individual, and richly bred, his dam being a sister of Dairymaid of Orkney (706) the butter fat last year. This sire was at both Tillsonburg and Woodstock, and his stock should be producers and show stuff.

John Morrison
Seven fine head go under the hammer from Mr. John Morrison. His entire offering are the strong, deep-bodied kind, after the type of Mountain Lass shown on another page. A calf that will attract much attention is Sprightly the 2nd. She is indeed typical of the right color and is by Great Scott, a son of Scottie, from a three-quarter sister of Jean Armour. Another good heifer is Scotch Thistle, large, strong and well marked. She is proving a producer of the first order, being now in the R.O.P. and will make about 1620 lbs. As Mr. Morrison does not crowd his animals when testing, the fine quality in excellent condition to make a big three-year-old record. This cow, the 7th, is a son of four per cent milk Scotch Thistle's son will also be offered, together with a promising heifer of the same family as Snowfall. This is a daughter of Great Scott, and like all her family, is large, strong and straight.

THE INGERSOLL SALE OF AYRESHIRE
The Ayrshire breeders of the Southern Counties have made a special offering for their big sale a class of animals that will reflect credit on their district and on the Ayrshire breed. They have succeeded. Twenty-three of the 69 head offered trace back to Jean Armour, the ex-champion of the world; 19 or almost one-third of the offering are descendants of the R.O.P. champion Scottie, while nine possess the blood of Princess of Tangierville, ex-champion cow of Canada. John Kekke is offering two heifer calves. They are good individuals and nicely colored. Mr. McKee's stock is well known everywhere, and Victoria of Brookside is no exception to his high standard. Her dam, Scottie's Victoria, was an outstanding winner at the Guelph Winter Fair with 171 lbs. of 4.3 per cent milk.

DESCENDANTS OF THE GREAT PONTIAC

Seldom is it that breeders of Holstein cattle in Ontario are offered grandsons and granddaughters of the famous old sire, Pontiac Koradyks. Collier V. Robbins is offering a large number of these at his forced sale on Wednesday, December 30th. The sire of most of the richly-bred offerings is King Koradyks Inka De Kol, a son of Pontiac Koradyks. It has taken Mr. Robbins a great many years and considerable money and to raise it up to the present high standard. Practically all the dams of the offerings have official R.O.M. & R.P. records. It is to be regretted that these animals must be offered for sale, but breeders in general will secure the benefit. The sale will be held at the farm, and conveniences will be made for trains at Fenwick, N.B. and D. Perry, M.C.R. and Marchmont, C.T.R., on the day of the sale. Catalogues of the animals being put up can be secured by writing Collier V. Robbins, R. B. No. 4, Wellandport, Ont.

Over-estimated
A traveller was married and was given a month's holiday. He and his bride spent their honeymoon in a quiet summer resort.
One evening as they entered the dining-room the young husband noticed a good customer at a table near by.
"Say, dearie," he whispered, "there's Mr. Jones over there. You won't mind if I go over and dine with him, will you? Think how fine it will be if I go back with my wading trip with a smashing big order."
The little bride agreed, rather ruefully. The commercial traveller hurried over to Mr. Jones, shook hands with him and ordered his dinner, of roast lamb. Then he began to talk business.
He was so earnest about it that his dinner partner when the waiter removed his dishes. Then suddenly he looked down at his plate and exclaimed: "Wh, where's my turkey?"
A little voice over in the corner piped out: "Here I am, dear."
