

REPUBLIC DECLARED BY CHINESE REBEL LEADER

Revolt Against the Manchu Dynasty is Spreading Rapidly---Troops Honeycombed With Disaffection---Foreigners Safe So Far.

San Francisco, Cal., Oct. 13.—Advices were received here to-day by the Chung Sai Yat Po, the Chinese Daily World, that the revolutionists in China have declared a republic, electing Li Yun Hung, lieutenant-commander of the Imperial new army as president.

Hankow, Oct. 13.—The revolution that has been hanging over China for months, and of which the rising in the province of Szechuen was only a small part, has begun in earnest. It is a concerted movement to depose the emperor and declare a republic.

If plans do not miscarry, the noted exile revolutionist, Dr. Sun Yat Sen, leader of the anti-Manchu party, is to be elected president. He was the delegate of the revolutionary party to the United States in 1910, and is believed during that tour to have made arrangements for financing the movement.

Sun Yu, a brother of Dr. Sun Yat, who is now in Hankow, has been elected president of the provincial assembly, and Yang Hun Lung, the retiring president, has been elected governor of Hu Peh.

The whole assembly has seceded from the Imperial government. The rebels are well organized and financially strong. They have confiscated the local treasury and banks, and are issuing their own paper money, redeeming the government notes with this, as

foreign banks are refusing government notes.

This city is a scene of desolation to-day. All night long incendiary fires burned throughout the native quarters and it was a night of terror for the population. There was a massacre of Manchu families, which left large numbers dead, and to add to the danger, all the prisons were opened and the inmates released to wander about the city.

The revolutionary organization is making every effort to restore order, and it is announced that rioters wherever caught will be severely dealt with. The revolutionary army is strongly entrenched in Wu Chang and Han Yang, with guns mounted on the commanding positions. Since the capture of Han Yang arsenal there has been no solicitude regarding the supply of ammunition and the leaders declare that they are in a position to cope with any opposition.

Parties of government troops which are arriving here from time to time, are met promptly by revolutionists, who endeavor to persuade them to join the movement. If they refuse they are allowed to withdraw beyond the limits of the city.

The American consul-general, Roger S. Devon, crossed the Yangtze river at Wu Chang to-day, accompanied by the commander of the American gunboat Helena, the Associated Press correspondent and two Chinese interpreters. The party went unarmed and entered the gate of the city after they had been opened for a squad of rebel artillery to pass out.

CANADA'S NEW GOVERNOR

H. R. H. THE DUKE OF CONNAUGHT

Who to-day was sworn in at Quebec as Governor-General of the Dominion, and was loyally welcomed.

DUKE AND DUCHESS ARE WELCOMED AT QUEBEC

Their Royal Highnesses Landed at the Ancient Capital This Morning---City in Gala Attire---Swearing In.

Quebec, Que., Oct. 13.—Glorious weather greeted the day fixed for the landing of their royal highnesses, the Duke and Duchess of Connaught, on Canadian soil to represent his majesty King George V. in this greatest of the overseas dominions.

The city presents a gala appearance. Not since the tercentenary have the decorations been so lavish, the whole capital being ablaze with red, white and blue decorations. From the steeple of Quebec's many churches rang out the first welcome to the Royal party.

The deputation at the King's wharf to meet the viceregal party last night included, Lieut-Governor Langelier, Mayor Drouin, Quebec, Thomas Mulvey, under secretary of State; Col. Sherwood, W. R. Baker, Capt. T. Rivers Bulkeley, equester to his Royal Highness; A. P. Sladen, C. M. G., private secretary to the governor-general; Capt. S. E. Worthington, physician to the Duke. These gentlemen at once went on board the Empress and met their Royal Highnesses, with whom they later had dinner.

There was, unfortunately, some hitch in the proceedings this morning, and although Sir Francis Langelier, Lieut-Governor of Quebec, Premier R. L. Borden, Sir Lomer Gouin, Premier of Quebec, the inspector-general of the naval service and the many civil and military dignitaries were on hand at the King's wharf for the official reception, the guard of honor was at least ten minutes in appearing, their Royal Highnesses being already

ashore when the guard appeared. Again, though the mast for the royal standard was in place, apparently the ones thought to unfurl the emblem until some time after the Royal party had come ashore.

Further along the shore were many dignitaries who had come to welcome the party. Neither the Duke nor the Duchess, however, showed any embarrassment. Before leaving the steamer on the way in his Majesty's yacht for a few moments for a walk with the military officers on board, including General Opper. After the Royal Highnesses chatted with the Hon. Mr. Borden and Hon. S. Hughes until the guard of honor appeared.

Then the royal salute was given, the band struck up the national anthem, and a few moments afterwards the Highnesses entered their carriage for the Parliament Buildings. The Duke wore the uniform of a Field Marshal of the British army, while the Duchess wore a fur coat over her gown. The Royal Highnesses were accompanied by Lieut-Col. H. C. Lowther, C. M. G., Scots Guards, military secretary, Lieut. Hon. Ramsay, R. N., C. M. G., O. D. C., O. A. D. C., O. A. D. C., Worthington, medical officer, Capt. T. Rivers Bulkeley, Scots Guards and the Pelly, lady-in-waiting to her Royal Highness, the Duchess of Connaught. There was much enthusiasm during the procession, which was accompanied by an escort of dragoons. The progress was halted several times by the obstructing vehicles and at the foot of the hill in St. Peter street, where the carriage was completely blocked for time by a farmer's cart.

ATTITUDE OF JURORS TO ORGANIZED LABOR

Defense in McNamara Case is Making Rigid Inquiry Into That

Los Angeles, Cal., Oct. 13.—Examination of Talsman Z. T. Nelson of Pasadena was the first proceeding set before Judge Boardwalk in the Supreme court to-day, in the murder trial of James B. McNamara. Questioning of Talsman frequently regarded as a dismal proceeding, furnished in this case intense interest to spectators and partisans because it was expected to define in advance of the opening arguments some of the essential issues of the trial, which is designed to show whether the defendant is responsible for the death of Charles B. Haggerty, who, with 20 others, was killed in the Los Angeles Times explosion over a year ago. For 19 of these deaths, James B. McNamara is held on the indictments, but the state has elected to go to trial on Haggerty's case.

Nelson's attitude toward organizations and their members touched upon at the preceding session of court, was made the subject of further inquiry for the defense, under Attorney Clarence S. Darrow, and the ruling of the court on objections interposed by District Attorney John D. Spedden and his associates, were awaited as showing what confines would be placed upon the examination of other Talsmen.

Before Nelson's examination was taken up, one more Talsman was called into the box, to replace one dismissed at the last moment of court, being withdrawn because of physical inability to stand the fatigue of a long trial. Nelson, a ruddy-faced man of 62 years, from the start answered with deliberation questions put by counsel, weighing his answers carefully. "I can't answer that question because I'm not sufficiently familiar with the subject," was his reply from time to time to questions concerning his attitude toward labor organizations, which he understood them to exist in California and elsewhere.

Because of the determination of questions involved in the examination of Nelson, the first Talsman, it was said, that questioning of other Talsmen would go forward much more rapidly.

HOLY WAR IN TURKEY

Troubles at Home on Top of Those Abroad. Constantinople, Oct. 12.—The government has issued a list of contraband articles. In addition to those already known, it includes cereals, although flour is not mentioned, and all kinds of preserved foodstuffs, bank notes and cheques, bills of exchange and paper money. The government also has declared its intention to control the declaration of London, although Turkey is not a party thereto.

Reports from Yemen say that Imam Yahya has proclaimed a holy war. A preliminary meeting of the two parties in the chamber of deputies to-day indicated a probability of the early fall of the cabinet.

The ministerialists tried to arrange a joint meeting in order to present a united front, but the oppositionists declined, and in a separate meeting adopted a resolution that they would refuse to vote confidence in the new ministry.

EXPRESS RATES IN NEW SCHEDULE

MANUFACTURERS HEAR WHAT REDUCTIONS ARE

It is Said the Greatest Cut Has Been Made in the West

Toronto, Ont., Oct. 13.—Good news was given out at the convention of the Canadian Manufacturers' Association, before adjourning yesterday when Henry Bartram told the members about the new schedule of rates filed by the railways. There was a marked reduction shown, the largest being in the west.

On a given illustration the rate between Winnipeg and Calgary is reduced from \$5 to \$4.75; between Regina and Edmonton from \$6 to \$4.75; between Toronto and Winnipeg from \$4.75 to \$4.50; between London and Brandon from \$6 to \$4.75.

There is no change between Montreal, Hamilton and St. John, N. B. and Brandon. Between London, Hamilton, Toronto, Montreal and St. John, N. B. and Calgary, the rate has been reduced by \$1.25, \$1, \$1.25, \$1, \$1.25 and \$1 respectively. To and from Vancouver and the same points the reduction is \$2.25, \$2.25, \$2 and \$2.45, respectively, for the different classes.

On small shipments of thirty pounds weight between local points, such as London, Hamilton, Toronto and Winnipeg, a reduction of five cents has been made and 35 cents between St. John and Winnipeg. While there is no change between Montreal and Winnipeg corresponding reductions are made between other points.

The transportation committee's report reviewed Vancouver and Pacific Coast rates. Much dissatisfaction was voiced at the high prevailing express rates, and the suggestion was made that more use could be made of the postal service if a more elaborate and cheaper parcel post system were introduced. Telegraph tolls in Ontario were also attacked, the statement being made that in some cases they were as high between points in this province as from Ontario to far western points.

ELLIS NOMINEE AT EAST. Ottawa, Ont., Oct. 13.—At a Conservative convention for Ottawa, west, held last night, J. F. Ellis, city treasurer and former mayor, was nominated to contest the constituency for the Ontario legislature. Mr. Ellis is president of the Ottawa Conservative Association. He was a candidate for the federal nomination, but was defeated by A. E. Fripp, Conservative member-elect for the Commons.

PRISONER THREATENS. Kansas City, Mo., Oct. 13.—While United States Senator Reed was making an argument for the state in the retrial of Dr. B. C. Hyde, charged with the murder of Col. Thomas H. Swopp, to-day, the prisoner, uttering a threat, sprang toward the speaker, Mrs. Hyde pulled him back into his seat and the hearing proceeded.

REOPENING COAL MINES IN SIGHT

MINERS' EXECUTIVE TOLD TO NEGOTIATE

President Stockett, of Operators, Meeting Them in Lethbridge To-day

Lethbridge, Alta., Oct. 13.—It is leaked out through what is considered an authoritative source that the miners convention yesterday passed a resolution authorizing the executive to make arrangements to meet President Stockett, of the Western Canada Coal Operators' Association, to negotiate for the re-opening of the mines.

Arrangements were made over the telephone last night and Mr. Stockett is expected in Lethbridge to-day to meet the district executive.

After passing the resolutions the delegates left the matter entirely in the hands of the executive, who will deal finally with Mr. Stockett. The matter of arranging the settlement proceeded with as much despatch as possible, and is considered a direct result of the visit of International President White.

VULTURE'S FLIGHT APPLIED TO AIRSHIPS

Wright Brothers Said to Have Discovered Secret of Soaring Indefinitely

Nagehead, N. C., Oct. 13.—The amazing statement made by Lorin Wright that his brothers, Wilbur and Orville, have at last discovered the secret of the vulture's flight and will soon send into the clouds an aeroplane capable of soaring indefinitely like a giant bird, has created the wildest excitement here, where, eleven years ago the experimenting aviators were looked upon as harmless visionaries.

While Mr. Wright does not go into details, it is said that the flier will be raised, propelled and maintained in the air with the minimum of power and like that of the vulture, whose flight it is patterned after, it will remain aloft with the engine "dead" so long as the air is in motion.

HAZEN CABINET OUT OF OFFICE

HON. J. K. FLEMMING NEW BRUNSWICK LEADER

Changes Will Not Necessitate Any By-Elections—Three Vacancies in House

St. John, N. B., Oct. 13.—The last meeting of the Hazen government was held last night in the Royal hotel here, when the Hon. J. D. Hazen, who has accepted the portfolio of Minister of Marine and Fisheries in the Borden cabinet, placed his resignation as Premier and Attorney-General of New Brunswick in the hands of Lieut-Governor Tweedie.

Hon. Mr. Tweedie accepted his resignation and at once called upon Hon. J. K. Flemming, who has been provincial secretary in the Hazen government and who is recognized by many as the strongest man in the public life of the province except Mr. Hazen, to form a government.

Hon. Mr. Flemming accepted the charge and will announce his cabinet on Monday at Fredericton, then he will be sworn in as first minister. Hon. Mr. Flemming will follow the precedent established by Governor Tweedie when he was Premier of the province and retain the provincial secretaryship.

Other changes rendered necessary by the retirement of Mr. Hazen are that Hon. W. C. H. Grimmer, who has been Surveyor-General of the province in charge of crown lands, will become Attorney-General, and Hon. H. F. MacLeod, the present Solicitor-General, will succeed to the office of Surveyor-General. The solicitor-generalship will be left vacant for the present.

There are three by-elections to be held in the province, in Charlotte county, for the seat held by Thomas A. Hartt, M.P.-elect; in St. John for the seat held by Mr. Lowell, who retired to unsuccessfully contest the seat against Dr. J. W. Daniel, and in Sunbury county, where Mr. Hazen sat. The cabinet changes do not make any elections necessary, as all the new ministers are already members of the cabinet, the only changes being in their office.

PORTLAND CENSUS FRAUDS. Portland, Ore., Oct. 13.—Four census enumerators indicted by the federal grand jury in July last on charges of making false census reports and for presenting alleged false claims against the government as a result of the reports, were arraigned before Federal Judge Bean yesterday. Harry De Ford pleaded guilty to the charges and will be sentenced. Vincent Manning and Conrad Zellweger both pleaded not guilty, while John James was given until Monday to enter a plea. Zellweger will be tried November 3 and Manning November 14.

OLDEST MASON IN CANADA. St. Catharines, Ont., Oct. 13.—Samuel Dolson, who died yesterday aged 93, was the oldest Mason and Independent Old Fellow in Canada. He joined over 60 years ago.

POLYGAMOUS MORMONS. New Mexico Pilgrims Visit Salt Lake For Sanction.

Salt Lake, Ut., Oct. 13.—Twenty Mormon families, consisting of twenty husbands and as many "other wives" arrived here yesterday from the Mormon settlements in New Mexico and made the journey that they might "go through the temple" which, in the language of the inner church, means that the polygamous marriage ties, contracted in New Mexico, are to be confirmed here by the high priests.

To avoid coming in conflict with the legislation these Mormons have brought to Salt Lake only the "other wives." The church rite by which the husbands are "sealed" to their additional wives for eternity is performed only during conference week, when devout Mormons gather from all parts of the west to hear the revelations of the prophet and take decrees in the temple.

WOMEN ARE ELATED. Suffrage Success in California Pleases Them Mightily.

New York, N. Y., Oct. 13.—The national headquarters of Women Suffrage is in gala dress to-day over the news of the victory in California. "We are gloriously happy," declared Dr. Anna Shaw, national president of the suffrage party. "This is the beginning of the end. The victory in California gives to the cause as many votes as in the five states where we have previously won. Oregon, Washington and other western states are bound to follow the lead at the next election."

Mrs. Pankhurst, the English suffrage leader, said: "The news is worthy of great rejoicing. English women will be particularly glad, because it will be a very great help in our campaign."

MANY DEAD IN STORM IN WESTERN MEXICO

Food Supplies Are Running Short in the State of Sonora

Nogales, Ariz., Oct. 13.—The total list of dead in the storm which swept the western coast of Sonora, Mexico, a week ago has been definitely fixed at 18, according to official reports received here, although there are many more missing. Guaymas has not been destroyed, according to advices, nor has it suffered anything approaching a disaster.

Seventy-five miles across the Gulf of California, the town of Rosalia with 5,000 population, has been for five days without any water, excepting scant supplies sent irregularly from Guaymas.

The Boile property of the Santa Rosalia Copper Company, suffered damage estimated at \$2,000,000. On account of the interruption to traffic food supplies have been short in and about Guaymas and Rosalia and huge prices are prevailing.

IS AN UNLUCKY DAY FOR SEATTLEITES

Crimes and Accidents Mark Friday and Thirteenth of the Month

Seattle, Wash., Oct. 13.—Friday, the 13th, opened in Seattle with two suicides, a stabbing affray and an automobile accident.

A man to whose identity the police have as yet found no clue committed suicide at First avenue and Jackson street at 1:15 this morning. The police are equally in the dark as to the motive for the suicide. The only witness was Thos. Dowd, who was passing in the neighborhood. Dowd says the man was carrying a can which he laid against the Schwabacher Hardware Company's building. He then drew a revolver from his pocket and sent a bullet through his head. A hurry call was sent to the police station and the auto patrol responded.

At Washington street and Occidental avenue two men were crossing the street. The auto struck one and he was thrown into the air. He landed into a cluster light pole on the corner, snapping the iron post off at the top. The automobile was disabled and the patrolmen with it went on foot to find the man who had shot himself. The man who was knocked down by the automobile escaped with a few bruises.

The suicide was about 55 years of age, weighed about 210 pounds and was shabbily dressed. Nothing in his pockets or on his person gave any suggestion as to his name or address.

With the arteries of his left wrist severed by a razor, Edward Wendt, aged about 35, was found dead in a room of an Occidental avenue hotel shortly after midnight. No clue to motive for suicide has been found.

Charles Harris, 30 years old, a transient, was shot in the back of the neck, two in the back, one grazing his spine and one in his left temple, by an aeroplane test.

ANNOPLIS TEST. Annapolis, Md., Oct. 13.—Reporting that their flight, even though it did not last to the previously set destination, was in every way successful. Lieuts. G. Ellison and J. H. Towse, the navy aviators, who started for Fort Monroe Wednesday afternoon, returned to the government aviation field yesterday. An over-heated engine in their engine forced them to land at Smith's Point, 75 miles from Annapolis. Another attempt to reach the capes will be made with a new engine.

The naval officers were particularly pleased with the success of their experiment to prove that by the use of "shift control" two men, taking alternate turns at the controls, could fly a biplane that has accompanied all flights heretofore. Leaving Annapolis, Lieut. Ellison acted as pilot for 20 minutes and then rested for 20 minutes, while Lieut. Powers did the piloting.
