

PURITY FLOUR

Western Canada Flour Mills Company, Limited

You Need Not be a Skilled Mechanic

to run an Electric Automobile. You don't have to crank, handle many levers or watch ignition when you operate an Electric.

Why? Because your power is not manufactured in your car. All the power is made at the Central Station where the current for your Electric Light is manufactured. The Electric Current is condensed in a small box called Storage Battery and all your power comes from this box. You get your power in small or large quantities, as you want it, WHEN you want it.

That's why ladies and even children can easily operate an Electric. It is simple, clean, and as certain to start, run and stop as it is to switch on Electric Light in your bedroom.

The Toronto Electric Light Co., Limited

"Excellent"

There is only one way to judge **CLARK'S MEATS** fairly, and that is to try them, and there is only one opinion when they are tried and that is "EXCELLENT."

The fact is **CLARK'S MEATS** are considered the standard of meat excellence and whenever and wherever preserved meats are used **CLARK'S** are naturally preferred to others.

CLARK'S Pork and Beans are the very best.

A STARTLING STATEMENT!

SOMETHING FOR MOTHERS TO THINK ABOUT

We have been endeavoring to draw your attention to the fact that all jams are not pure, and that the use of Salicylic Acid, a preservative, and Analine Dye (used to make decomposed fruit look like fresh picked) were very detrimental to health. Read this startling statement by one of England's foremost physicians, which is copied from a despatch in the Free Press, in the issue of May 26.

SPREAD OF APPENDICITIS

Is due to use of decomposed foods treated with preservatives.

London, May 26.—A remarkable statement regarding the spread of appendicitis was made yesterday before the Farnham Rural District Council by Dr. F. Tanner, who said: "The increase, general all over England, I believe, is greatly due to preservatives in foods. Not that the preservatives themselves do harm, but the presence of decomposed foods which they disguise does. I have attended thirty cases this year held to be due to this cause."

E. D. SMITH JAMS are assured to you by the Government Bulletin on Jams, No. 194, to be free from preservative and dye, which is the reason we use a sealed package. E. D. SMITH'S are not made to please the eye with Analine dye, they're made to eat without harmful results.

SMITH'S the JAM FIT TO FEED THE CHILDREN

SUBSCRIBERS' BONUS

Up to July 1, 1910, the Canadian Courier will renew any paid-up subscriber and provide the Courier for 12 months as a new subscription to a friend on receipt of FIVE DOLLARS.

Remember, you can renew your own subscription and send the Courier to a friend for 12 months for only \$5.00. Refer to this advertisement.

Dishes hot—food well cooked—kitchen cool.

No underdone food—no overheated kitchen in summer. Everything hot when wanted. Heat under perfect control and concentrated.

The blue flame is all heat—no smoke—no odor—no dirt. These are some of the advantages in using the

New Perfection WICK BLUE FLAME Oil Cook-stove

This stove has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for the coffee pot or saucepans, and nicked towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites cleanliness.

Made with 1, 2, and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet. **Cautionary Note:** Be sure you get this stove—see that the nameplate reads "NEW PERFECTION." Every dealer everywhere; if not at yours, write for descriptive circular to the nearest agency of the
