WINTER'S trying conditions so affect the skin that at about this period it ofton breaks down. Skin "breakdown" is shown by the appearance of pimples, rashes, ulcers, or red patches. When you go out, does your skin itch or smart? Have you red blotches under the skin, which give your face ... patchy, unpleasant appearance?

Or perhaps you have some skin complaint not on the face or neckhidden from sight, yet which causes you hours and hours of pain? Some patch of rash, or sores due to blood-poisoning, which hitherto have defied all your attempts at cure? If so, don't delay in applying Zam-Buk.

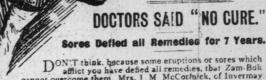

The herbal medicinal properties of Zam-Buk are so perfectly and uniquely blended that the skin can absorb them at once, and thus the cells are stimulated to healthy activity. Zam-Buk attacks and eradicates disease germs directly, and stands on guard, as it were, holding off all germs which, if admitted, would set up festering, until the healing process is complete. Rashes, tetter, ulcers, face blemishes, old sores,

eczema patches, Spring eruptions-all these are removed by Zam-Buk. Mothers will find it the ideal balm for children's sores and babies' rashes. Herbal, healing, and healthproducing, it is without equal as a family balm.

ZAM-EUK IS PARTICULARLY RECOMMENDED FOR

Cuts, burns, bruises, sprains, piles, festering sors, elcers, scaldc, blood-poisoning, eczema, scabs, chapted hands, cold-cracks, chilblaino, ringworm, scalp sores, bad leg, diseased ankles, and all other skin diseases and injuries. Rubbed well into the parts affected, it cures neuralgid, rheumatism, and sciatica. All Druggists and Stores sell at 50c. box, three for \$1.25, or post free from Zam-Buk Co, Toronto, for price.

DON'T think, bacause some eruptions or sores which afflict you have defied all remedies, that Zam Buk cannot overcome them. Mrs. J M McCorthick, of Invermay says: - About seven years are, my face brake out in rough tches, which hurned, and liched, and smarted, in turn almost lendurance. I commenced to try every known remedy I could face and skin troubles. Some of them, as yeon as I went strouble started all over again. I consulted doctors, and they there was absolutely no cure for me, but that I should have inter we way a strong the strength of the source of the source of the disease.

Buk treatments I am now delighted to state that, after having used a few boxes, I am free from the old trouble, and completely cured. I will never be without Zam.Buk in the house as long as I live, and to all who are troubled with skin disease in any form I would say, waste no time in obtaining a supply of Zam.Buk.' "Since proving it in my'own case, I have obtained a supply or old lady who had an ulcer on her leg for thirty years. Three boxes of Zam.Buk were sufficient to close the wound."
