This is the way to mark your ballot under

Alternative Voting will be used in the coming Provincial Election.

Explaining Alternative Voting briefly, it may be said that the voter has no longer to content himself with marking an X for just one candidate. He marks a first choice for his candidate, and then proceeds to make a second, third and possibly further choices for as many candidates as have been nominated.

On counting the ballots, if the highest candidate has an absolute majority over and above the total votes cast for all the other candidates, he is declared elected. If, however, no candidate obtains an absolute majority on the first count, a second count is required. Before doing this, the lowest candidate is excluded and the second choices on that candidate's ballot are transferred to the other candidates as indicated on his ballot. If the second count elects no one on an absolute majority, the next lowest candidate is eliminated making a third count necessary. This is continued until some candidate obtains an absolute majority.

It's Fair - It's Easy
