POLITICAL NOTES

REVOLT IN NORTHUMBERLAND
Chatham World.—All the advice that came from the country agree that the Independents are winning. "It is the last election over again," says one report, "with the Morrissey ticket under."

WILL NEED SANITARIUM
J. L. Stewart (Conservative) at New castle meeting.
He agreed with much that Mr. MacLellan had said. The establishment of the sanitarium was especially commendable and he had no doubt but some of the Morrissey ticket might have to go there for treatment when the votes were counted.

MORRISSEY AS A LIBERAL
Chatham World.—Mr. Morrissey called himself a Liberal, but denounces the leader of the Liberal party in New Brunswick, Mr. Pugsley, as a thief, and the honored representative of the Northumberland Liberals in parliament (Mr. Loggie) as "a worse than a burnt Church Indian." He is a great Liberal.

THE YOUNG MEN'S PARTY
Fredericton Mail.—A pleasing feature of the present campaign is the large number of talented and energetic young men who have come to the front as Liberal candidates. Among the number might be mentioned Foster of St. John; McKenzie of Restigouche; Magee of Westmorland; Gilmer of Charlotte; and Limerick of York.

CHANGE OF SENTIMENT
"You would be surprised," said a gentleman from the country to the Fredericton Mail, "at the change in political sentiment."

HIGH DEATH RATE IN THE SPRING

At the very time of year when all nature is awakening to new life human beings are overcome by lassitude and distaste for physical activity, and the death rate mounts higher than at any other time during the year.

What can be the cause? It seems to be due to the mode of life during the cold winter months. By living cooped up in overheated, ill-ventilated rooms the lungs are deprived of the life-giving oxygen, the blood becomes loaded with impurities which are not eliminated from the system as they should be by the liver and kidneys.

These filtering organs are torpid, sluggish and inactive, and need Dr. Chase's Kidney-Liver Pills to restore them to health and activity. There is no way by which the blood can be purified except by the eliminating process carried on by the liver and kidneys. Hence the effectiveness of Dr. Chase's Kidney-Liver Pills as a means of purifying the blood.

ton Mail, "at the marked change in political sentiment. Scores of persons who were shouting for Hazen and McLeod a few years ago are today as dumb as oysters. They make no bones about saying that they are disgusted with the Fleming rule. I believe that if the Liberals take hold and work as they should work, they can elect their ticket on June 26th."

O YOU FLEMING ROADS
Fredericton Mail.—Hon. H. F. McLeod and John A. Young, members of the government ticket in York county, after holding forth at great length at Harvey Wednesday night on the excellence of the highways under the Fleming government had to answer a good Liberal of Hanwell from his sleep at about one a.m. Thursday and get him to harness his horse and pull their auto out of a ditch. Comment is unnecessary for treatment when the votes were counted.

SUNBURY WILL NOT FORGET
Fredericton Mail.—The disgraceful scene being employed by the Tories of Sunbury will lose their candidates many votes on Thursday next among lovers of fair play. When Mr. A. R. Miles was put in nomination a threat was at once made that the son, who holds a position in the public service, would have to look about for another job. Now we have the information that Mr. George Kimball, Liberal candidate in Sunbury, has been dismissed from the position of foreman of the Mitchell boom, the result of Tory influence. The reason is not far to seek. Mr. Kimball is a plain working man and therefore according to the Tory view of the case, is not good enough to represent his country in the legislature.

SHOWING ROGUS MAPS.
Carleton Sentinel.—The people of Royton a few days ago, were shown an elaborate plan of a line of railway through their fertile section, the very day this location was pointed out. Mr. Munro took the people of Summerfield into the railway scheme and had the line of track through their district which is between four and five miles from the route through Royton.

MR. COPP'S PLATFORM
Carleton Sentinel.—The chief merit of Mr. Copp's platform is its practicability. There is not a plank in it which has not been tried out in other countries. There is not a plank in it which has not been advocated by his own people. Mr. Copp proposes to give the people what they want, and what they demanded of the present government.

AGRICULTURAL CREDIT.
Carleton Sentinel.—Take Mr. Copp's plan of providing agricultural credit. When the Hazen Agricultural Commission was roaming about the province many farmers pointed out the need of an agricultural credit system, analogous to that in successful operation in a score of countries. At New Denmark, in Victoria county, A. J. Leeson advised the commission to look into the matter of introducing the agricultural credit system in vogue in Denmark.

He pointed out that in Denmark a man could borrow money on his property for fifty years at an interest charge of four per cent, one per cent, going to reduce the principal, thus making the real interest charge only three per cent. The commission looked into the matter, and strongly recommended the provision of agricultural credit, but the government did not.

THE TWO POLICIES.
Carleton Sentinel.—Mr. Fleming boasts of what he has done for the corporations; Mr. Copp tells us what he is prepared to do for the people. Their manifestoes illustrate the wide difference between the conservative and liberal parties. One asserts the corporations; the other serves the people.

RURAL TELEPHONES.
Carleton Sentinel.—When the Hazen Agricultural Commission met at Glouceville, Carleton county, a farmer there advanced some striking arguments in favor of a rural telephone service. According to the report of the evidence Edward Wylie said that one of the difficulties about getting people to settle on the outskirts was the lack of telephone communication. Lands were unoccupied today that would be occupied, if the families had had the protection the telephone service affords. In case of sickness, accident, fire, or other emergency, when the women were left alone on the farm, the telephone in the house was invaluable, and often saved serious loss even life itself. Other farmers in different parts of the province urged the need of a cheap rural telephone service to facilitate social intercourse and enable them to keep in touch with market conditions and thus sell their products to the best advantage.

LOW VITALITY IN THE SPRING

Vigor comes from good, red blood. Almost everybody's blood is thin and watery in the spring. Hence the tired, languid feeling, loss of energy and ambition, and general weakness of bodily organs. You can feel yourself getting strength and vigor when Dr. Chase's Nerve Food is used. The blood is made rich and pure, the appetite is sharpened, digestion improves, and every organ in the body feels the benefit of the rich, red, self-sustaining blood.

Mr. W. J. Verner, clerk, 20 Blower street, Halifax, writes: "This spring I felt that I needed a tonic. My health was very much run down and my system generally in a weakened condition. Soon after beginning the use of Dr. Chase's Nerve Food I could see that it was doing me good, as I felt very much better. This medicine gradually toned up my system, cured me of headaches from which I used to suffer, and I now take pleasure in recommending it as a grand tonic and general tonic."

ket conditions and thus sell their products to the best advantage.

In practically all the agricultural countries of Germany, Denmark, Norway and New Zealand, the telephone is no longer considered as a mere convenience; it has come to be regarded as a necessity for the farmer as well as for the city business man.

THE WATER POWERS
Carleton Sentinel.—Mr. Fleming has no policy in regard to water power development. In the last session he gave one hydro-electric company the most extravagant privileges, while he refused another company a charter of any kind for no other reason apparently than that it did not have a lobbyist who knew how to sell the ropes. In a letter to the St. John Globe, one of his former supporters, Mr. Frank Hatheway declared that he was giving to the company, which that great promoter, privileges that would enable the promoters to pocket three-quarters of a million dollars. And in addition to that this public spirited leader of the government gave this company the privilege of charging from \$7.50 to \$80 per horse power for electric energy, though in Sweden electric power is sold for as low as \$7.20 per horse-power, and in several Ontario towns for as low as \$10.

REPORT ON THE SABBATH DAY OBSERVANCE
The report on the Sabbath day observance was presented and adopted. A resolution of appreciation of the services of Rev. Dr. Chown, general secretary, was passed.

REPORTS OF THE STATISTICAL COMMITTEE
The reports of the statistical committee and board of examiners were read and adopted. It was decided to hold the next session of the conference at Charlottetown on the second Thursday of June, 1913, at 9 a.m.

AT THIS AFTERNOON'S SESSION
The following district officials were appointed: St. John—Rev. J. L. Dawson, chairman; Rev. Herbert E. Thomas, financial secretary; Rev. Gilbert Earle, Sunday school secretary.
Fredericton—Rev. Nell McLaughlin, chairman; Rev. Charles Hingston, Sunday school secretary.
Woodstock—Rev. R. W. Woodall, chairman; Rev. E. C. Turner, financial secretary; Rev. George Ayres, Sunday school secretary.
Chatham—Rev. W. Harrison, chairman; Rev. J. M. Rice, financial secretary; Rev. J. A. Ives, Sunday school secretary.
Sackville—Rev. Samuel Howard, chairman; Rev. A. D. McCully, financial secretary; Rev. J. S. Shanklin, Sunday school secretary.
St. Stephen—Rev. George Dawson, chairman; Rev. William Penna, financial secretary; Rev. E. E. Styles, Sunday school secretary.
Summerside—Rev. James Strothard, chairman; Rev. M. Johnson, financial secretary.

EVERY YARD OF "PRIESTLEY'S" CLOTH IS ROLLED ON THE VARNISHED BOARD AND THE NAME "PRIESTLEY'S LIMITED" STAMPED EVERY 5 YARDS ON THE SELVAGE.

Whether you want a dainty silk-and-wool fabric like "Ambrose"—a fine or large twill—or a coating serge like "Sandown" or "Concord"—be sure that you get the genuine "Priestley's" goods, rolled on the varnished board.

CONSERVATIVES DENOUNCE GOVERNMENT METHODS

Read the testimony of Conservatives who are opposing the Fleming government because they are disgusted with its broken pledges and its failure to give the province honest and effective government. The following extracts are taken from the Conservative Chatham World. In a speech at Newcastle on nomination day, L. Doyle, opposition candidate, who is a Conservative, said:

"In regard to agriculture he was sorry to see, on looking over the accounts, that the gentlemen who go about wearing diamond pins, and telling the farmers how to grow potatoes, get all the money while the farmers get nothing but advice, though a little money in the end would be of much more help to them."

"It was patent to any man that the promises in regard to letting public work by tender had not been carried out. Certain men were going around doing the work. This was not right no in the public interest. He would endeavor to rectify this if he were elected."

"The great question was one of timber. The big lumbermen were in league with the old government, which was defeated, and the same men are now reported to be supporting Mr. Morrissey. There was something behind this that was not for the benefit of the people. Beware. There was something brewing."

At the same meeting, J. L. Stewart, editor of the World, a Conservative, said:

"What was the secret of Mr. Morrissey's choice of lumber lords as candidates? What was the secret of the support he was getting from leaseholders who were formerly opposed to him? There was a nigger in the woodpile somewhere. Was it the hope of long leases of Crown land to the big operators? Rumor said so, and appearances supported rumor."

F. D. Swim, also a Conservative, said:

"Mr. Morrissey used to denounce the lumber lords as a hooded brigade, but no candidate would suit him except one of the brigade. He took the biggest one, and, on his retirement, took the next biggest. All the larger lumber operators were with the government, and they must have been promised something. Long leases had driven many young men out of the country, and he would oppose that policy. Lumber was the only opening for success, and a progressive country was one where the young men would do well."

"The chief commissioner assailed the old government for its waste of road and bridge funds, but was not the same going on today?"

"A voice—Worse."

"A bridge was to be built at Doaktown, and he had figured it out at \$400 for a man who wanted to tender for it if it were put up. Nearly \$800 was spent on that bridge. Men were brought from Chatham to do the work. There was no one at Doaktown who could repair a bridge!"

"He wouldn't uphold this government for doing what he had condemned as bad under the old government. Mr. Morrissey used to call it robbery. Was it any better today?"

"Mr. Swim proceeded to give instances, quoting from the public accounts, where more than half of the expenditure went to the superintendent, and asked if it was any wonder that the department was in debt. The money went to hold up some fellows to vote in a certain way. Was it right?"

All over the province there are many Conservatives who are refusing to obey the party lash in this election and who will vote against the Fleming candidates in order to give the country progressive and honest government. Stand to your guns on June 26 and help the good work along.

FLEMING UNFAIR TO N. B. FARMERS

(Moncton Transcript.)

It is the duty of the Province of New Brunswick to place the provincial farmer in a better position than he is today and Mr. Copp points out how this can be done. Many farmers need cheap capital to develop their farms and increase farm production. The New Brunswick farmer has in Great Britain to compete with the Irish farmer, the German farmer, who has state aid in developing his farm; and therefore the New Brunswick farmer should be placed in the same position as the European farmer.

Mr. Fleming and his supporters say it is disloyal for the New Brunswick farmer to trade freely with the United States.

Grant this, for the sake of argument, where then do the Tory orators say the New Brunswick farmer must sell his surplus products?

In the markets of Great Britain, they answer, "Well and good, but in the markets of

Great Britain the New Brunswick farmer has to compete with the Irish farmer, the Danish farmer, the German farmer, and the Russian farmer, who all receive state aid in some form or other.

It was the duty of the Tory party of New Brunswick, having slammed the door shut of the United States markets for our New Brunswick farmers and told them to go to England, to bring down the policy which would put our New Brunswick farmer upon footing of equality in competing in the British markets with the state aided Irish and European farmers.

Mr. Fleming has really helped shut the door of one market to our farmers, without providing that the New Brunswick farmer could compete on terms of equality in the other.

On that account, the Transcript condemns the Fleming administration and urges the farmers and others who are interested in the welfare of New Brunswick to vote against it, and give Mr. Copp a mandate to establish some form of agricultural credit as in many European states.

**CLOSING HOURS OF THE
METHODIST CONFERENCE**

Fredericton, June 17.—The Methodist conference of New Brunswick and Prince Edward Island closed its session here to night shortly after 11 o'clock after transacting a large amount of business.

It was decided by resolution that the minister board appoint a successor to Rev. Thomas Marshall as superintendent, he having resigned.

A memorial service was then held for Rev. Joseph Pascoe, of Sackville district, who had passed away since the last conference.

The report on the Sabbath day observance was presented and adopted. A resolution of appreciation of the services of Rev. Dr. Chown, general secretary, was passed.

Reports of the statistical committee and board of examiners were read and adopted. It was decided to hold the next session of the conference at Charlottetown on the second Thursday of June, 1913, at 9 a.m.

The conference then adjourned.

At this afternoon's session the following district officials were appointed: St. John—Rev. J. L. Dawson, chairman; Rev. Herbert E. Thomas, financial secretary; Rev. Gilbert Earle, Sunday school secretary.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely damage the whole system when introduced through the mucous surfaces, such ointments should never be used except on prescription from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In short, Hall's Catarrh Cure is sure to get you the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Trial bottles sold by Druggists. Price 10c per bottle.

Hall's Family Pills for Constipation.

LIBERALS SHOULD NOT FORGET THAT MR. HAZEN IS THROWING THE WHOLE FORCE OF FEDERAL INFLUENCE INTO THIS FIGHT, ON STRAIGHT PARTY LINES.

THESE OLD PEOPLE OWE THEIR HEALTH

To The Wonderful Powers of
"Fruit-a-tives"

Mr. N. Joubert of Grand Ligne, P. Q., says:

"For more than ten years I suffered with Constipation and Piles. I tried many remedies, but none did me good, after taking four boxes of 'Fruit-a-tives' I am well. I am now over eighty years of age."

Mr. Wm. Pitt, general store-keeper at Shanty, Ont., writes: "I am sixty-seven years of age and long suffered tortures from Headaches, due to Stomach Troubles. I was advised to try 'Fruit-a-tives.' I did so and they completely cured me."

Mr. Wm. Parsons of Otterville, Ont., says: "I am seventy-nine years old and a great believer in 'Fruit-a-tives.'"

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

MAXWELL IS STUCK IN MUD

Fleming Roads Keep Him Hours
Late for Meeting—Several Cars
Mired in Westmorland

Pennfield, Charlotte Co., N. B., June 17.—While telephone and telegraph messages were being dispatched from St. George along the line toward St. John tonight trying to locate the Hon. Robert Maxwell, who was booked to address a Conservative rally there, that gentleman was pacing the highway, near here, while more than a dozen farmers were exerting all their energy to dislodge his auto from the mire into which it had plunged.

The honorable gentleman was expected to arrive in St. George at 5 o'clock, but as the hours of 8, 9 and 10 passed and still no Maxwell appeared, there was grave danger that the meeting was going to lose one speaker whose stirring speech, upholding the Fleming administration and combating the strong protests from every quarter of the province against the disgraceful condition of the highways, was prophesied to start a reaction among the revolving Conservatives.

From soon after 6 o'clock till nearly 11 farmers near here were doing their best to get Maxwell's auto out of the mud. At 11:30 Mr. Maxwell's car arrived in St. George coated with mud and in a terrible condition. He went to the hall and was greeted with all the applause that the audience had the heart to extend him, when they were acquainted with the topic he was to deal with and the experience he had on his way to deliver his address.

Of fifteen automobiles which left Amherst on Sunday taking their owners, business men of the hustling little city, on a trip through New Brunswick, two had to be entirely abandoned and two or three others were taken back to be repaired in garages owing to the damage done them by the horrible condition of the roads in this province, chiefly from Elgin to Shediac. It was apparent that no work of any consequence had been done upon them during the last few years.

ENTIRELY BALD

Her Hair Commenced to Grow
After Two Weeks' Use of New-
bro's Herpicide

"Fever caused me to be entirely bald. I had given up all hope of again having hair when I was advised to use Herpicide. After two weeks my hair commenced to grow. I now have the most beautiful head of hair anyone ever saw. Praise to Newbro's Herpicide."

Thus writes Mrs. Howard Bailey, of Bellevue, Mich. We can point to thousands of instances where the proper use of Herpicide has been followed by a remarkable growth of hair.

Newbro's Herpicide is the original remedy which kills the dandruff germ and stops falling hair.

Send 10c. in postage for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.

Applications may be obtained at the best barbers and hair dressers.

Newbro's Herpicide in 50c. and \$1.00 sizes is sold by all dealers who guarantee it to do that which is claimed. If you are not satisfied your money will be refunded.

RECENT DEATHS

The death of Mrs. Catherine McDonald, widow of John McDonald, occurred last evening. She was sixty-eight years of age and has been ill for several months. Four sons, John McDonald, Dr. S. H. McDonald, W. P. McDonald, and Louis McDonald survive. The funeral will take place on Thursday morning at eight o'clock from her son's residence, 210 Princess street. Many friends will regret to learn of her death and will feel deeply for the family in their bereavement.

The death of J. Reed Whipple of J. R. Whipple & Co., of Boston, occurred in the Eliot Hospital in Auburn road, Back Bay, yesterday. He was one of the best known hotel men in America. He was interested in the Hotel Tourist, Park House and Young's Hotel, all in Boston.
