### 40,000 MEN MAY BE IDLE ON THE GREAT LAKES

Big Strike of Longshoremen is Now Said to Be Practically Certain

### RECOGNITION OF UNION

Is the Rock on Which the Men and Employers Will Split—Strike Will Affect all Men in Vessels, Grain Elevators, Docks and Harbor Tugs

Detroit, Mich., May 28—(Special)—It is now almost certain that 18,000 or 20,000 members of the International Longshoremen's Association in the lake district will go on strike within the next week or ten days. A referendum vote of the membership is being taken and the outcome is not in the slightest doubt. The vote will be overwhelming for a strike.

The issuance of a strike order, doubtless, will be left to the discretion of President O'Connor. This was the position taken at a conference held with the Buffalo grain seepers and with the coal and ore dock workers on Lake Erie.

The Longshoremen say that unless their organization is recognized in a satisfactory manner the strike will come. The present conditions, they hold, are growing intolerable.

With the Longshoremen taking part in a great lake strike there will be about 40,000 men idle. They will include the men on vessels, in grain elevators on docks and harbor tugs, and in other positions.

### H. H. ROGERS' WILL

He Leaves \$100,000 to the Public Schools of Fairhaven, Mass.

New York, May 28—The will of the late Henry H. Rogers, was filed for probate here today. The estate leaves all his property with the exception of \$100,000 to the town of Fairhaven, Mass., for the use of the primary and grammar school of that community.

The will gives to the widow the use of the New York City residence and sets aside a trust fund of \$200,000 to \$300,000 to provide an annuity for her of \$100,000. At her death this trust fund is to be returned to the residuary estate.

Mr. Rogers, after making these bequests, divided his residuary estate into four funds, one for the benefit of each of his children.

### CARLETON ELECTION

CASE WAS UP TODAY

Argument was heard before Judge McLeod in chambers this morning for the trial of the petition against the return of George W. Upham, M. P. P., as a member of the provincial legislature from Carleton county at the last by-election made imperative by the withdrawal of B. F. Smith ex-M. P. P. from the provincial arena to oppose F. D. Carvell, M. P., for the federal seat. Mr. Upham's candidate, Mr. Owens, applied for a trial date some months ago, alleging that the sheriff of the county was delinquent in advertising the by-election but was unsuccessful.

### ARMED MEN HOLD UP NEW YORK CAFE

New York, May 28—Four armed men invaded a restaurant at 225 Seventh avenue today, held up the twenty customers, and after robbing two of them of \$38 made their escape. One of the robbers guarded the door, another covered the cashier with his revolver, while the two others drew revolvers and threatened to shoot any of the patrons who might attempt to leave the place. At this several women, who were sitting at the tables fled to the rear of the room, and hid in the kitchen. Threatening to shoot if opposition was made, the robbers searched two of the men and took what money they had. They then warned the victims to make no attempt to follow them on pain of death, the robbers disappeared on the run. They are believed to be members of a notorious east side gang.

### OCEAN LINER WENT ON ROCKS

New York, May 28—Apparently undamaged after resting all night with her bow on the rocks near the Staten Island shore, the North German Lloyd steamer Prinzess Alice was floated at high water today. Tests of her forward compartments showed them to be tight and Captain Moller declared that the steamer was sound and would resume her voyage today. While lying at anchor off Stapleton, Staten Island, restoring the cargo and ballast, the Prinzess Alice was swung by the tide against the hull of the steamer Markon, but neither vessel was damaged by the slight blow. Shortly after 8 a. m. the Prinzess Alice passed out of the harbor for Plymouth. All her passengers remained on board.

### THE WORLD'S AGE

London, May 27—The perennial problem of the age of the world has received a new contribution based on the antiquity of radio-active minerals. Geologists some time ago figured the age of the earth at least 290,000,000 years and the estimate held until mathematical physicists computed that the sun itself had not existed more than 115,000,000. The discovery of radium and the theories of radio-activities seem to be going to establish the geologists' contention. Lord Riebig's son, R. J. Strutt, who is already an eminent scientist, announces as the result of a recent experiment with a chunk of thorium containing radium, that the latter could not have accumulated in less than 240,000,000 years, while experiments on a larger scale, which are now going on, will probably lead to an extension of the time.

It is probable that Chief of Police Clark will send a communication to the city council with reference to the condition of outside lock-ups.

Fourteen Year Old Edmund Bain Has Not Been Seen Since Saturday Afternoon—Had Considerable Money With Him

The receipts at the theatres, music halls, concerts and public entertainments, including boxing matches, in Paris amount last year to \$9,171,490. Although this sum is \$200,000 more than was received in 1907, it does not prove that 1908 was a better year for the entertainment world than 1907.
