My Life. Extreme cases of dis-

ease test the real value of a medicine. Many "tonic" and "stimulant" preparations, which have no real medicinal value, seem to brace no real medicinal value, seem to brace up the users when they are feeling "played out." Any stimulant will do this whether bought at the liquor store or drug store. The true test of a medicine is when life itself is staked on its remedial power. In hundreds of such cases Dr. Pierce's Golden Medical Discovery has been the means of saving life when even the "family doctor" had when even the "family doctor" had pronounced sentence of death.

pronounced sentence of death.

"I had been a great sufferer for several years, and my family doctor said I would not be a living man in two years, but, thank God, I am still living," writes Mr. George W. Trustow, of Lipscomb, Augusta Co., Va. "Dr. Pierce's Golden Medical Discovery is what saved my life. I had heart trouble so bad that I could not lie on my left side without a great deal of pain. I was nearly past work when I commenced your medicine, but I can do about as much work now as any man. I cannot say too much for the benefit I have received."

Many diseases, named for the organs affected, as "heart disease," "lung disease," "liver complaint," etc., are perfectly cured by Dr. Pierce's Golden Medical Discourse thickers. ical Discovery, which cures through the stomach diseases which originate in the

Premier Ross' Million-Dollar Highway Bill is Reported on by

a Committee.

MANY SUGGESTIONS ARE OFFERED,

ways, But Not on Roadmaking Machinery. The Special Committee appointed t

make a workable bill of Premier Ross much-talked-of million dollar highways bill has adopted this report: The general desire, as represented by those who have appeared before your com mittee, is that the Government grant be paid to the municipalities as it is earned, in a lump sum, rather than extended over a period of years. It was thought, however, by some that it would be better that the money should be paid in instalments, Your committee would suggest that the

Government might make provision in this respect so, as to meet the varied wishes of The evidence given before your commit tee as to the method of dividing the money has been diverse, the following plans hav-ing been suggested:, According to acreage, assessed value, county boundaries, or popu-

That County Councils should have the power to form systems of county roads and to raise money therefor when they can secure the assent of the Township Councils. In case of the fabure of the County Councils to secure the support of such Township Councils, that the question of designating and maintaining a system of county roads be submitted to the ratepayers of each county in one of two ways—either by plebiscite vote, or by a bylaw designating the roads to be improved and the amount of money to be raised for such purpose, the minority to be bound by the

the amount of money to be raised for such purpose, the minority to be bound by the result of such vote.

That a clause be inserted in the bill requiring County Councils, when establishing systems of county roads, to lay out the mileage of such roads in such a way that it will bear as near a proportion as practicable to the area or assessment of the various township municipalities, or to the advantages that are likely to accrue to them, as the latter might be determined by a competent arbitrator. competent arbitrator.

That a single, uniform standard for such roads as arc, according to the provisions of this bill to receive Government aid, cannot be laid down for the whole province.

Such a standard, subject to the approval of the Department of Public Works, should has excluded tourists from precincts of his Liquor, Tobacco and Morphine Habits.
