YOUNG LADIES WILL AID IN THE FINAL DRIVE

Five or Six Hundred Enlisted For Victory Loan

TRAVELERS IN THE RANKS

Total Last Night Was \$2,650,000 — I. H. Estabrook Takes \$100,000 — Alter the Per Capita Record — 20,000 Subscribers Wanted

That success will crown the efforts of the Victory Loan committee in this city is indicated by the fact that up to last night they had received subscriptions for \$2,650,000 worth of bonds. Reports from the various wards throughout the city today indicate that the canvassers are meeting with generous response and the total will be given a grand boost when the figures are compiled this evening.

The drive was given another impetus this morning when it was learned that T. H. Estabrook had subscribed \$100,000. This will add considerably to the day's results and is greatly encouraging the zealous and energetic committee, who are striving so hard to reach and if possible surpass their objective.

To Kings goes the honor of being the first of the city wards to reach the objective, but Queens ward is running a close second with a much higher objective to reach. The other wards are making a good showing and featuring their campaign in the keen rivalry among the various teams to surpass one another.

There is a battle royal between Lansdowne and Lorne wards, one day one being in the lead and the next the other. The committee wish to bring before the public the fact that a committee is stationed at the Imperial Theatre from ten a. m. until ten p. m. in order to accommodate any who are desirous of obtaining a bond and who have not as yet been reached by the canvassers.

Although the drive has been on for nearly ten days the grand attack has yet to come. On Saturday more than 200 commercial travelers will be put into action in addition to some five or six hundred young women members of the Y. W. P. A. Every person not wearing a button will be canvassed. A band concert will be given on King Square on Saturday afternoon and evening and booths and tents will be pitched at various parts of the city.

In order to reach the grand objective Stanley E. Elkin, chairman of the local committee, estimated that it will be necessary to receive 20,000 applications. Up to Monday night 4,600 applications had been received. The idea, he said, is to get the largest number of applications per capita in any city in Canada. He pointed out that the terms are so easy that there is no reason why the poorest family cannot get a bond.

The grand total for the province up to last night was \$5,200,000, with some reports incomplete. Westfield, in addition to having reached their quota, has surpassed it by twenty-five per cent. thus winning a crown. That every person who has procured a bond should become a canvasser is the desire of the central committee. They feel that if this is done victory cannot help but crown their efforts and every individual will be instrumental in achieving a signal honor for the city of St. John.

Results and Comparisons. A very interesting statement of the Victory Loan results of 1917 as compared to the first week's results this year was read to the central committee at the meeting held last evening and is herewith printed. One man was before the magistrate on a charge of drunkenness. He was remanded.

Every opportunity will be afforded for the purchase of Victory bonds.

SPEEDING CARS CAUGHT

A number of automobile owners travelling on the Marsh road yesterday ran into the stretch of newly springled coal tar, used in giving a final surface to the highway and their cars were rather messed up as a result. Some of the automobiles paid a specially severe penalty for speeding in this regard as the liquid tar flew into the air off the rapidly revolving wheels and gave the cars a real good sounding, especially spoken mudguards. Sprinkling roadways is common in the larger cities and it is always "up to" the driver to slow down or take the consequences. In this local case some of the drivers claimed that they thought the dark streak in the distance was merely water and they plunged into it pell-mell-sowit!

SPORTSMEN ARE BEING GOOD

Game hunters are observing the restrictions on partridge this season with commendable rectitude. While there are many of the toothsome birds to be seen as gunners tramp through the woods, the general report of game wardens is that none are being shot. One district in the province where partridge hunting has been next thing to a chief industry in other years is devoid of the bird this fall; that is, none are to be had even on the so-called quiet. The conservation of partridges is one of the best things the government has done in game matters, a leading gun enthusiast told the Times, for these birds multiply fast and in few seasons when the ban is raised they will be plentiful again. This is another argument for old H. C. L. to ponder over, for with the ceding of the war and a readjustment of prices he would be forced to abdicate, too.

BOMB. FINLEY WRITES OF THE BIG ADVANCE

Mrs. Robert J. Finley has received an interesting letter from her son, Bombardier Kenneth G. Finley, who is with a Canadian unit in France. He said that everything is going well and that the end of the war is in sight although they expected many a hard battle would have to be fought before it was over.

At the time of writing, he said, he and two companions were in a cellar and were preparing a feed before turning in for the night. He told of watching Douai burning and said it was a great sight. Douai, he explained, was to the left of their position and Cambrai to the right. The latter place, he said, they entered the day before he wrote the letter. He told about going up to the village in front of the Canadian's gun position and had look at some of the houses. The tables, he said, looked as if the people had been preparing to eat when they opened fire and the Germans in leaving took the people along with them.

The writer is a son of Robert J. Finley, pressman of the Times-Star. A brother, Pte. William Finley, is at Bramshot, cooking for an officers mess, after having completed a course in a cooking school.
