His Arrest Was Effected Away Out in Washington.

Netoria, B. C., Ott. 10.—Marion Brown, alias Thismas Alien, the crippled mulaste putlaw, is in the toils, and went east by the C. P. R., last night to answer for the wanton killing of Police Constable Toobey at London on the 28th of June last.

The arrest was made at Yakimis and from there Brown was taken to Seattle, while extradition proceedings were initiated. These are always vexatiously slow, and the eastern detective knew a better trick by far. Liquor and morphine was squaggled into Brown's cell, and then he was taken out of the Seattle jail under the firm belief that his liberators were friends.

From Seattle he was got to Port Angelea, and from that port the alleged colored killer was brought here by the steamer Garland to-day. As soon as the boat trunhed Canadian soil the arrest was made

Although Brown has only one leg, he is prodigiously strong, and fought furiously when he realized that he had been trapped.

In Texas he is reported to have a record of four killings and several jail breakings. His lawkess career was cut short through the vigilance of United States Marshal A. I. Dilley, of Yakimia, who made the original arrest, and will receive the \$500 reward if Brown is convicted.

Ex-Ald. T. A. Smith Says he is is rue field tor the Mayeralty.

"Well, are you in the field for the mayoralty again.!" the Planet asked ex-Ald. T. A. Smith.

"I am. I'm in the field against all gomers: I'm going to run till the last vote is polled."

"Think you'll win!"

"That, of course I coa't tell, but I'm going to try. A great many people who voted against me last year, and some who worked hard against me, too, have told me they were syrry they did so, and would do the best they could to repair the mistake by supporting me i'l have no criticism to offer on the year's work at this period. The electors have hed as much opportunity of seeing how things have been going as I have. At the same time I may tell how tried to push the improvements on the street a good deal more and at the same time I don't think the tax rais, would have been so high. Of course these are matters that will all come up at the proper time. It's a little early pet to go into them."
