

METHODISTS MOURNING PRINCE IN ISRAEL FALLEN

Great Through Attends Funeral of Distinguished Divine in Metropolitan Church.

Simple but impressive services were held at the Metropolitan Church, on Friday afternoon at the funeral of the Rev. Dr. Potts. The church was crowded. The platform and organ gallery were draped in black.

"Canadian Methodism, American Methodism, British Methodism, Ecumenical Methodism all mourn with us to-day as the sad tidings of the death of our beloved brother, Dr. Potts, is flashed around the world.

"Born in the land of warm hearts and generous souls, reared under the nurture of such men as Enoch Hood, Samuel D. Rice, John A. Williams, Morley Punshon, Samuel S. Nelles, their companion and friend, ever moving amid distinguished contemporaries, he came to a lofty seat in the council of his church and to a throne of power and usefulness in the philanthropies of the city, the nation and the world.

"True to Highest Interests. In his relations as a citizen, he was ever true to the highest interests of our Dominion and empire, firmly adding that righteousness, intelligence and virtue exalt the nation and invigorate the national life.

BEER BUILDS BODIES PURITY

Ontario beers are pure, above all else—far more pure than most of the milk sold.

Beer is a food-drink that makes the stomach do its work better, because it increases the flow of the digestive juices and gives the stomach muscles more strength to their work.

Beer is better for run-down people than medicine; and for thin-blooded people nothing else will enrich the blood so surely and quickly.

Ask your own doctor if you hadn't better drink beer with your meals.

CITY ASKS COMMISSION TO PROBE COAL PRICES

Controllers of One Mind in Deciding to Petition the Dominion Government.

The Dominion Government will be asked by the city to appoint a commission to "investigate, determine and report the reason for the increased price of coal, and whether any combine exists for the purpose of raising and keeping up the price."

A decision as above was reached by the board of control yesterday, when the mayor submitted a resolution calling attention to the allegation that there was a combine in the coal business in Toronto and elsewhere, "whereby the price of coal is rising from time to time until it has become, and is now, an excessive burden, and that unduly large profits are realized by those engaged in the trade."

The resolution to petition the government was passed unanimously, and opinions were expressed that investigation should be made into the handling of other commodities. Controller Hubbard suggested an inquiry into the reason why butter is 32c a pound and why the milk producers had combined to increase the price of milk.

The controller thought there should be some definite evidence of a combine in coal before taking action, but the mayor rejoined that there was a general feeling that the people were being held up, while Controller Ward thought there was the appearance of a combine. He referred to dealers as informing the public of advances to take place from time to time in the future, and asked how they were enabled to know in advance when it would be necessary to raise the price. The resolution was then unanimously carried.

Measles Hospital. The proposition to build the new measles hospital near the isolation hospital was opposed by a deputation from the Riverview Business Men's Association, the claim being made that property would be depreciated. Dr. Sheard will confer with the property owners.

W. D. Lighthall, honorary secretary-treasurer of the Union of Canadian Municipalities, went offering the support of the organization to the prospective fight to compel the Hamilton Radial Railway cars to enter Toronto.

City to Build Spur? The works committee yesterday decided finally to recommend the building by the city of a spur line into Ashbridge's Bay, the city to have control of the line. There was present a deputation from the Riverview Business Men's Association to urge that the city build the line.

No more recommendations as to street railway extensions will be made for the present owing to the opposition of property owners to the construction of lines, and the realization that the city has no power to compel the company to build lines. The proposed line on Clinton-street was, therefore, withdrawn.

The extension of Harbord-street, without a bridge, across the ravine was recommended, it being estimated that, by filling in, \$50,000 could be saved.

In consideration of the complaints of Brunswick-avenue residents, the block system of numbering will be abolished.

High Pressure System. Night shift began work on the high pressure system of mains last night, and it is hoped that the whole undertaking will be completed and the street obstructions removed within six weeks. Thus far 40,000 feet of pipe have been laid. Work is now in progress on Queen-street from Bay-st. to John-street, Adelaide-street from John-street to Church-street and King-street from Bay-street to Jarvis-street, while work has yet to be begun on Victoria-street from Queen-street to Shuter-street and on Shuter-street from Victoria-street to Yonge-street.

EMBREE TO MAKE REPORT ON SCHOOL SUPERVISION

Dr. Hawke's Motion to Abolish Office of Senior Principal Referred to Committee.

The board of education Friday night referred to the management committee Dr. Hawke's resolution to abolish the office of senior principal.

Mr. Leves' motion, that all the schools under the control of the board should be directed by one executive head, to be known as superintendent, was also referred to the board of management pending a report from Dr. Embree as to the advisability of making such an appointment.

James Simpson's motion, "that the union wage clause in the contract form of the board of education be amended to provide for the union or prevailing number of hours of employment," was voted down, as was also his motion that legislation be applied for empowering the board to pay a salary not to exceed \$300 a year to members of the board.

It was decided to open a night school for Italians in the Agnes-street Mission Hall, with Rev. G. Merlino in charge.

DETECTIVE STILL IN CELLS. WINNIPEG, Man., Oct. 18.—The Geo. Smith, the city detective, was unqualifiedly justified by a coroner's jury last night. The attorney-general's department to-day began active steps to prosecute him on the charge of murder. Bail was refused, and Smith is in the cells. He refused to be sworn before the coroner, and answered no questions, merely alleging that he did not shoot to kill. Intense indignation has been created by the verdict. Gans, the dead man, was suspected of theft, but his influential Hebrew friends and family were able to secure a writ of habeas corpus, and he was released. SAULT STE. MARIE, Ont., Oct. 18.—An early morning fire destroyed the clothing and furnishings stock of Fraser & Co., corner of Queen and Elgin-streets. The stock was valued at \$500, and insured for \$500 in Ontario, London Mutual and Traders' Insurance companies. The cause of the fire is unknown.
