

LIKE THORNS IN THE FLESH

Are the Sharp Twinges and Tortures of Rheumatism—Dr. Williams' Pink Pills a Certain Cure.

The twinges and the tortures of rheumatism are due to cold, damp weather as so many people imagine. Rheumatism comes from poisonous acid in the blood. The pains may be started by cold weather, damp weather or by keen winds. There is only one way to cure rheumatism. It must be treated through the blood. All the liniments and rubbing, and the electrical treatment in the world will not cure rheumatism. The acid that causes the disease must be driven out of the blood and the blood enriched and purified. It is because Dr. Williams' Pink Pills make new, red blood that they have cured thousands of cases of rheumatism after all other treatment had failed. As a proof of what Dr. Williams' Pink Pills will do even in the most severe cases of rheumatism, the case of Mr. David Carroll, a well-known furniture dealer of Pictou, N. S., may be cited. Mr. Carroll says: "I have been a most severe sufferer from rheumatism, and in the hope that some other poor sufferer may find relief from my experience, I gladly write you of the benefit I have received from Dr. Williams' Pink Pills. The trouble settled in my shoulders and down my spine, and at times I was quite unable to raise my arm. I was attended by a doctor, but as I did not appear to be getting any better I sent for a so-called electric belt for which I paid \$40.00. It did not do me any good and then I tried another remedy, but without any better results. A friend asked me to try Dr. Williams' Pink Pills, and got three boxes. By the time I had used them all I found the stiffness and pain less severe, and I got another half dozen boxes. When I had taken these, every symptom of the rheumatism disappeared, and in the two years that have since passed, I have had no return of the trouble. I believe there is no other medicine equal to Dr. Williams' Pink Pills for curing this most painful trouble, and I have recommended the Pills to others who have not been benefited by their use."

Dr. Williams' Pink Pills not only cure rheumatism, but all the other diseases due to poor watery blood, such as anaemia, indigestion, nervous depression, neuritis, St. Vitus's dance, paralysis, and the ailments of childhood and womanhood, with their headaches, backaches, sideaches and attendant miseries. Only the genuine Pills can do this and you should see that the full name "Dr. Williams' Pink Pills for Pale People" is on the wrapper around each box. Sold by all medicine dealers or by mail for 50 cents a box or six boxes for \$2.50 from the Dr. Williams Medicine Company, Brockville, Ontario.

MURDERER'S SANITY.

Board of Physicians Report on Negro's Mental.

VANCOUVER, B. C., Oct. 23.—A plea of insanity will be defence of James Jenkins, the negro accused of the murder of Mrs. Mary Morrison near Hazelton. The trial opened at New Westminster this morning.

Last evening a board of physicians was appointed to make an examination of the prisoner. The physicians decided that Jenkins is sane, but his mentality is weak.

W. G. McQuarrie is the defence counsel, having been appointed by the court. Chief Justice Hunter is hearing the case.

THROW AWAY ALL YOUR FEARS

Backache, Gravel and Rheumatism Vanish Before Dodd's Kidney Pills.

Proved Once Again in the Case of Mrs. Fred Krieger, Who Suffered From the Worst Forms of Kidney Disease.

PALMER RAPIDS, Ont., Oct. 23.—(Special).—The thousands of Canadians who live in daily terror of those terrible forms of Kidney Disease known as Backache, Gravel and Rheumatism, will be deeply interested in the story of Mrs. Fred Krieger, of this place.

"I was for years a great sufferer from Kidney Disease, Gravel, Rheumatism and Backache," Mrs. Krieger declared. "It attacked me first in my back, then in my legs, and finally in my joints. I was so weak and nervous, my limbs were heavy, I had a dragging sensation across my joints, and I was totally unable to do anything. Reading about wonderful cures by Dodd's Kidney Pills led me to buy some. After using a few I found they were doing me good and that encouraged me to continue their use. Eight boxes made me well.

"I have been able to do my own work ever since, and to-day I am completely cured. Dodd's Kidney Pills gave me health and I feel like a new woman."

"If you keep your Kidneys strong and healthy you can never have Backache, Rheumatism or Gravel. Dodd's Kidney Pills never fail to make the Kidneys strong and well."

SEEKS THE PROMOTION OF VOTERS' INTERESTS

MacDonnell, South Toronto Candidate, for Political Uplift—Liberals Applaud Him.

With stern and effective language driving home, to the plaudits of the audience, the points of difference in the national political situation, the candidate for South Toronto, A. C. Macdonnell, and other politicians addressed one of the most representative and enthusiastic gatherings last night that has crowded a hall to its capacity in Toronto. The meeting was at Macdonnell Hall, Queen and Peter-sts.

Liberals were there to a goodly percentage, which was manifested by utterances before the speaking was begun. But as the propositions before the people were broached and argued out they joined with the Conservative element in expressing their sentiments of approval for a government that promised a reformation of public maladministration.

As Mr. Macdonnell stepped to the platform the crowd burst into song and hurrahs, and seemed for a time uncontrollable.

Mr. Macdonnell made a modest appeal to the voters. He spoke of the alleged abuses in the government and the record of the government in power.

Touching on oriental labor he said that the Liberals were responsible for Chinese immigration and yet when a Conservative engaged a Chinese servant he was censured.

The issue at hand, he believed, was to supply the people of the country with employment, which the Liberal-Conservative party, he averred, would do.

Mr. Macdonnell set aside all personal interests and controversies and declared that he believed it was his duty, in order to conserve their own interests, to support the party in power, the Liberal party.

Thomas Hook made an appeal to the voters to support Mr. Macdonnell, believing it was their duty, in order to conserve their own interests. The fault he found was with the leaders of the party in power, not the Liberal party.

Edward Randall, an international representative of labor organizations, and a young man who seemed possessed of a law extending the laboring man's interests, spoke on national and international problems that beset the working man.

Hon. Thomas Crawford, made an earnest appeal. Through the meeting speakers were interrupted by applause and when Mr. Macdonnell declared he would make an effort to secure the passage of a law extending the polling hours from 8 a.m. to 8 p.m., there was deafening cheering for several minutes, and someone in the audience said that such a law would save many a man's pay.

Thomas Chapman presided and on the platform were Squire Cohen, E. J. Yeoman and other Liberal-Conservatives.

WRONG VIEWS OF JOHN BULL

Continued From Page 1.

been the history of the British Empire always. As organizers we could not compete with the Germans and other continental people, but as he grew older he had come to realize that business and nations could be run by over-organization. It was the British system, he said, as Lord Rosebery said. Muddling thru meant that the best man got to the top.

"And here in Canada we see that when you wanted them there came from the other side of the water, mostly from Scotland, as fine a group of men as ever built an empire," he continued, and named Lord Strathcona, who had done vast work for Canada and Great Britain.

John Bull's Way.

"Now a few words with regard to your business partnership with John Bull," he said. "You Canadians have on the other side of the Atlantic a very wealthy old gentleman with a great belief in his own kith and kin, and in the world. John Bull likes security, it is true, and he is all the time looking for more 4 per cent investments. The common stock, with the unlimited profit and the risk of course he leaves to the pioneer, and you can hardly expect him to do otherwise. John Bull's investments are not by any means confined to Canada. Railroads, electric traction, land development and mining are absorbing millions of English pounds, and thousands of able Englishmen, in South America alone, have collected \$100,000,000 in investments in the far east are still increasing and are likely to increase."

"I emphasize these points because I have heard of two types of Canadian Canadians: one that thinks that the old man is merely a grasping hold-on; the other, a more dangerous class, thinks that he is an old fellow easily played with. The latter theory is a very dangerous one, because there is this about John Bull—if he once loses confidence, I doubt whether he will ever regain it. Treat the British investor well. Remember that stock, unlike gardens, needs no watering, and the question of capital, generally the most burning one in new communities, will not disturb you."

MILTON, Oct. 23.—The postoffice has established a rural mail delivery route between Milton and Mount Nemo. The first mail will be delivered on Saturday morning.

Seasons Court Winds Up.

John King, K.C., asked for an adjournment of the hearing of his client, Wm. Cochrane, in the general sessions court, on Monday, and Judge Winchester obliged by traversing the case to the December sittings. This being the last case to be heard by a jury the jury were paid off.

Those convicted in the sessions will come up for sentence on Tuesday at 1 o'clock. A number who have elected to be tried by the judge still have their fate in doubt.

Cochrane is charged by Gunns, Limited, with theft of \$90. Defendant some time ago assigned his business on Harbor-street, and afterwards is alleged to have gone around to some of his debtors and collected \$100. Gunns, Limited, were his creditors for a large amount, and when they heard of this they issued a warrant.

THE COMPANY'S OFFER

Three Townships of finest clay land in Northern Ontario are offered for sale at \$1.00 per acre, on easy payments and performance of settlers' conditions. The Ontario Veteran Lands Company, Limited, are selling 160-acre farms in the Townships of Taylor, Carr and Beatty, in best section of New Ontario. The Company have made arrangements whereby the settler is paid for clearing his land for cultivation by sale of the timber for cash, when cut in the bush or delivered at the railway.

A GOOD CLAY COUNTRY

The soil throughout these three Townships is the finest clay land one can see anywhere in Canada. The land clears easily, as the roots are near the surface, while the drainage by the Black River and its branches is the best. Most of the timber is spruce, an ideal growth for pulpwood.

The Company's offer is open for those who apply right now. Call or write for fuller particulars at once, as the early choice of locations is the best. The offer affords an opportunity to acquire a splendid home and a life

Hadley v. Elder Judgment.

This is a partnership action and before the plaintiff applied for upon notice to the defendant and obtained an order for the appointment of a receiver. The terms of the judgment were that a receiver was to be appointed and the name of the officer, if not agreed upon, was to be settled by the registrar. Before the name had been ascertained and before the order was made, the plaintiff filed and served notice of discontinuance under C.R. 430. After notice of filing and serving the order had been given by the plaintiff, the registrar proceeded to issue the order appointing Mr. Clarkson receiver. He took possession of the partnership property and assets until for the plaintiff's notice that they dispute his right to be in possession or to deal with the assets. The receiver thereupon applied to the court for direction, on notice to both parties.

The effect of the notice of discontinuance before defence is to end this particular litigation so that the proceedings taken to complete the appointment of receiver were per incuriam and without foundation. The order applied to the receiver in taking possession, but in the face of the discontinuance being brought before me I cannot do anything but direct him to withdraw from the possession. His

LOST HIS NERVE

A strong man almost died, grew thin, weak and nervous.

A REMARKABLE RECOVERY.

"Until three years ago I was the picture of health—then I became what people call Neurasthenic. I grew sleepless, worried, lacked will power, felt great physical fatigue, experienced fears and felt always in danger of something unknown. All the time I grew thinner and weaker, felt so nervous that I felt the end must be near. No medicine helped, and one friend suggested 'Ferrozone.' It was a fortunate choice, because I improved at once. I gained weight, enjoyed my nervous fears. The way Ferrozone built me up is surprising—it made a new man of me and now I look good for twenty years to come."

J. Y. Waghorne (Merchant) Wilmington.

Ferrozone is a nourishing tonic that strengthens, fattens, builds up, restores weak, sickly people to health. If you feel poorly, let Ferrozone help you get well, 50c. per box, or six boxes for \$2.50, at all dealers.

DO YOU WANT A HOME?

Pay for a good 160-acre farm from this Winter's clearing—\$1.00 per acre for the land (Crown Deed with mineral rights included when the Government settlers' conditions are complied with) and a cash market pledged for your entire timber cut. Follow other settlers who have accepted our offer.

TRANSPORTATION

The Temiskaming and Northern Ontario Railway crosses this tract of land after passing through the Towns of Cobalt, Haileybury, New Liskeard and Matheson (formerly McDougall Chutes). The Black River, which flows through the centre of these three Townships, is navigable, and its banks are most fertile.

THE CLIMATE

The Winter months in these Townships are clear, cold and quiet, while Summer days are long and warm. There are practically three hours more of sun time or growing time in this latitude than there is in Old Ontario. The soil will grow anything that Manitoba can produce, being considerably south of the latitude of Winnipeg. The profits from the timber will furnish an income for the settler from the start.

GUSSING AT THE RESULT.

Montreal Herald Says Ontario Conservatives Will Fare Well.

MONTREAL, Oct. 21.—(Special).—The Herald (Lib.) says a careful review of the field of candidates as entered at the nomination proceedings makes it appear that even allowing a generous estimate of Conservative possibilities, the Laurier government will again be sustained by a majority of the seats outside of the Province of Quebec, tho a somewhat narrower one than in 1904.

The Herald's correspondents predict the following standings:

Ontario 54
Prairie Provinces 8
British Columbia 19
Nova Scotia 3
New Brunswick 4
Prince Edward Island 2
Quebec 15

Totals 88 132

Total Liberal 44.

In Quebec the 65 seats there are six where there is either no opposition or opposition only from independent supporters of the government. Of the ten seats held by the Conservatives in the last parliament there are five returns are all in on Monday night.

Next it will probably be seen that the Liberals have lost the following seats, which they held in the last parliament: Nipissing, Centre York, East Peterboro, West Hamilton, North Lanark, North Grey and one of the Ottawa, while South Oxford, East Algoma and North Essex are among the uncertainties.

J. R. McKessack, Conservative counsel at Sudbury, has received a message that "Cap" Sullivan recently traversed the transcontinental with Thunder Bay, the riding in which Jas. Connors is the Liberal candidate. It states he has been assisting materially in rounding up workmen for the lists.

Receipt that Cures Weak Men—Free

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, falling memory and brain back, brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest, quickest-acting, and most effective remedy for the cure of nervous debility, lack of vigor, weakened manhood, falling memory and brain back, brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

I think I owe it to my fellow man to send them a copy in confidence, so that they may be convinced it is the surest, quickest-acting, and most effective remedy for the cure of nervous debility, lack of vigor, weakened manhood, falling memory and brain back, brought on by excesses, unnatural drains or the follies of youth, that has cured so many worn and nervous men right in their own homes—without any additional help or medicine—that I think every man who wishes to regain his manly power and vitality, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription, free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

Mr. Sheldon's Statement.

LEAMINGTON, Ont., Oct. 23.—Here is most manifest proof that only one remedy exists for catarrh. For two years I sought a remedy to cure my son of Catarrh, but personal results were not obtained till he used "Catarrhazone," which cured like magic. He has been quite free from catarrh since using "Catarrhazone." No wonder "Catarrhazone" has such an enormous sale; no other remedy can prove so many successful cures—that should be said. Moral—Use "Catarrhazone" yourself, two months' treatment costs \$1, and is guaranteed; sample size, twenty-five cents, at all dealers in medicine.
