

THREE CASES OF WHISKY VAINISH IN SEVEN DAYS

Disappearing Act Causes a Heavy Fine to North End Citizen.

DRUNKEN CAROUSAL

Blamed for Present Small Stock, But Magistrate Refuses to Listen.

With no witnesses to prove that he had disposed of three cases of whisky in the course of seven days in a perfectly legitimate way, James A. Hughes, 315 Chesapeake street, pleaded guilty in police court today when he was charged with keeping liquor for sale contrary to section 40 of the O. T. A. Despite a plea for leniency made by E. H. Scatcherd, who appeared for the defence, Hughes was fined \$100 and costs, with the option of five months in jail.

GOOD TEMPLARS.—The program, "Brothers' Surprise," was full of surprises for the sisters at the regular weekly session of Hope of the West ladies, L. O. G. T., held last night at the home of the financial secretary, Wm. Giles, 230 Talbot street.

FALSE ALARM.—A false alarm was received at the central fire station this morning at 11:40 to a house at the foot of the Dundas street hill.

MUSICAL FESTIVAL.—A musical festival by the band of the Salvation Army, conducted by Mr. J. E. Harrison, will be held at the headquarters of the Salvation Army at 457 Ottawa avenue.

BUILDING OF NEW "Y" PROVIDES PROBLEM FOR THE DIRECTORS

Larger Gym Is Badly Needed to Accommodate Calisthenic Classes.

The question that is uppermost in the minds of many city boys is, is there going to be a new "Y" in London next year? W. R. Yendall, chairman of the board of directors, told The Advertiser today that for some time the board had been working on building plans, but certain things that cannot be determined have come up and so far nothing definite has been arrived at.

STEADY WORK FOR CIVIC EMPLOYEES IS ASSURED, SAYS MAYOR

Several Small Sewer Construction Jobs Await City Council's Approval.

Steady work will be provided for city employees by means of a number of small construction jobs. Mayor Little said today. There are a number of small sewers to be constructed for which plans already have been passed. Only the sanction of the council is needed to get these under way and it is probable that there will be sufficient work to keep the present employees busy throughout the winter.

CITY AND COUNTY MAGISTRATES DIFFER OVER O. T. A. FINES

Magistrate Graydon Does Not Agree With Squire Hunt's Ruling.

Magistrate A. H. M. Graydon does not agree with County Magistrate Hunt of St. Thomas, that the fines for ordinary drunks should be increased to \$10. Magistrate Hunt recently fined a Port Stanley fisherman, for drunkenness, \$10, instead of the usual \$5. Mr. Hunt claimed that he increased the amount because of the high cost of living.

G. T. R. TO CONSTRUCT LARGER TURNABLE IN THE LOCAL YARDS

New Table Will Be 20 Feet Longer Than Present One.

Because the turn-table now in use at the G. T. R. roundhouse can handle the large electric type locomotive now used on practically all through trains used on this division with the greatest difficulty, a new turn-table must be installed. It was announced today by the general manager, E. Forrester, of the local division, that the work will be started in December. The new turn-table will be 20 feet in length. The present one has been in use since the roundhouse was erected and is only 70 feet in length.

In cases of whooping cough. The spasms of coughing are less frequent and less violent when Chamberlain's Cough Remedy is used, and the danger is greatly lessened.

COUGH REMEDY

Today, Just A Little Bit Of "Old Lunnon" Misty Atmosphere and Leadens Sky Greet Citizens Today—However, the Optimist Is On the Job.

For a sudden, misty atmosphere and a dull, leaden sky, London, Ont., today almost equalled its great name—out to be one of those kind of days in which nothing seems to happen. There was no indication that it would get brighter or that it would even get a little rain or snow or show of improvement.

CAN'T KEEP ANY YEAR'S EXPENSES

Present Method of Collection Much the Best.

SAY COUNTY OFFICIALS

Middlesex Finances Never in Better Condition.

In reply to agitation in some circles for a "pay-as-you-go" policy of financing county and other municipal administrations, officials of Middlesex County state that even if the county council was convinced that this would be a good plan (which the county council does not think), it would not be legal under existing laws of provincial legislation.

County councils and other municipal bodies, it is pointed out, are not authorized to levy any year's expenses for next year's expenses. The county council has no option in the matter, it is pointed out. Each year's county council at the June sessions strikes the estimates for the current year's expenditures. The rate is struck and the county revenue is collected late in the year. It is the only way that it can be done, say the officials, among them County Clerk Stuart and Engineer Charles Talbot, under whom considerable money is expended for road improvements.

Objection is taken to any suggestion that the county of Middlesex be loaded down with a heavy debt. The total debt of the county is only about \$1,000,000, say the officials. No debentures have been sold since 1912, when the last debentures were sold for \$1,000,000. The amount of debentures issued then was \$2,000,000. The county debt which are now being sold do not mature until 1925 and could not be bought in, even if the county had the money lying in the bank for the purpose. The amount of the city of London, which has only a slightly larger total assessment than Middlesex, is \$1,000,000. The amount of debentures issued then was \$2,000,000. "Have You Tested My Blood, Doctor?"

"YES, I have."

"And what is the result?"

"Not very satisfactory."

"What seems to be the trouble?"

"Well, your blood is thin. It is lacking in what we call the red corpuscles. It does not contain enough of the nutritive qualities to properly supply nourishment to the nervous system."

"But I am not nervous."

"No, you are not, in one sense. Your hands do not tremble. You are not easily startled or excited. But nevertheless your nerves are not in good condition. There is not enough nervous energy in your system to work the machinery of the body."

"Perhaps you never thought of the vital organs of your body as requiring any motive power—any propelling energy—but they do, and this force comes through the nervous system."

"Because you are not conscious of every heart beat and of every breath you breathe is no indication that this action is not the result of nervous energy."

"You really have two brains—one with which you think and act voluntarily, another one which, without any conscious effort on your part, controls the action of the various organs and members of the

body. It is the failure of this sympathetic nervous system, as it is called, which most frequently causes trouble.

"Because nervous energy is lacking there is weak functioning of the vital organs. The digestive fluid does not flow properly in the stomach, and you have nervous indigestion—the action of the liver and bowels is slow and weak, and you suffer from constipation. And so it may be with other organs. While they are not really diseased, their action is weak for lack of nervous energy. What you need is a good restorative."

"What do you think of using Dr. Chase's Nerve Food?"

"There's nothing better. You know we doctors prefer to prescribe our own favorite treatments, but I have seen such splendid results from the use of Dr. Chase's Nerve Food by my patients that I no longer hesitate to recommend it."

The active and concentrated ingredients of Dr. Chase's Nerve Food are approved by the best medical authorities as a means of building up the exhausted nervous system. The experiences of many thousands of people go to back up the professional opinion, and hence the enormous success of this great restorative. 50c a box, all dealers, or Edmansons, Bates & Co., Limited, Toronto.

Rheumatism

A Remarkable Home Treatment

In the spring of 1912 I was attacked by muscular and joint rheumatism. I suffered as only those who have it know, for over three years. I tried every other remedy, and doctor after doctor, but such relief as I obtained was only temporary. Finally, I found a treatment that cured me completely and permanently. I have since given it to a number who were terribly afflicted and even bedridden for the past 40 years. It has cured 100 to 80 years old, and results were the same as in my own case.
