A Cairo despatch of 26th, says,-

feathered their nests and ensured for themselves abundant affluence for life. If the entire conspiracy had not been so suddenly aprung upon the public and the trap so readily fallen into at Ottawa, the fact that private aggrandisement only was at work and public interests not at all, would have been soon detected. It does not require much reflection to perceive that the apparent sacrifices the Syndicate was about to make in raising the millions involved could never be recouped by the mere fact of obtaining a nominal Government guarantee. This, as events proved, operated admirably as a pretence, but the real design was to be in a position to "bull" the stock and thus to allow those behind the scenes to take in profits literally by

Halifax.

pared to adopt it for all civil purposes the change may be made generally or in localities as may be determined on. If all the clocks and watches in the country were on any one night made a few minutes the country were on any one night made a few minutes faster or slower to bring them, to the new faster or slower to bring them. own behalf. They are certainly equally entitled to it—many of them infinitely more so for direct or incidental real services rendered in developing the material progress of the country. But the late lucky operators have no such claims to advance. They have ever hitherto been only steady and greedy recipients of the public bounty, rendering more so that progress of the public bounty, rendering more so that provides the standard the sum of the provides of any change. They would only be surprised to discover that every judicidal carried the same time. If a series of discourses on the story of the "Prodigal Son". During the week, he had followed the story step by step from the approach of his father, to the happy time—the general joy, which was his closures of any change. They would only be surprised to discover that every judicidal carried the same time. If a series of discourses on the story of the "Prodigal Son". During the week, he had followed the story step by step from the approach of his father, to the happy time—the general joy, which was his closures of any change. They would only be surprised to discourse on the story of the "Prodigal Son". During the week, he had followed the story step by step from the approach of his father, to the happy time—the general joy, which was his closures of discourses on the story of the "Prodigal Son". the late lucky operators have no such claims to advance. They have ever hitherto been only steady and greedy recipients of the public bounty, rendering nothing in return but promises which may or may not prove empty, as time only can show. But should the outcome of their work prove ever so advantageous it will in no way affect the guarantee principle under consideration. That is, on the surface of it, atom. That is, on the surface of it, atomic lates the morning without the slightest consciousness of any change. They would only be surprised to discover that every individual carried the same time. If a person travelled northerly and southerly, stopping at a thousand places, say between Winnipeg and New Orleans, he would find the hours, minutes and seconds everywhere in complete harmony. If he atom of the product is who returned; but it was their duty to travelled from Boston to San Francisco he travelled from Boston to San Francisco he certainly would find a difference with regard to the hours. He would find Chicago an hour slower than Boston, Denver a Mission after all," some may say; but an hour slower than Chicago, and San some souls may have been benefited; Francisco an hour slower than Denver, but he would find also that the minutes glad. There were always some, however, standing by to criticise watching to catch something to find fault and some from the Atlantic to the Pacific. It is

the problem as we can hope or expect to reach. Introduced generally, as we hope it speedily will be, it will prove of inestimable benefit for all time to come to the people of this continent. But its advantage will not be confirmed by the confirmed yond.

After the sermon, Rev. Mr. Osborne came to the pulpit and addressed the nations are certain in the long run to follow the example of America. It will taken on themselves, enjoining on them Shareholder—that is, unless some thus be practicable to secure uniformity, to be steadfast in the faith. He spoke "Shareholder" nearer home strangles the wretched animal, in the interest of time the world over. The times of places have been taken for you in childhood, and

widely differing in longitude will differ only by entire hours. In all other respects standard time in every longitude and latitude will be in perfect agreement. In theory every clock in the world will in the world will have forgotten and went astray. Now make a resolution to do better for the future—to renew your baptismal vows.
