

## PAINE WHITNEY'S HORSE THE WINNER

Borrow Captured the Brooklyn Handicap Yesterday—  
Stablemate Regret Heroine of the Race Finished Second.

New York, June 25.—The running of the Brooklyn handicap at nine furlongs over the Queen's County Jockey Club's course at Aqueduct, Long Island, today will be long remembered by the thousands who witnessed it. While Harry Paine Whitney's aged gelding Borrow, 117 pounds, won the event; his stable mate, the chestnut mare, Regret, winner of the Kentucky Derby of 1915, was the heroine of the race.

From flag fall to within fifty yards of the finish this five-year-old daughter of Bromstick-Jersey Lightning, led the field of eleven of the best horses in America, setting such a dizzy pace that the winner's time, 1:49 3/4, sets a new world's record for the distance. The old record of 1:49 2/5 was made over the Laurel, Md., track by Roamer, then a three-year-old, carrying 134 pounds on October 10, 1914. Borrow and Regret finished first and second, a very short head separating them at the wire, with Old Rosebud a length away, in third place.

### A Pleasant Surprise.

A very pleasant surprise was given to Mrs. W. C. Matthews last evening when the mothers of the children in the Free Kindergarten of Portland street presented her with a week-end travelling case. One of the mothers in a few words expressed deep appreciation and gratitude and all the other mothers for the splendid work done by Mrs. Matthews in the years she has been identified with this school, and stated she would be followed by the good wishes of mothers and their children when she goes to her new home in the west. The presentation took place in the Portland church school room.

## COMMISSIONERS DECIDE TO TAKE SPECIAL ACTION

Commissioner of Safety Given Authority to Expend Whatever Sum Necessary in Harris Case—Other Matters Dealt With.

At yesterday's committee meeting of the common council the Commissioner of Public Safety was authorized to expend whatever sums might be necessary in bringing to justice the person or persons who are responsible for the death of Robert Harris on the afternoon of July 2, if a band could be procured, and attention was drawn to the request that citizens fly their flags on Dominion day.

The Mayor presided and Commissioners Wigmore, McLeellan and Fisher were present. It was decided to have a band concert on King Square on the afternoon of July 2, if a band could be procured, and attention was drawn to the request that citizens fly their flags on Dominion day.

The petition of the Hivery stable keepers for permission to raise the cab rates was laid over until Thursday, as was the revision of license rates.

The Mayor reported that he had not been able to get much information regarding coal, and it was suggested that the city open a wood yard, but no action was taken.

Commissioner Fisher brought up the matter of the Clarendon street retaining walls and presented requests from property owners for openings in the walls. He will provide sketches of what is asked for at the next meeting.

Commissioner Wigmore referred to the death of little Ronald Totten whose body was found in the water near the foot of the St. John's Hotel. He had been deeply touched by the sad happening, but did not know of anything he or the council could do just at present.

It was decided to hold the regular meeting of the council today at 11:30 A.M. instead of the usual time, 3 P.M.

## INCREASING ACTIVITY ON THE WESTERN FRONT

British Undertake Several Successful Enterprises at Several Points—French Repulse Surprise Attacks.

London, June 25.—Increasing activity on the western front is reported in today's official announcement, which records various successful raids by the British. The statement follows: "Successful enterprises were undertaken by us last night at several points on our front. Parties of our troops raided the enemy's trenches in the neighborhood of Ephe, Bullecourt, Roux, Loos and Hooze, killing many Germans and taking several prisoners. In a raid east of Vornelles we captured fifteen prisoners and two trench mortars. Our party remained more than two hours in the enemy's trenches, blew up his dugouts and inflicted heavy casualties on his garrison."

Paris, June 25.—Sharp artillery fighting was in progress continually during the night near Froidmont Farm and Chevroux, says today's official statement. The statement follows: "Unusually active artillery fighting continued during the night in the sector between Royers and Froidmont Farm and Chevroux, and also near Hurltebise and east of Chevroux. Two surprise attacks against our trenches, east of Chevroux cost the enemy losses without any other result. German attacks on our small posts in the Woivre and in the region of St. Mihiel were checked completely."

"Where else the night passed quietly."
