**Best for Baby**

After many years' use by parents of all classes, in Royal Nurseries and humble homes, Savory and Moore's Food has the reputation of being a thoroughly reliable food for infants.

The experience of parents, nurses, and medical men all goes to show that babies do thrive remarkably well on this famous food, that its use prevents infant ailments, and that it builds up a strong constitution, so important in later life. You may therefore bring up baby on Savory & Moore's Food with the assurance that you are doing the best you can for your child.

**MOTHER'S GUIDE FREE**  
Savory & Moore's little Book, "The Baby," is full of useful information on Infant Management, and contains hints on Feeding, Teething, the Toilet, Infant Ailments, and many other subjects. It is just what a young mother needs, and will prove invaluable in the home. A Free Copy may be obtained on application to Savory and Moore, P.O. Box 1601, Montreal.

**326-ACRE FARM FOR SALE** in the wonderful Dauphin Valley; 250 acres summer fallowed and ready for wheat next spring. Has frame house, one log granary, one from granary and log stable; all fenced; flowing well, good water. Price, \$11,000.00. Apply Owners, Sutherland & Stelck, Hardware Merchants, Dauphin, Man.

came I helped with the summer fallow and this fall I stooked about eight days and also did a little binding. My brother owns a threshing outfit, so we have been threshed quite a while ago.

This summer I caught over seven hundred gophers, getting two cents for most of the tails. I made quite a little money.

I got a bicycle this summer, which I like very much. I use it to get the mail, go after the horses and cows, and for many other purposes that I would have to walk.

I will close, wishing the club every success. Yours respectfully,  
Herman Zinkham.

Keeler, Sask., Oct. 9, 1918.

Dear Cousin Doris:—I read your interesting letters for the first time to-night. I have a garden with a lot of potatoes in it.

We have a farm of six hundred and forty acres and about thirty hens, six pigs, twelve horses, four colts, I worked a little on the farm when threshing but we always live in town as we have a store.

But I am going to work on the land next year. I passed in the sixth grade at school this midsummer. There are a lot of men taken from Keeler for the war, my father was in the Boer war.

On the first of July there was a celebration and there was all kinds of races and sports.

A lot of the farmers' wheat got frozen in July, and I suppose it is pretty hard on them. My little brother, Grant is very fond of chickens and so one of the neighbors gave him an old hen and four little chickens, but two died and the others are getting on fine.

He is a great lover of animals as he has two small dogs, two cats and is very friendly to everything that comes around the yard. Well if I don't quit nobody will have room for their letters, well, good-bye,

Willie Fowle, age 10.

Fabyan, Alberta, Sept. 25, 1918.

Dear Cousin Doris:—I am sending a letter to your interesting club.

I have been out of school for a year and a half now, as I passed the Entrance at twelve, and cannot go to a public school any longer. I cannot go to town school, as we live twenty miles away.

But since leaving school I have been working on the farm, and helping hay and harvesting. I did not have much stooking to do this year, as our crop was frozen.

We live by the Buffalo park, near Wainwright, Alberta. Our place is fenced in on two sides by it. In the park are about fifteen hundred buffalo, also deer, elk, moose, antelope, cattalo (which are a cross of domestic cattle and buffalo), and hundreds of coyotes. It is a very interesting sight to see seven or eight hundred buffaloes in one herd, which we often see.

My brother and I have been busy nearly all year chasing cattle off our crops, as there are about two hundred ranging around here.

We had a garden this year, but it was frozen. We had trouble chasing cattle and pigs off it all year. But it was a poor garden, as there was no rain this year.

My brother and I have been shooting ducks lately, and have got quite a few. We have also been shooting gophers and chipmunks all year.

We have about 30 head of cattle and 7 head of horses. We milk 11 head of cattle, and I milk 3 of them morning and night. We have put up about 80 tons of hay for them, and it has taken us a long while.

I read a lot in my spare time, as we take the Canadian Thresherman and Farmer, the Saturday Evening Post, the Boy's World, and many other papers.

Well, I will close now, as my letter is getting long. Wishing the club every success. Yours sincerely,  
George J. Armstrong.
