

RACE BETWEEN RIVAL FORCES

REBELS AND FEDERALS ADVANCING TO JUAREZ

Garrison Preparing to Hold Insurgents at Bay Until Reinforcements Arrive

El Paso, Texas, April 15.—With Col. Antonio Robago at the head of a federal cavalry force, said to number 500, reported advancing from Chihuahua, the insurgents advancing on Juarez, and the garrison in the city making every preparation for defence, civilian Juarez is to-day awaiting the outcome of the race between the marching forces.

If the insurgents arrive first and attack, it is the general opinion that they will take Juarez. On the other hand, should Colonel Robago arrive first it is predicted the insurgents will be unsuccessful or abandon the attempt without any fighting whatever. If both forces arrive simultaneously it is expected that one of the hottest battles of the present revolution will take place, and that El Paso will be in more danger than Douglas when Agua Prieta was attacked.

While the garrison at Juarez is making preparations, General Navarro, the federal commander, appears to have no information as to whether the rebels are near Juarez. However, his men are digging a few trenches and scanning the surrounding country from house to house and other vantage points, and awaiting the arrival of Col. Robago's reinforcements.

Landing of Marines. London, April 15.—The news cabled here from Washington, D.C., that a force of marines with a Maxim gun from the British warship Shearwater landed last Tuesday at San Quentin, Lower California, to protect the town against an attack of Mexican insurgents, came as a complete surprise to the British foreign office. Nothing whatever has been heard regarding the incident according to the government or by the secretary of foreign affairs. The admiralty similarly disclaims any knowledge of the landing of a British force.

Though it is admitted that the Shearwater is expected to call at San Quentin en route from La Paz, Mexico, which port that warship left April 13, it is understood that the British admiralty officials say that when Captain Vivian, commander of the Shearwater, telegraphically reported his arrival at San Diego, he made no mention of the San Quentin incident.

San Diego, Cal., April 15.—"A big fuss over nothing," said a British official regarding the telegraphic advices, when shown an Associated Press dispatch from London stating that he had made no report to the British foreign office regarding the landing of the British ship Shearwater to-day, when shown an Associated Press dispatch from London stating that he had made no report to the British foreign office regarding the landing of the British ship Shearwater to-day, when shown an Associated Press dispatch from London stating that he had made no report to the British foreign office regarding the landing of the British ship Shearwater to-day.

At that time there was no appearance of disorder, the so-called insurgent troops having moved off. When we called for Benesade we had aboard the Mexican officials, who desired to go there. "Telegraphic reports sent abroad regarding the landing of my troops, I regard as inconsequential. The London dispatch is correct in every respect. Details of my action regarding the troops are fully covered in my reports to the London and City of Mexico offices. So far as I am concerned the affair is a closed incident."

Washington, April 15.—The White House announced to-day that assurances had been received from the leader of the insurgents at Agua Prieta by the department of justice that the incidents of Thursday, which resulted in the killing of several Americans and wounding of others, would not be repeated.

According to the announcement, Attorney-General Lusk had communicated with the United States district attorney at Douglas, Ariz., and directed him to inform the rebel commander that in the future he must keep away from the American borders. Mr. Wickham was informed later that his instructions had been carried out and that the insurgent leader was anxious to abide by the warning.

Agua Prieta, Mex., April 15.—Mexican national troops, numbering it is believed in the neighborhood of a thousand, were encamped early to-day at the mouth of a canyon to the west of Agua Prieta.

LABORERS WANT CITY RATE OF PAY

THOSE WORKING ON THE DALLAS SEA WALL STRIKE

Demand Extra Two-Bits a Day—Company Says It Does Not Need the Men

London, April 15.—A procession of members of the Church of England, consisting of 300 clergymen, 1,500 laymen and 700 church men, paraded the city and other employees of the day more. We must demand the highest wages that are paid in justice to ourselves and to the others who are employed in the same craft, otherwise otherwise wages will go down all along the line. If one contractor can get off with paying his men less than the recognized minimum wages the others will very soon be anxious for doing the same thing.

THOUSANDS FLOCKING TO CANADIAN WEST

Nearly 50,000 Settlers Have Arrived From United States This Year

Winnipeg, April 15.—Three thousand immigrants arrived yesterday, principally British, although over a thousand were foreigners. This year to date 48,000 United States settlers passed through North Portal, via the Soo line, alone for Alberta and Saskatchewan points and about 5,000 entered at Emerson, Man.

Every day a large party of Winnipeg and Manitoba residents leave the depot here to reside in Vancouver and British Columbia points. Yesterday a party of Carman residents left for the west.

St. John, N. B., April 15.—A female second cabin passenger on the Empress of Britain which arrived yesterday, who gave her name as "Miss Jack May," was detained by the Canadian immigration officer, she being attired in male costume. She readily admitted she was of the opposite sex, and said she and her male companion had worked in a mill in England. She had her hair cropped short, wore leggings and tan boots and a short skirt not visible below a man's overcoat. She is about 30 years of age. The couple had about £11. The baggage included a rifle. They are both bound for the Canadian West.

Two Engineers on Nashville Railroad Were Victims of Apoplexy. Lexington, April 15.—Two of the best known engineers in the southeast, some of the larger ones preparatory to closing down for Easter. They were experienced loggers, and were last seen retreating from the train tuse to a place of safety.

Ottawa, April 15.—The pay of census commissioners appointed for British Columbia will be one cent per name and the following additional allowance: Vancouver, \$225; Victoria, \$125; Nanaimo and New Westminster \$600 each; Yale and Cariboo and Comox, \$100 each; Kootenay, \$150.

FOUL PLAY SUSPECTED. Toronto, April 15.—The body of Giuseppe Longette, an Italian, aged 33, who has been missing since November 15, was found in a field near the C.P.R. tracks. An inquest is to be held, as there are some suspicious circumstances.

WALKERS ONT. APRIL 15.—The flour mills of Kent & Co. were completely destroyed by fire. The town water supply was shut off for repairs to the main, and the fire got beyond control. The loss is \$14,000, with insurance of \$6,000.

MEET AT B. WILLIAMS & CO'S. Clothing Sale to-night.

TO END STRIKE OF COAL MINERS

EMPLOYEES ASK FOR CONCILIATION BOARD

Work Will Be Resumed While Investigation is Being Held

Winnipeg, April 15.—Coal miners on a strike in Alberta and Saskatchewan (British Columbia), to the number of 10,000, asked the minister of labor at Ottawa yesterday for a board of conciliation under the Canadian Laissez Act, and Hon. McKenzie King granted the request.

The miners will return to work early next week while the board takes evidence in the matters under dispute. Many towns in Saskatchewan and Alberta are entirely out of fuel, and the big smelters are being started with fuel from Illinois.

Miners' Application. Fernie, April 15.—At a meeting of the executive of District Eighteen of the United Mine Workers of America, held yesterday at Frank, Alberta, it was decided to agree to the request of the minister of labor that they apply for a board of conciliation, and after sending a short wire to the department that they had decided to do so, they followed it up with an application at length, which was filed late yesterday afternoon.

Satisfaction is expressed in all quarters at the action of the mine workers. Vice-President Stubbs stated that in taking this step they were actuated solely by the desire to have disputed questions between operators and miners permanently settled. Had the operators made their offer of arbitration upon an open, fair basis at Calgary the miners would gladly have accepted.

TROOPS DISPERSE FRENCH RIOTERS

SOLDIERS WITH DRAWN SWORDS CHARGE MOBS

Further Disorders in Champagne District Where Merchants' Houses Are Sacked

Epernay, France, April 15.—Following a day of calm, violent rioting, again occurred late last night in the disturbed champagne district.

At Trepat a mob of wine growers sacked the houses of two wine merchants and destroyed the furniture with which they erected barricades in the streets.

Troops sent to quell the disturbances were greeted with a shower of broken bottles, but the soldiers, charging with drawn sabres, dispersed the rioters.

The disturbances were renewed today in the matters under dispute. Many towns in Saskatchewan and Alberta are entirely out of fuel, and the big smelters are being started with fuel from Illinois.
