Sir,-

With further reference to letter from this Department dated the 15th ultimo I beg to request you to be good enough to inform the Department with the least possible delay, as to whether you are willing to make a valuation of the land and damages in connection with the Pacific Right of Way of the Canadian Northern Railway Company through Okanagan Indian Reserve No. 1 as soon as weather conditions will permit. If so a plan of the same will be sent you.

Your obedient servant,

Assistant Deputy and Secretary.
