**A Provision for Old Age**

OLD AGE involving dependence is a thing justly to be dreaded, and self-respecting men naturally shrink from it, even though relatives might support them with pleasure.

It is only reasonable, therefore, that a great effort should be made by every man and woman to provide for the later years of life that in all probability will not be productive.

To assist in making this provision, The Mutual Life of Canada has introduced its Guaranteed Pension Policy, under which the assured will begin to receive a monthly income from the Company upon reaching the age 55, 60 or 65.

If the pensioner dies before having attained the age at which the pension begins, the Company will refund to the beneficiary named in the contract the premiums paid, with compound interest at 3% per annum.

The earlier in life the policy is taken the less will be the cost to you of the annual premium. Let us quote you rates! These we will furnish for pensions falling due at different ages if you will write giving date of birth.

Send for folder entitled "The Guaranteed Pension Policy".
