Carleton Damns Canadian Record In Foreign Trade

OTTAWA (CUP)—Canada's record in foreign aid is being blasted by students at Carleton University, and a request is made that the blast be nation wide.

Students and faculty at the Ottawa University have formed a committee to challenge students across Canada to join them in a protest. In a letter to students' councils across the country, the Carleton Challenges Canada Committee, asks that the protest be taken up and "let it be known that we as university students and Canadian citizens are dissatisfied with the attitude of our country in the general field of foreign aid and in the particular one of education."

Explaining that the committee wishes to arouse "Canadians from their apathy", the letter points out the challenge is not a prestige contest. "We are disturbed at Canada's shocking record in foreign aid, especially in

its support to the protest, SRC President, Keith Thompson said the letter was still under consideration and that a decision had not yet been reached.

In speaking to the delegates, Mr. Pearson said, "We must be optimistic as to the future of our nation. The strength of Canada is in our youth and the very fact that over two hundred university students from coast to coast have gathered here in Ottawa this weekend depicts the strength of the Liberal party. Your enthusiasm towards Liberalism is another of the everpresent trends that 1962 will be a year of victory for our party."

Tax Burden Eased

By a recent amendment of the Income Tax Act, a student may claim fuition fees as a deduction in calculating taxable income. It is of no consequence whether such fees were paid by the student or by someone in his behalf. However, such deduction can be claimed only by the student filing the return and not by a parent or other-

This provision has significance only in the following circum-

(1) Where the student concerned earned in excess of \$1,000 in the taxation year and has T4 slips from one or more employers evidencing such earnings.

(2) Where the student would normally be claimed by a parent ent son or daughter attending assistant professor in Chemical university.

Any student whose earnings were in the above categories, School, held an International may call at the Business Office tificate will be given showing the be claimed as a deduction.
