SECRETARY'S REPORT, SEASON 1894.

Notwithstanding the many circumstances that have tended to retard the Society's best progress during the greater part of the past year, namely, the loss of some of our best active members by removal from town, and the need of the guidance and help of a Pastor, yet the Society has at all times endeavored to put forth its best efforts toward the advancement of its work for "Christ and the Church," and while we may have been only partially successful in many ways, yet we feel thankful that we have achieved some solid results, and hope for greater and better results in the future."

In members, our Active Membership Roll shows an increase on last year. The meetings are fairly well attended, but we feel that in a congregation such as ours the Christian Endeavor Society should have a much larger membership, and it is our earnest hope and prayer that before long more of our young people may join us and become workers for "Christ and the Church."

Nine Business Meetings of the Society, besides a number of Social Gatherings, were held during the year.

We are pleased to state that our Society will have over \$71 (seventy-one) to contribute to Missions this year. And we still press forward with the hope that the coming year may be a memorable one of the success and prosperity of our Society, not forgetting our motto: "The World for Christ."
