Edmundston sub-division they were charged before Police Magistrate Milchaud at Edmundston on October 8, pleaded guilty and were each fined \$1 and \$10 costs. The practice of using velocipedes on the right of way by unauthorized parties is declared a dangerous one and vigorous action will be taken by the authorities to put a stop to it.

ROBERT MOTT DEAD

The death of Robert Mott of Central Cambridge, Queens county, occurred suddenly this morning at the home of his brother-in-law, Edward Straight, Prospect street, Fairville. He had come to the city on Monday apparently in the best of health, to visit relatives and friends. He died this morning about seven o'clock of heart trouble. He was seventy-two years of age and was born and had lived practically all his life in Central Cambridge. He was of Loyalist descent, and a man of upright and sterling character. He had been a deacon in the Lower Cambridge Baptist church since he was a very young man. He leaves to mourn his wife, formerly Miss Almira Straight; two daughters, Mrs. Alexander McMurray of Raynham, Mass., Miss Ollie at home; one son Robert M. of Central Cambridge; two sisters, Mrs. Gaudin of Boston and Mrs. Joseph McDonald of Lower Cambridge, and two brothers, Henry D. of Vancouver and John E. of Raynham, Mass.

CATHOLIC GIRLS'

GUILD MEETING

Plans for Winter Work Mapped Out Last Evening.

A great many members were present at a special meeting of the Catholic Girls' Guild which was held last evening in the St. Vincent de Paul rooms to discuss plans for the winter's work. The president, Mrs. F. J. Power, was in the chair and outlined the work which the guild proposed to take up during the coming season. Her. W. M. Duke, the chaplain in an interesting address called upon the ladies to increase the activity which had shown such good results in the past. Work in connection with the Cathedral bazaar in aid of the school building fund was mapped out and strong committees appointed to handle it.

CRITICIZES SOME SOURCES OF OUR MILK SUPPLY

Statement at County Hospital Board Meeting

Superintendent Says Conditions in Some Places Such That He Would Not Recommend Contract for Milk for Institution.

Some statements in connection with the conditions under which the city's milk supply is produced were made by Dr. H. A. Farris, superintendent of St. John County Hospital, at a meeting of the board of that institution yesterday afternoon in the county secretary's office. They were made during a discussion on the question of milk supply to the hospital. It was reported at the time that the milk bill at the county hospital for 1920 will be \$6,000, and that for the General Public Hospital in 1919 was nearly \$5,000. H. B. Schofield presided, and there were also present Dr. S. H. McDonald, Dr. J. H. Frink, J. King Kelley, the county secretary, and Dr. Farris.

Dr. Farris reported that, in company with Dr. Warwick, he had visited several dairies to enter into yearly contracts with the owners, and said many were so carelessly kept that he would not recommend a contract with them. As a sanitary precaution for the removal of bacteria, Dr. Farris said that in one case he saw a herd of twenty cows washed by a dirty lad, and the whole amount of water used was not more than half a pailful.

In some of the stables, he said, the manure was simply scraped back from behind the cattle; the cans were washed in the morning and hung upside down in the barn over the manure heap, and filled that night or the following morning in the stable. He reported to the board the names of all the producers he had visited. The matter of milk supply was left to Dr. Farris and H. B. Schofield to make the best contracts with producers having the highest rating.

It was decided to request the warden to take up with the County Hospital, the General Public Hospital and other institutions using large quantities of milk, the question of milk production. This was done following a suggestion made at the July meeting of the municipal council by Mayor Schofield proposing a scheme of housing producers on the line of the Valley railway by rebating freight charges.

The board decided to purchase a Ford motor truck which could be used in case of emergency as an ambulance, and Dr. Farris was authorized to dispose of the horse which has been used there. It was decided to have the washing machines at the hospital converted into alternating types.

Dr. McDonald was elected vice-president of the board.

Heavy Blast Hurls Debris and Brookville Quarry Structure Suffers.

The plant of the Smith and Merrieworth line quarry at Brookville was considerably damaged yesterday afternoon. The two upper stories of the crushing and pulverizing plant were badly wrecked, as more than a ton of flying debris fell on the roof. A charge of 300 pounds of powder and fifty pounds of dynamite was put into a seventeen-foot tunnel and detonated. The result was a violent explosion, about 6:45 p.m. It shook the houses for some distance around. It is said that some pieces of rock were tossed as far away as Laval's Lake. The greatest damage was done to the crushing and pulverizing plant, a four-story building. The cupola was demolished and damage done to the upper floors of the building. The building in general is said to be badly wrecked. There was considerable valuable machinery in the building, but being on the lower floors it is thought to have escaped damage. The generator and electric equipment are said to have suffered severely.
