

IMMIGRATION MATTERS CALLED FORTH DISCUSSION IN COMMONS

More Money Required to Conduct the Department Which Has Had Increased Responsibilities Placed Upon it—Many Immigrants from United States.

Ottawa, May 19.—Announcement was made in the House of Commons this afternoon that Senator Robertson, Minister of Labor, would leave for Winnipeg tonight. Mr. Cahill raised the question of the strike when the House opened.

"There is nothing particularly new to report in respect to the Winnipeg strike beyond that which has appeared in the newspapers," said Hon. A. E. Maclean. "The situation, however, continues quite serious indeed. The milk men are carrying on business to-day and with the certain limitations, restaurants are opened to the public. The Minister of Labor leaves for Winnipeg tonight."

Hon. Arthur Meighen stated in reply to Mr. J. H. Sinclair that there are thirty-six senior court judges in the Province of Ontario, including four vacant judgeships, and twenty-four junior judges. The salary was \$3,000 each except in York County where \$2,500 is paid. He said there were seven court judges in Nova Scotia, including one vacant judgeship. The salary paid was \$3,000 with the exception of Halifax where the salary was \$2,500. Hon. J. A. Calder gave notice that he would move the resolution in connection with technical education tomorrow and General McEburn that he would move the pension resolution tomorrow also.

Third reading was given to the Dominion water powers bill and a resolution by Hon. Dr. Reid was carried, to extend the time of the construction of that portion of the St. John and Quebec Railway between Centreville and Andover, N. B. Dr. Reid stated in answer to Mr. Cahill that this railway was built by the New Brunswick government but it has been taken over and a portion of it is now being operated by the federal government. A bill was introduced based upon the resolution.

The House went into committee of supply on the immigration estimates. The vote first under consideration was one of \$139,767 for salaries, an increase of \$11,650 over the estimate for the previous year. Mr. Cahill asked what immigration was coming into the country. If there was less immigration, he thought, the vote for salaries should be decreased. Hon. J. A. Calder, minister of immigration, said there had been a marked increase in the work of the Ottawa office. In addition to bringing people in, there had been the duty imposed of watching the border. He thought there was very little chance of getting many people from Europe in the near future.

Immigration from the United States continued, however, and this year it was expected that about seventy-five to a hundred thousand people would enter Canada from the south.

He added that three immigration districts had been formed in Canada, an eastern, a western, and a Pacific. In each of these districts a commission had been placed in charge to see that the immigration laws were properly carried out.

Ottawa, May 19.—Mr. Cahill asked what the department was doing in the line of colonization.

The minister replied that land owned by the government, outside the fifteen mile limit provided for returned soldiers was being settled. The land which lay in the railway belt was reserved for returned men.

Replying to Mr. Cahill, Mr. Calder said that immigrants coming into Canada were not classified according to religious sects, but by nationalities. Therefore he could not give the information desired.

The number of Hutterites and Mennonites in the west was considerably smaller than one was led to believe by newspaper reports.

Mr. D. Ehler asked if the minister could tell where these Mennonites now in the west had come from.

Mr. Calder said he thought the majority had emigrated from the State of Kansas or that vicinity. The chief objection to the Mennonites, which was largely responsible for the feeling of opposition to them in the west, was that they objected to sending their children to the public schools. He had come into touch with these people and could state that they were good citizens of industrious temperament. It was, however, a serious objection that they were unwilling to abide by the law of the land as far as the public schools were concerned.

CONFERENCE OF LIBERALS CLOSES

Premier Foster of New Brunswick and Atty. General Daniels of Nova Scotia Took Part in Yesterday's Discussions.

Ottawa, May 19.—The conference between the advisory committee of the Liberal members of the House of Commons and representatives of the provincial governments were brought to a close this evening, but it is expected that Premier W. M. Martin, of Saskatchewan, will remain here for a few days. Premier W. E. Foster of New Brunswick, and Hon. O. T. Daniels, of Nova Scotia, took part in today's proceedings.

A further discussion took place with reference to organization in the constitutional amendment. It was finally agreed that organizations in the western provinces would be promoted and carried out, "in accordance with the boundaries and constituencies for federal purposes."

It was stated officially to the Canadian Press that the members of the provincial government had undertaken to see to this.

Work along this line, it was stated, has been attended to in Ontario.

It was also stated that very shortly the advisory committee would announce the addition of a number of members of parliament and senators to confer with them for the promotion of the national Liberal convention and to the committee would be added a representative of each of the provincial governments with the consent and approval of these governments.

This, it was stated, would promote united action.

FATE OF HAWKER AND GRIEVE IS STILL UNKNOWN

(Continued from Page 1)

The report that Hawker's machine was downed in the mouth of the Shannon river is considered unreliable.

Report Machine Found.

Bulletin—London, May 19, 1920. It was a wireless message that Hawker's machine has been found in the sea forty miles off Loophead at the mouth of the Shannon river. It is not stated whether Hawker was found. The Admiralty statement adds that Hawker's machine has been picked up.

Loophead is the most western point of County Clare, and is on the south central part of the western coast of Ireland. The mouth of the Shannon is guarded by Loophead on the north and Kerry Head on the south. Loophead is about eighty miles west of Limerick, which is about seventy-five miles north of Fermoy, where Hawker intended to make his first Irish landing place.

QUARREL OVER MONEY RESULTS IN DEATH

Returned Soldier Attempting to Stab His Wife is Himself Fatally Stabbed and Died at Once.

Montreal, May 19.—In a quarrel tonight over money, which culminated in an attempt to stab his wife with a breadknife, John Peter Thirivall, 45, returned soldier, of this city, was himself fatally stabbed and died at once. His wife, after the tragedy, washed the breadknife, and the floor and called Dr. Bissonnette, who, finding the man dead, advised her to notify the police. This she did, and is now held as a material witness.

The women is stated to have been defending herself against his attack when she felt him crumple up as the knife pierced his right breast.

TAKE HOOD'S NOW

You Need It This Spring as Never Before in Your Life.

You have overdrawn your reserve strength, worrying during the war. You may have done this unconsciously, but you have done it nevertheless. You must get that reserve strength back again.

There is no better medicine for you than what has been so universally satisfactory as a Sarsaparilla—Hood's Sarsaparilla.

Get this medicine of your druggist today, and begin to take it at once. Hood's Sarsaparilla combines the best blood-purifying, stomach-toning, strength-giving substances, all of which are prescribed every day by prominent and successful physicians.

In cases where a laxative is needed, Hood's Sarsaparilla is very effectively supplemented by Hood's Pills, relieving biliousness, constipation, morbid and sick headache. Purely vegetable.

Standing Room Appreciated. This world is but a fleeting show. Some say not worth a pin; But just the same we feel that we're lucky to get in.

Some More, Some Less.

Vancouver Sun—Some members of parliament are worth a good deal more than \$2,500 a year and some are worth a good deal less. In order to retain the services of representatives who are particularly useful, it looks as if the country will have to increase the stipend also of those who are not.

HALIFAX TAX RATE TO BE A RECORD ONE

Civic Budget for the Year Will be Over a Million Dollars—Rate at Least \$3 on a Hundred.

Special to The Standard.

Halifax, May 19.—While nothing official as to what the civic tax rate for the year would be was given out this morning the city auditor was working on the estimates including the various items the legislature decided should be added to the estimated expenditure. It is understood that the items, added by the legislature, total about \$50,000. The civic budget for the current year will be over a million dollars, and to provide for this, on the present basis of the assessment which is completed, would mean a record tax rate something in the neighborhood of \$3.00 on the \$100 assessment. It is hinted that the rate will be higher than that. It was \$2.64 last year in addition to a highway tax of 10 cents.

FERGUSON LOST ON ALLEGED FOUL

Referee Blamed for Making a Glaring Mistake in Decision

Montreal, Que., May 19.—Engene Brousseau added another victory to his string tonight here, with the assistance of Referee George Lepage, who disqualified Danny Ferguson, of Philadelphia, for an alleged foul.

The meeting of Brousseau and Ferguson was scheduled to go ten rounds and was brought to an unsatisfactory termination by the ruling of Lepage, who, in disqualifying Ferguson in the third round, made a glaring mistake, and to many put himself in a false position, as it looked like a protection for the local fighter.

Philadelphia, May 19.—WHD and ineffective pitching in the early part of the game gave Philadelphia an easy 10 to 3 victory over St. Louis.

The score: St. Louis . . . 10000000—3 11 2 Philadelphia . . . 100310002—10 10 0 Meadows, Ames, May, Turo and Snyder, Dithor; Jacobs and Adams.

THREE TRANSPORTS SAIL WITH SOLDIERS AND DEPENDENTS

Caronia Will Dock at Halifax, Gramplan at Quebec and the Bohemian at Quebec.

London, May 19. (G. A. P.)—General Smiley, who has sailed for home, has held with considerable success the position of officer commanding the Canadian section at general headquarters. He was formerly commander of the Fifth Brigade. He will, on his return to Canada, assume the position of a judge in the supreme court of Saskatchewan.

The Caronia, which sailed last Wednesday for Halifax, carries the eighteenth, nineteenth, twentieth and twenty-first battalions with General Bessie and staff, a total of 166 officers and 3,696 other ranks.

The Bohemian has sailed for Quebec with nineteen officers and 1,681 men from Kilmel Camp. The Gramplan, also for Quebec, carried 26 officers, 3 nurses, 41 warrant officers, 252 men from Buxton, 452 wives, 574 children and 43 babies.

VETERANS THINK WINNIPEG STRIKE IS ABOUT OVER

Ottawa, Ont., May 19.—The Dominion secretary of the G. W. V. A. has received a reassuring telegram from representatives, in which it is stated that hope is entertained for a settlement of the Winnipeg strike soon.

"The strike situation is lightening," reads the telegram. "The city is quiet and orderly. Labor terms, involving recognition of the right of collective bargaining, are subject to the Mayor."

It is taken by the Veterans' executive that the latter sentence means that both sides have agreed to abide by the decision of the Mayor as to collective bargaining or individual bargaining with the unions on strike.

Technical Terms

Those interested in the technique of motion-picture production may find interest in the following definitions of more or less familiar terms, prepared by Frank Lawrence of the University's editing department.

Long Shot—The term applied to a wide expanse of distant view.

Medium Shot—The camera is sufficiently closer to the subject or scene than in the "long shot."

Close Up—The object is recorded on the film at close range, and as a result is greatly enlarged.

Fade In—The process is accomplished by the technique of the camera, and given the effect of a gradual clearing of the scene. It is usually used after a lapse of time to open a new sequence or thought.

Fade Out—Also a process accomplished by the technique of the camera, and gives the effect of a gradual fading out of scene. It has much the same effect as a slowly descending curtain.

Chemical Fade In—Is similar to the fade in, except for the fact that it is accomplished by a chemical process.

Chemical Fade Out—Is similar to fade out, except that it is accomplished by a chemical process.

Irish—Is used almost in same fashion as fade in is used, except that it begins with a small circle, which gradually expands and takes in a larger area of the picture. Often is used in introducing characters.

Double Exposure or Lap Dissolve—Belongs to the field of the technique of the camera. Its main effect is to blend one picture into another. This has been done in "The Heart of Humanity," as, for instance, when an American flag seemingly becomes gradually transparent, revealing marching columns of soldiers.

Irish Effect—Is a scene shown in a circle.

Mask—Something put over the lens of the camera in taking a scene to produce looking through a keyhole, spy glasses, etc.

Insert—By this term all letters of documents shown on the screen are known.

Put Back—One of the most used and most abused processes in motion pictures, by which a scene is interrupted for the introduction of a scene from action that has already occurred. It is employed to relieve a tense situation.

Tips To Housewives

Fresh bread in the cake box will keep the cake fresh.

Place a large sponge in the bottom of your umbrella jar.

Wash black silks in water in which pared potatoes have boiled.

Glass jars are the best containers for dried fruit and vegetables.

Soap rubbed on the screens and screen strips prevent sticking.

Every child should have one quart of milk a day until it is 8 years old.

Poor laundry work shortens the life of clothing more than anything else.

If the bread is not quite as light as it should be, try using a little more yeast.

With dry, white fish serve a rich butter sauce; with fat fish plain lemon.

If mayonnaise is covered closely in a jar it will keep in a cool place a week.

Toronto, Ont., May 19.—In response to an inquiry from the Canadian Press the sensational story of the formation of a Soviet government in Winnipeg was referred by the Associated Press of New York to their St. Paul office for confirmation. At three p. m. the following answer was received:

"Soviet fake story repudiated by city, military and union officials. Rumor came from the fact that the city and military officers have not acted aggressively thus far, and that all aggressive steps in strike developments have been made by the other side."
