PHE SEMI-WREKLY THE ECRAPH, BY JOHN & B. JANUARY ST. 1808

PENOBSQUIS

Penobsquis, Jan. 27.—0. Whelpley, who came here from Boston with the body of his sister, returned to his home today. Mrs. Byron Freeze, while walking in her door yard, caught her foot in a piece of wire that was frozen in the ice. She fell, breaking her arm at the wrist. Dr. McAllister, of Sussex, set the broken bone, and Mrs. Frozen is the broken bone, and Mrs. Freeze is doing as well as could be expected.

Byron Freeze is not improving in health.

Miss Short returned to St. John yesterday, after a pleasant visit to her sister,

Mrs. I. White at the St. George Hotel.

EDMUNDSTON.

Edmundston, N. B., Jan. 23 The annual meeting of the Municipal council of Madawaska county opened Tuesday last in Edmundston. N. A. Gagnon, M. P. P., presided

A smallpox bill presented for payment by J. A. Guy, M. D., and chairman of the local board of health for this county, was refused on account of being too high

A resolution was passed by the council in favor of the building of the Trans-Canada Railway. It was at the same time resolved that the port of St. John being one of the finest in Canada the terminus of said railway should be in St. John. The councillors took a great interest in the construction of the Trans-Canada for they anticipate that the railway will go through this county being the shortest route from Quebec to St. John. There St. John and a great benefit can be obtained for the people of this province in the building of this raffway.

CHATHAM. at hate does

Chatham, Jan. 27—An adjourned meeting of the board of trade was held last evening, Lieut-Governor Snowball in the

After considerable discussion the following resolutions were passed:

Resolved, that this board of trade, while not committing itself to the principle of further subsidies of land or money to trans-continental railways, believes that if the different projects now before the country the trans Canada is the most deserving from a national point of view, and also from the point of view of opening up new territory for settlefinent and governmental support.

Resolved, that this board is opposed to governmental grants of either land or money to any trans-continental line of railway unless guarantees are taken in the form of mortgage bonds to safeguard the public interest in such line, that we are also opposed to the granting of any charter to roade other than those having their terminus on Canadian soil.

The necessity of having a salvage corps was also discussed and it was decided that the board recommend to the town council that a salvage corps he formed.

An accident due to careless driving occurred on the hill near Christie's factory

curred on the hill near Christie's factory this evening. William Wright, an employe of the Rhodes, Curry & Co., Ltd., while returning from his day's labor was run into and knocked down by a rapidly driven sleigh, the shaft of which struck him a violent blow and a little behind the left arm pit, breaking one of his ribs and rendering him theoreticals.

Mr. Wright is a very stout, neavy man, and the injuries are very serious. The collision occurred near an electric light on a wide and unobstructed street and Mr. Wright was walking quite near the edge and it is difficult to excuse an accident under such eircumstances. The occupant of the sleigh did not stop to render any assistance.

assistance.

His victim was removed to his boarding house and medical aid summoned. He will be confined to his house for some will be confined to his house for some time even if no serious complaints set in. Idward Sears, while driving a heavy load of pressed hay for Arthur Lusby, was owing to the slewing of the sled thrown violently to the ground a portion of the load falling upon him. At first, it was feared he was killed, but when the load was removed it was found that although seriously hurt he was not fatally injured. He is terribibly bruised about the hips and body.

The match between the Thistles of St. John and the Amherst curlers which was to have been played tonight, has been postponed until 8 o'c.ock tomorrow morning, owing to soft ice. The local curlers are entertaining the visitors at a luncheon in their reception rooms at their rink.

Amherst, Jan. 28—(Special)—George.

Amhenst, Jan. 28—(Special)—George. Perry, of Leicester, while working in the woods, had a very narrow escape from death, due to a falling tree crushing him to the ground. It broke his left arm, badly jammed his leg, and mangled his head in a dreadful manner. Doctor Dyas attended to the man's injuries. The scalp was completely torn from one side of his head, hanging down over the ear, requiring 15 stitches to close the wound. The arm was broken short off and altogether arm was broken short off and altogether the injured man's condition is very serious. However, he is expected to recover While Perry was sawing one tree other fell on him.

ANNAPOLIS.

Annapolis, N. S., Jan. 28-(Special)-A Annapolis, N. S., Jan. 28—(Special)—A despatch was received here today from St. Thomas (W. I.) by Pickles & Mills, managing owners of the tern schooner Bartholdi, informing them that this vessel which left Trinidad, Port of Spain, on Dec. 23rd, bound for Florida had put into port in charge of the mate with two of her masts gone and leaking hadly. into port in charge of the mate with two of her masts gone and leaking badly. The captain, Walter Amebrman, died during the passage and was buried at sea. The captain belonged to Annapolis, and was about 43 years of age.

He was married here about two years ago to May, daughter of Adelbert Hardwick, of Moschelle, who since their marriage has accompanied him on his voy; ages. The captain was part owner of the yessel.

YARMOUTH.

Yarmouth, Jan. 27-The Yarmouth Electric Street Railway has given official notice that the serivce will be withdrawn be fter next Tuesday. It is a matter of deep regret that the company has been unfortunate and has been obliged to take this course. Yarmouth capital established this service, the third in the dominion, in August. 1892, with electricity for propalling lighting and heating. The course pelling, lighting and heating. The com-pany also supplies the motive power to a number of industrial establishments which
