An auto party consisting of Wallace Houtby and Richard Houtby, of Crowland, Miss Leta Damude, of Thorold, and Miss Neta Watterworth, of Wardsville, were driving up a steep hill and apparently Wallace Houtby, who was at the wheel, intended to take the straight road ahead. It seems, however, that he suddenly changed his mind and tried to make a sharp turn. In doing so he ran into a ditch. Then, it is said, he became excited and instead of putting on the emergency brake, he touched the accelerator. The car took a half-somersault backwards and then fell on its side. The occupants luckily escaped injury, but the car was badly damaged.

THIS A MARVELOUS THING.—When the cures effected by Dr. Thomas' Electric Oil are considered, the speedy and permanent relief it has brought to the suffering wherever it has been used, it must be regarded as a marvelous thing that so potent a medicine should result from the six simple ingredients which enter its composition. A trial will convince the most skeptical of its healing virtues.

When you consider that the 1916 Gray Dort Model Five-A Touring Car fully equipped with electric lighting and starting and demountable rims sells for only \$850 and that its equipment is complete, not a single accessory to buy, you begin to get an idea of the great value the Gray Dort offers.
