredded Wheat Biscuit and Triscuit without building a fire in the kitchen. Place two Biscuits (whole or crushed) in a deep dish and cover with berries of any kind—raspberries, blackberries, huckleberries or other fresh fruits—and then pour over them milk, adding a little cream and sugar to suit the taste. Serve Triscuit instead of ordinary toast with butter, soft cheese or caviar. It is a crisp, delicious snack for the Summer days.

Shredded Wheat is ready-cooked, ready-to-serve. It is made of the whole wheat, steam-cooked, shredded and baked—nothing added, nothing taken away—the cleanest, purest, most nutritious of all cereal foods.

## ALD. MAGUIRE CHOICE OF CENTRE TORONTO LIBS.

Convention at Broadway Hall Was Marked by Real Flood of Golden Prophecy.

Ald. Alf. Maguire was nominated to contest Centre Toronto against Edmund Bristol at a well-attended Liberal convention held in Broadway Hall last night. The choice was unanimous. W. J. O'Reilly was in the chair.

The candidate declared that he was going to fight fairly and squarely and would ask no favors of his opponents. Senator Jaffray entered the hall late in the evening.

"It is probably time I retired from politics," he said, "but this question is so important that it is not a time for anyone to stand idly by."

Louis F. Heyd, K.C., declared that he was coming to a fight in South York. The bigger the fight, the better he would be satisfied. He was up the number of votes Mr. Maclean had been elected by in the last contest, and he thought that South York was the place where he could have a good fight.

"Where could a fellow with my ambition and anxiety go to fight and a warmer spot?" he asked. "I think the fight in South York will help me to get out of my system all of the political ambition that has been bottled up within me for many years," he declared.

A Real Optimist.

He would be willing if I was a betting man to put my horse on Mr. Ward," said the speaker.

As Mr. Fernon, president of the Centre Toronto Liberal Association, commended an article which appeared in a local paper amid cheers.

"I have here an article which says that Sir Wilfrid Laurier forced onto the Liberals of South Toronto Mr. J. J. Ward, and that he forced onto the Liberals of Centre Toronto Mr. Maguire."

"In my official position would have had some knowledge of such a thing, but the first notice I had of it was the article."

Ald. Maguire Orates.

Ald. Maguire said he thought Mr. Maclean would have the fight of his life in South York and the audience cheered the prophet.

The speaker attacked J. W. Flavelle, E. A. Lash and Sir Edmund Walker. In referring to their attitude toward reciprocity he declared

that they were "absolutely dishonest and are deceiving the people."

When Controller Ward spoke he apparently wished to evade the reciprocity question, but he said that he was pleased with the sentiments of the previous speakers on that subject.

L. V. McBrady and J. W. Curry also spoke. W. J. O'Reilly, secretary of the Toronto Reform Association, was in the chair.

WESTERN CROPS

No Ill Results Are Yet Apparent From Recent Frosts.

WINNIPEG, Aug. 28.—Renewed anxiety was expressed this morning over the safety of standing crops in consequence of frosts, which occurred Saturday and Sunday night. Beyond some damage to tender varieties of ground products, no ill results are yet apparent. The wheat market, which is a most sensitive barometer of western crop conditions, declined to-day of a point, and the lowest temperature recorded in the past 48 hours.

To-day it has been mostly clear and cool with a few local showers. Harvesting received a temporary setback thru the showers of yesterday and Saturday. Twenty-four hundred harvest hands have arrived from Eastern Canada since midnight.

Many Unskilled Navigators.

Again the ferry captains are angry because there is no law forcing owners of small craft to pass an examination before risking their own lives and also the lives of others. It is said that hundreds of small boats never carry a light and that those on board do not know one whistle from another.

The ferry men insist that many lives would be saved each season if the sailors of these small pleasure craft were compelled to pass a satisfactory examination.

AYLESWORTH'S 'PLAINT.'

Captain Laurier, stop the boat. I want to get off and walk.

For if you don't, I am afraid I'll never see North York.

About the canal the people talk: I really must get out and walk. Stop the boat, and out I'll get. And make room for Robinette.

Captain Laurier, stop the boat. I want to get off and walk.

For if you don't, I am afraid I'll never see North York.

—J. B.

## After the Fireworks and the Street Car Tussle, a Little Snack Before Bed

Getting home is very often the happiest part of a busy day at the Exhibition. How good it is to sit down and prepare a light lunch in an Electric Chafing Dish, while talking over the events of the day. No trouble, no fussing around a hot stove—just attach the cord to an electric lamp socket and turn the button. Ask for the Comfort Number—Main 3975.

THE TORONTO ELECTRIC LIGHT CO., Limited, 12 Adelaide St. EAST

## Credit River Polluted.

Steps will probably be taken soon at the request of Chief Justice Sir Glenholme Falconbridge, to prevent the Superior Portland Cement Co. from polluting the Credit River. It is said that the company discharges matter into the river, and that it kills the fish.

A case came before the chief justice not long ago in which Emanuel Bell asked for an injunction restraining the company from discharging offensive matter on his fields. The company acknowledged it, paying Bell damages, and the matter would have been before the Ontario department of game and fisheries.

WEST TORONTO.

WEST TORONTO, Aug. 28.—(Special.)—Altho West Toronto citizens were a few weeks ago promised a complete cleaning-out of street drains, apparently those behind the Keele street subway were forgotten, for in the heavy rainstorms yesterday and to-day, the streets were flooded with water which at one time stood three feet deep.

The annual church athletic meet of the West Toronto churches will be held on Saturday afternoon, Oct. 4.

Dr. R. R. Hopfield of Annette street returned home to-day after a couple of weeks' trip up Lake Huron and Georgian Bay.

DALE FUND NOW \$3861.

At a committee meeting last night of the athletes' campaign to raise \$50,000 for the Dale fund, it was announced that \$3861.10 had been received to date. The proposition was brought forward that if ten Toronto residents would each donate \$1000 each it would give the campaign a good boost. The campaign closes to-morrow and the committee would like to receive all the lists as soon as completed. The list of names and the amount required, viz., \$50,000.
