FIRST WITNESS
FOR THE
PROSECUTION

A-20335 CQMS W T Naylor, quartermaster of No 7 Cdn Artizan Works Coy RCE having been duly sworn states:

I, A-20335 CQMS Naylor W T was informed on the morning of the 8 AUG 46 that cigarettes had been stolen from House 18 in the unit lines, and that a guard had been posted when the cigarettes were located in a cupboard. At approx 1645 hrs 8 AUG 46 acting upon instructions I contacted S/Sgt Miller of the SIS and made an appointment for 1800 hrs. Acting upon information received, I with QMS Weir at approx 1745 hrs requisitioned transport and proceeded to locate Spr Stanley. We could not find him in Bordon, but did meet S/Sgt MILLER, and returned to the unit in the Provost car. We picked up L/Cpl Atkinson and also an address at which we were likely to find Spr Stanley. We proceeded to Stanford Hill to the home of a friend of Spr Stanley, and upon inquiring found that he was not there, so we waited for the bus from Bordon, and met Spr Stanley getting off the bus. Upon request Spr Stanley got into the car and was driven back to 7 CAWC, RCE HQ. After questioning him for about an hour, he was searched by S/Sgt Miller in the presence of QMS Weir and myself. The search produced 2 packets of cigarettes, that were marked similar to the cigarettes that S/Sgt MILLER then produced from the cache of cigarettes in the cupboard. S/Sgt Miller then cautioned Spr Stanley and took him to Provost HQ for further questioning.

The Accused declines to cross-examine this witness.

SECOND WITNESS

I am Sgt 1/c heavy equipment and operators S.E.E. for 7 CAW Coy at Guadeloupe Barracks Bordon. At approx 1700 hrs 7 AUG 46 just after finishing work Spr Stanley and I went to our quarters at House 18 Guadeloupe barracks. As we entered the house Spr Stanley drew my attention to the front door being open, which he said he had closed going out. As we walked through his room Spr Stanley then drew my attention to the fact that the screws in the hasplock of his cupboard had been taken out. I immediately went upstairs to check the other rooms and seemingly they were O.K. I didn't think any more about it until a few minutes after the boys came in from work when both L/Cpl Atkinson and Spr Pierce reported the loss of their cigarettes from their cupboards which had been left locked. It appeared that the cigarettes had been taken by prying open the top of the doors. As it should have been noticed if anybody had carried out about 1500 cigarettes I figured that they
