

M. WILSON & CO.,
Hamilton, Ont.,

Manufacturers of all kinds of

HAY TOOLS

Foust's Patent Hay Loader, Anderson's Patent Rake Attachment, Grand Rapids Hay Tedder, Wisconsin Dead Lock Hay Carrier and Fork.

The above mentioned implements are the most popular Haying Tools in the market. Send for descriptions and prices. Good, responsible agents wanted.

"RIVERSIDE," Woodburn, Oct. 28th, 1888
Messrs. M. Wilson & Co., Hamilton.

Dear Sirs:—We used your Hay Loader during the entire season while haying lasted, and were well pleased with it—so much so that the work hands were unwilling to draw in hay without using it, even in limited quantities. There is no surer evidence that an implement does its work well than to find the work hands anxious to use it. We consider it a great saving in time and work when hay is loaded in this way. By cutting but a limited portion at once, and using the Tedder and Hay Loader judiciously, hay can be fairly well saved almost any season. We would not think of doing without either of those implements in future.

Yours, etc.,

THOMAS SHAW,

Prof. of Agriculture, Agricultural College, Guelph.
