A devoted mother seems to listen to A devoted mother seems to listen to every call of duty excepting the supreme one that tells her to guard her health, and before she realizes it some derangement of the female organs has manifested itself, and nervousness and irritability take the place of happiness and amiability.

Tired, nervous and irritable, the mother is unfit to care for her chil-dren, and her condition ruins the child's

dren, and her condition ruins the child's disposition and reacts upon herself.

The mother should not be blamed, as she no doubt is suffering with backache, headache, bearing-down pains or displacement, making life a burden.

Lydia E. Pinkham's Vegetable Compound is the unfailing cure for this condition. It strengthens the female organs and permanently cures all disorders such as this letter describes:

Dear Mrs. Pinkham:

orders such as this letter describes:

Dear Mrs. Pinkham:

"Being mother of five children, I have had experience with the general troubles of my sex. I was lacerated when one of my children was born, and from that hour I date all of my afflictions. I found that within a few months my health was impaired, I had female weakness and serious inflammation and frequent flowing spells. I became weak and dizzy, but kept on my feet, dragging through my work without life or pleasure. A neighbor who had heen helped by taking Lydis E. Pinkham's Vegetable Compound insisted that I take at least one bottle. I did so, and felt so much better that I kept on the treatment, and it made me a strong and well woman. The few dollars I spent for the medicine cannot begin to pay what it was worth to me."—Mrs. Anna McKay, 326 Spadina Ave., Teronto, Ont.

IS YOUR CATARBH REMEDY CURING YOU While Steamship Bremen

If You Are Unconsciously Using An Alcoholic Liquid Remedy Stop At Once.

People soon learn that the true test of a catarrh remedy is whether it cures to stay cured. Have you ever inquired why a liquid catarrh remedy makes you feel better for a time! It is because the alcohol in the liquid remedy makes the mucons membranes drunk. It deprives them of senation, it inspires false hopes and always leads to alcoholic deceits. A permanent cure by any liquid dyspensia or catarrh remedy is simply impossible. The alcohol used in liquid preparations makes it almost a travesty to call them remedles. They incite the worst forms of catarrhal trouble rather than cure such troubles. Gan a physician be found who will truthfully say that any liquid catarrh remedy is worthy of use? Every physician knows that it is an absurdity for anyone to claim that catarrh, dyspensia or any form of blood disease can be cured by a so-called liquid catarrh cure. In this connection it is wise to consider carefully the best means for relief. Smith's Triple Cure, that grand old remedy, constraing of four separate preparations, three of which are in tablet form, and used internally and another in the form of a catserrh cream, contains no alcohol and never leads to false hopes. It makes you feel better the first day, and each day following is but a repetition of the first day's experience. It restores the mucous membranes in every part of the body. It positively curse catarrh, dyspensia and all blood diseases. If you have long been a slave to a liquid catarrh remedy, break away from the habit. Use Smith's Triple Cure, and health, abundant, full and complete, will be yours. Four separate preparations, lesting a full two weeks for 60 cents, the greatest value for the money ever offered. If your druggist won't supply you, send us 25 two-count stamps by mail today and we will sead it, postpaid and guarantee safe delivery. Address W. F. Smith Co., 165 St. James St., Montreal.

TRAGIC DEATH OF

Gun and Was Accidentally Discharged—The Shot Enter-

When One of Them Jammed in the

ed Side of His Head.

(From Wednesday's Daily Sun.) The news of the tragic ending of William F. T. Harrison's life swept over the city yesterday and called forth counts a man of excellent character. He has had some experience as a universal expressions of sorrow. The reality of the sad event could hardly be grasped by those who had seen but a few hours or a few days previous, in his usual good health, kind and The following is a copy of a letter re-ceived by Dr. Harrison from Louis C. cheery, one with whom death could hardly seem to be associated; but as the truth of the report became con-firmed a pall of sadness settled on his hundreds of friends at the untimely ending of so bright and useful a life. The sad occurrence seems undoubted-Mr. Harold Geoghegan, is, I understand, making application for the vacant chair of literature in the Univerly to have been due to the discharge of a gun which Mr. Harrison was handling preparatory to packing away, and which was, unknown to Mr. Harrison, loaded with a shell.

Mr. Harrison lived with his mother, widow of the late W. F. Harrison, at 78 Elliott row, and as Mrs. Harrison was leaving for Toronto to live with her sister, Mrs. Hartt of that place, the household was to be broken up, and Mr. Harrison was packing his things preparatory to moving into new lodgings. He had been engaged in placing away his guns and fishing outfit the night previous, for Mr. Harrison was a noted hunter and fisherman and kept a large supply of utensils or hand for following these sports. had not finished his packing that night and determined to rise early Tuesday morning to finish the work before going to his usual duties in the Custom House, where he held the responsible

position of deputy collector. The family heard his moving around "Mr. Geoghegan, I believe, would do good service to the University of New Brunswick in the post which he now New Brunswick as soon as possible."

senate on the 18th of September, and when the family were startled to hear the report of a gun. Waiter Harrison immediately went to his brother's room when the family were startled to hear to find out the cause, and was horrified to see his brother fallen over the half-packed case, the side of his head blown off, and the still smoking gun

pulling the gun towards him the trigger had been caught and snapped, discharging the contents full into Mr. Harrison's face. This, however, was rather upset at the inquest, when it and Mrs. Alonzo Calder celebrated the fiftieth anniversary of their wedding. Seventy-five guests were present, including relatives and friends from Maine, Massachusetts and British Co-maine, Massachusetts and B was fairly well proven that Mr. Harlumbia. Six of the seven children the right side of his head and passed were at home, namely: Rev. A. B. out the left, carrying a rain of blood, Calder, pastor of the M. E. Church at shot and bone to the ceiling of the

HALIFAX, N. S., Sept. 19.—The big steamship Bremen, of the North-German-Lloyds Line, with 350 passengers, bound from New York for Bremen, was tewed into Halifax harbor at three o'clock this afternoon by the oil tank o'clock this afternoon by the oil tank are not called the control of the called the capt. Henry A. Calder of Gloucester, Mass., was unavoidably absent. Only one grandchild, Geo. T. Calder, of Calais, was able to be present than William F. Tupper Harrison, to whom death came in such tragic fashion.

Born on July 23, 1873, he had but recently passed his thirty-second birth-day. He was the second son of the late William F. Harleson who for many calder, of Calais, was able to be presents atternoon by the oil tank steamer Ducigen, with broken and fouled propellers. Since Saturday afternoon at 5 o'clock the steamships have been under way, creeping along at an average of four knots an hour. The Bremen had left New York for Brebrash of Calais, was able to be present.

Calder, of Calais, was able to be presently passed his thirty-second birth-day. He was the second son of the late William F. Harrison, who for many years conducted a wholesale grocery business on the North wharf. His older brother was Capt. Charles F. Harrison, who was one of the South older brother was Capt. Charles F. Harrison, who was one of the South African volunteers, and who died of enteric fever in Africa during the Boer war. He leaves two brothers, A. Bertram Harrison, who is a graduate of the New York Academy of Dramatic Arts, and who had recently been engaged as stage manager for Henry Miller and Margaret Anglin, and an-other brother, Walter A., in the employ of T. H. Estabrooks. He also leaves one sister, Mrs. Hartt of Kingston, Ont. Jeremiah Harrison of the hay and feed firm of that name, was an uncle of the deceased, and J. G. and W. Harry Harrison of this city cou-

WALTER H. CARNALL.

Walter H. Carnall was the first witness called. He had been out shooting with Mr. Harrison last week and returned Sunday night. Mr. Harrison had two guns with him, one for witness' use. This gun was 12 calibre, and early. Hardly had 8 o'clock passed deceased used a 20. Both were hammerless, double barrelled breech loading. Just before returning to the city they took the cartridges out and put the guns in their cases. Witness was satisfied neither had cartridges in their guns when they arrived in the crease of almost one million dollars in city. Mr. Harrison took both guns in Campbell's stable when they arrived thereto.

on the trip.

Witness reiterated statement that there was no cartridge in it when it left his hands. He found a discharged shell in the right barrel,

DR. HOLDEN.

Dr. Chas. P. Holden said the body of the deceased was lying on the left eide, the head resting over the edge of the packing case. The left arm was doubled under, with the back of the hand resting against the box. right arm was extended. The gun was lying with the muzzle pointing to-wards the foot of the bed. There was visible a large rent on the left side of the head, as it hung over the edge of the box. The gun was probably discharged while the deceased was drawing it towards him with his right hand from the stretcher on which it was probably lying, the trigger pro-bably catching in some of the coverings on the stretcher.

It was accidental, because if not other arrangements would have been made to discharge the weapon. Death was instantaneous and the position was natural to one who had been shot while drawing the was natural to one who had been shot while drawing the gun towards himself. Deceased might have been sitting or standing when the accident when you feel out of sorts and no-

MR. CARNALL RECALLED.

Mr. Carnall was recalled. To Mr. DeForest-Witness said they contemplated going shooting again for woodcock and partridge. The kind of shot required for them was either No. 6 or No. 8. He had no way to tell the size of shot in the cartridge fired off. He thought, however, they

gun could be put in the case without noticing the cartridges. He, however, had fired off both barrels and then broke the gun and put it in the case.

WALTER A. HARRISON.

were No. 8.

Walter A. Harrison, brother of the Walter A. Harrison, brother of the deceased, said about five minutes past eight in the morning he was awakened by his brother walking from the bathroom to his room. Witness called out to him and asked him what time it was. He said, "About a quarter after try of the 30th appropriate of the control of the 30th appropriate of the 30th appropri

was well liked, affable, gentlemanly, and the people who came into contact with him always found him pleasant and courteous. As deputy collector he came more into contact with the public than myself and was one of the most popular officials in the department.

THE INQUEST.

The result of the jury's investigations last evening was expressed in two words—accidental death. The inquest was conducted by Coroner Berryman and held in the home of the deceased.

Eight."

Witness looked at his watch and saw it was about 8.05. About five minutes later witness heard a gun go of the could not understand why larly for Bruton church, because of the fact that Bruton is the official successor of the church at Jamestown.

Beaumont, Texas, is the latest freak. The youth is 18 years old and seven it, being afraid to let his mother know. Witness then dressed as quickly as possible and went to a house on Pitt street and telephoned to the coroner.

and handed the key over to the cor oner when he came.

cartridge in the gun?"

"My brother said the night before that he was going to sort out his wet cartridges. As these latter were swelled and therefore of no use, he did not wish to take them away with him. He was probably trying these in his gun to see if they fitted and one became jammed. He then forced the gun ammed. He then forced the gur

happened to be in range." ACCIDENTAL DEATH.

The coroner's address was short. He reviewed the evidence offered. The tesmony of the deceased's brother gave in his opinion, the clue to the accident In trying the wet and dry cartridges the accident occurred.

The jury were out but a short time and returned the following verdict: "We, the jury empanelled to inquire into the death of the late W. F. T. Harrison, find that the deceased came to his death about eight o'clock Tues-day morning, September 19th, at his mother's residence, 78 Elliott Row, by the accidental discharge of his gun while he was handling the same."

CANADA'S TOTAL

OTTAWA, Sept. 18.—Canada's total foreign trade during the fiscal year up to June 30, 1905, totalled \$470,151,289, with a decrease of \$2,581,749 compared with the previous year. The import trade reached \$266,834,417, an increase of \$7,622,614, and the export trade, \$203,316,872, a decrease of \$7,559,493 in domestic products only, and of more than ten millions in foreign and domestic products together. The imports consisted of \$157,164,975 in dutiable goods, an increase of \$1,056,522 and \$109,669,442 in free goods, an increase of \$1,056,522, and \$109,669,442 in free goods, increase of \$6,566,092.

The returns show that our imports \$60,538,811, a decrease of \$1,422,098. Our exports to the mother land in the same period were \$101,958,771, a decrease of \$151,603,805. Canada's purchases from all the British possessions together were \$73,622,290, a decrease of \$13,121, whilst our exports in the British empire totalled \$113,876,848, a decline of fifteen millions. On the other hand our purchases of \$193,172,127 from foreign countries represented an increase of nearly eight millions, whilst our exports to foreign countries of \$87,595,213 represented an increase of \$5,491,083. From the United States we took imports of \$166,040,890, an increase of over nine millions, whilst our exports to that country were \$75,563,015, a betterment of close on to five millions. Our trade with France shows an inexports, and of \$66,630 in our exports

here, where repairs will be affected, and where it is likely she will wait for a new propeller shaft to be sent out from Bremen.

50TH ANNIVERSARY

OF THEIR WEDDING

The shock was terrible in its swiftness and deadliness, and the grief-stricken relatives could hardly bear up under the burden.

The shock was terrible in its swiftness and deadliness, and the grief-stricken relatives could hardly bear up under the burden.

The theory advanced was that a gun belonging to a friend was among Mr. Harrison's own outfit, and from this one the shells had not been drawn. In pulling the gun towards him the trigsold them in return \$2,404,232 worth of goods as against \$2,179,774 in 1904.
