

JAPANESE TROOPS OCCUPY SEOUL

Many Persons Suspected of Attempt on Governor Are Under Arrest.

Tokio, Sept. 12.—Since the attempt to assassinate Baron Saito, governor of Korea, at Seoul, on Sept. 2, every part of that city has been occupied by Japanese troops and the place is virtually in a state of siege. The would-be assassin is still at large, although a number of persons suspected of being implicated in the plot are under arrest. The bomb thrown at Baron Saito exploded with terrific violence, and an inspection of the fragments has shown the missile was scientifically constructed. It is the opinion of the police that the bomb was not made in Korea, but was brought into the country, probably from Manchuria.

The attack followed days of agitation in Seoul, the demonstrations being marked by flag-raising, public meetings and the closing of shops. An independent newspaper was issued on Aug. 22, the ninth anniversary of the annexation of Korea by Japan, as an avowed expression of protest. The day was called "national" in the publication.

Japanese Press Views.
The Japanese press takes the view that the bomb outrage was to have been expected, pointing out that it was almost a logical development. It expresses the opinion that the appointment of a naval officer as governor of Korea was probably inopportune and the result of poor judgment, as it only served to inflame the Koreans, who had hoped that a civilian would be named. Takeshi Inukai, leader of the Kokuminto, or National party, takes a similar view. He said that a civilian might have calmed the Koreans, who regard Baron Saito as a man of the sword, like his predecessors.

BIG FOOD STOCKS ARE CONFISCATED

Montreal, Since First of Year, Condemns Quarter Million Pounds of Meat.

Montreal, Sept. 12.—The city of Montreal, from Jan. 1, 1914, till Aug. 22 of this year, confiscated enormous quantities of food which was unfit for human consumption, having done away with 215,667 pounds of meat alone.

With also 884 pounds of fowl, 60,076 pounds of fish, 1147 pounds of fruit, and 3223 pounds of vegetables, if not the whole of Canada, in the line of confiscation, with Quebec city running a close second, that city having had 55,613 pounds of meat condemned in the ancient capital, over 90,000 pounds of this being veal.

These figures were made public this morning by officials of the food department, of which Dr. Boucher is director.

"The fault of the appalling waste can be traced to several causes," asserted the food department. "The blame lies principally with the butchers, who send meat into the cold storage houses and leave it there until it becomes unfit to eat."

MARSEILLES STRIKE SCARCELY GENERAL

Marseilles, Sept. 12.—While the strike here cannot be said to be general, two of the principal unions, the tramway employees and the teamsters, have called out their members. A very large number of workmen are idle, and the strike is growing more serious. There is no sign of a greater part of the city was in darkness tonight.

The metal workers, bakers, and building trades unions have voted to join the strike tomorrow night. They will meet tomorrow night to decide whether to join in the strike movement. It is believed the vote will be favorable.

German Depot at Basle Taken Over by Allies

Geneva, Sept. 12.—It is reported from Lorrach, Baden, that the allies have taken over the important German railway station at Basle, which, although in Swiss territory, has hitherto been in German control under treaty rights.

Under allied control the huge passenger and freight traffic thru the station, which is the gateway to the north and south of Europe, is expected to be greatly facilitated. The Swiss, it is declared, are greatly pleased at the new conditions, because German control has always been a thorn in the side of Swiss sovereignty.

Jugo-Slavia Has Concluded Trade Treaty With Austria

Ljubljana, Sept. 12.—Jugo-Slavia has concluded a commercial treaty with Austria and Hungary by which it will supply the two neighboring states with flour, corn and ore. The preliminary treaty was signed on Wednesday. Delegates have started from Belgrade to conclude at Prague an agreement with Jugo-Slavia. Under the treaty conditions of exchange will be fixed for sugar, oil and machinery.

CANNOT RECOGNIZE THE POLISH CLAIMS

Czechs Will Refuse to Sign Treaty if Interests Are Not Preserved.

Prague, Sept. 12.—"If the peace conference decides the Teschen question against the Czechs and does not preserve their interests the Czechoslovak delegates to the conference will refuse their signatures and leave to the Prague national assembly the right to decide."

Premier Tusa made this announcement today in concluding a long statement on the Teschen question to the assembly.

"We have always been partisans of order and stable organization in eastern Europe," he said, "and we are ready to subordinate our interests to the general good; but as regards Teschen, we cannot recognize the Polish claims." After Premier Tusa's statement, Franz Tomsan, president of the assembly, declared in the name of the Czechoslovak people that they never would give up the Teschen region.

The assembly unanimously endorsed Premier Tusa's declaration.

TO ESTABLISH STATUS OF THE DOMINIONS

London, Sept. 12.—The Times, alluding to the discussions on the peace treaty in the Canadian and South African parliaments, says that the task in the future will be to bring to the practice of the empire into correspondence with the theory established by the peace conference, as to the international standing of the dominions. Until this is done, says The Times, the British government must still represent the dominions in many international negotiations.

The resident dominions' ministers in London will help to keep the British government in touch with dominions' opinion, but much more than that will be needed.

FIGHTING CONTINUES THRUOUT MONTENEGRO

Paris, Sept. 12.—A Montenegrin official communication issued at Paris says that fighting continues fiercely throughout Montenegro against the Serbian invaders, who have suffered several losses. The Serbians have sent 15,000 reinforcements by way of Bosnia and Cattaro.

The communication complains of atrocities upon Montenegrin men and women.

Grand Army of Republic Opposes the Peace Treaty

Columbus, Sept. 12.—Resolutions opposing ratification of the United States of the peace treaty in its present form were adopted almost unanimously here today by delegates attending the annual encampment of the Grand Army of the Republic.

Col. James D. Bell of Brooklyn was unanimously elected commander-in-chief, and Atlantic City chosen as the 1920 encampment city.

SPECULATE ON DATE SESSION IN QUEBEC

Some Authorities Declare Legislature Will Not Meet Until Next Spring.

Quebec, Sept. 12.—There is considerable speculation here concerning the date of the next session of the Quebec legislature. L'Action Catholique today stated that it was probable that the session would open on Nov. 4 or 11, while L'Evenement contends that there will be no session held this fall, and the legislature will not meet before the middle of January, 1920. Among the important measures forecast for the next session is a bill calling for an expenditure of \$5,000,000 for the development and encouragement of colonization. In this connection, the latter's capacity to pay, and the legislature will not meet before the middle of January, 1920. GERMANY WELL ABLE TO PAY INDEMNITY

Paris, Sept. 12.—Speaking in the chamber of deputies yesterday, Louis Loucheur, minister of reconstruction, declared that the French financial claims upon Germany in no wise exceeded the latter's capacity to pay. He added the Germans have always been hard workers and possessed of much commercial, industrial and agricultural initiative, and pointed out the yield of grain per acre has always been higher in Germany than in France. He declared that it was reasonable to expect that every German activity would be devoted to the task before that country.

FREQUENT HEADACHES

A Sure Sign That the Blood is Watery and Impure.

People with thin blood are much more subject to headaches than full-blooded persons, and the form of anaemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs. Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich red blood made by these pills will remove the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are under-nourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up your blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of these disorders will disappear. There are more people who owe their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so. You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

EMPIRE WILL TAKE PULP AND PAPER

Commissioner in London Says Canada Has Every Reason to Be Encouraged.

London, Sept. 12.—The Canadian pulp and paper industry has every reason to be well satisfied at the prospects of business in Great Britain, the opinion of A. L. Dawe, who was sent by the industry at the request of Lloyd George to assist in the expansion of trade with the mother country and secure additional shipping facilities.

Prior to sailing for Canada on the Melita, Mr. Dawe stated that in three months' canvases of the country he found a marked preference for Canadian pulp and paper products and large orders had already been placed which will be augmented as soon as shipping facilities permit. Realizing the important part which pulp paper played in the successful prosecution of the war, and the fact that in previous years the sources of raw materials were under the domination of alien countries, there is a strong sentiment towards the encouragement of trade with the empire in pulp and paper.

Canadian pulps are highly regarded by paper makers and equal to and in many cases of better quality than the Scandinavian and German grades. Many Canadian manufacturers of pulp and paper are strongly represented in Great Britain by capable selling organizations fully alive to their opportunities.

PREMIER SMUTS WARNS AGAINST SECESSION

Cape Town, Sept. 12.—In the assembly yesterday, Premier Smuts referring to the Herizog party's campaign for independence, solemnly warned them that in the United States, millions of lives had been sacrificed on the altar of secession. Two courses, he said, were open, mutual co-operation or the path to secession. "We continue," said the premier amidst cheers, "to stand by the Vereeniging treaty and our word of honor."

On the other hand secession was a path leading to a broken South Africa, a discredited South Africa, and moreover with a native population far outnumbering the white population.

DROWNED BEFORE EYES OF HIS WIFE AND SON

Chicago, Sept. 12.—Thrown from his motor launch when the rapidly revolving fly-wheel caught his trousers, Mich. Judge Henry Guerin of the superior court of Chicago, drowned before the eyes of his wife and son, in the storm-swept waters of Lake Michigan yesterday, after making a futile attempt to swim against the undertow. The boat was but a short distance from shore at the time of the accident.

Mr. Justice Guerin of Montreal is a relation.

GERMAN TAX IS ON FORTUNES

Berlin, Sept. 12.—The government's inheritance tax, it is estimated, will yield 775,000,000 marks per year, while its levy on fortunes will turn over to the national treasury nearly three billion marks annually for the next thirty years.

PEACE PROGRAM OF THE RED CROSS

Final Session of Central Council—Will Aid Medical and Nursing Service.

Winnipeg, Sept. 12.—An extensive peace time program for the Red Cross Society, including promotion of medical and nursing service and other public health measures, in addition to the primary function of the society, which is the physical welfare of those suffering as a result of war, was endorsed by the central council of the society here at the final session. The Duke and Duchess of Devonshire were present at both sessions, and every province but Prince Edward Island was represented.

It is considered that the medical and nursing service is one which will make the greatest appeal to the country as a whole and the scheme will be worked out with the co-operation of the various existing agencies, such as the Canadian National Association of Trained Nurses, the Victorian Order, and will include enrolment of available workers, both trained and volunteer, for emergency and continuous service. Special facilities will be provided for courses for nurses.

Aid for Siberia.

By amending its bylaws, the central council has made a uniform fee of one dollar for active membership in the Canadian society—junior branches, a fee of twenty cents. There will be no cessation of the war work of the society so long as the need for assistance in that direction exists. Siberia will receive four carloads of drugs and supplies from the Red Cross as soon as they can be transported, and further aid to the amount of \$100,000, if necessary, has been sanctioned.

PERSHING IN WASHINGTON.

Washington, Sept. 12.—General Pershing arrived in the national capital at 3.30 p.m. today to notify the government, formally and in person, that his task as commander-in-chief of the American expeditionary forces in Europe had been successfully concluded.

SMUGGLING HELPS TO DEPRECIATE MARK

Assisted by Absence of Regulated Customs, Says German Paper.

Berlin, Sept. 12.—The great amount of smuggling thru the occupied districts and the lack of any regulated customs duties or the impossibility of imposing them unless Great Britain, France and the United States agree to advance by The Vossische Zeitung as the reason for the continued depreciation in the value of the mark, rather than Finance Minister Erzberger's financial policy.

The newspaper contends that the present removal of capital from the country owing to unregulated smuggling and the purchase of articles of luxury are chiefly responsible for the low value of the mark. It adds that the peace treaty conditions, by which goods may be imported into Germany for five years without the payment of duty, constitute a hole thru which, unless an understanding with France is reached to assure strict control, not only Asiatic products, which are not objectionable, but all kind of foreign products will flow thru.

A huge supply of marks has been gathered in the occupied districts and are being held as a menace over Germany, says the newspaper. Efforts to reach an understanding with Great Britain and France, it adds, up to the present have failed, but they must be persisted in to establish a definite customs border.

The Vorwaerts points out that Tuesday's quotations on the mark constituted the lowest figures in history, and comments on the situation along a line similar to that adopted by The Vossische Zeitung.

British Steamer Chilton Goes Ashore Off Nova Scotia

Halifax, N. S., Sept. 12.—The British steamer Chilton, from Charlotte, N. B., for Glasgow, went ashore at St. Paul's Island, in the fog early this morning, according to word received here today. The ship is not in any immediate danger. A ship will be sent from Sydney to her assistance.

QUEBEC TO REVISE GENERAL STATUTES

Appoints Special Commission—Work Will Extend Over Three Years.

Quebec, Sept. 12.—The lieutenant-governor-in-council has appointed a special commission for the revision of the general statutes of the province of Quebec, in accordance with the law passed at the last session of the legislature and sanctioned on the 17th of March, 1913. The commissioners appointed are as follows: President, Mr. Charles Landot, deputy attorney-general; commissioners, Mr. A. Reaume, Mr. K.C. of Montreal and Mr. L. F. Geoffrion, K.C., clerk of the executive assembly; the secretaries, Mr. Fernand Murphy, K.C. of Quebec and Mr. W. Chichine, K.C. of the attorney-general's department. According to the law, the president of the commission is entitled to a salary of \$5,000, and the commissioners will receive not less than \$2,400, and the secretaries will be paid salaries of \$1,200 each.

The new commission will get down to work shortly and as the work involved is considerable, it is estimated that it will last three years.
